Philosophy as a Way of Life James M. Ambury, Tushar Irani, Kathleen Wallace, 2020-10-14 In the ancient world philosophy was understood to be a practical guide for living or even itself a way of life This volume of essays brings historical views about philosophy as a way of life coupled with their modern equivalents more prevalently into the domain of the contemporary scholarly world Illustrates how the articulation of philosophy as a way of life and its pedagogical implementation advances the love of wisdom Questions how we might convey the love of wisdom as not only a body of dogmatic principles and axiomatic truths but also a lived exercise that can be practiced Offers a collection of essays on an emerging field of philosophical research Essential reading for academics researchers and scholars of philosophy moral philosophy and pedagogy also business and professional people who have an interest in expanding their horizons Italy in the Seventeenth Century Domenico Sella, 2014-06-17 In his comprehensive overview of 17th century Italy Professor Sella challenges the old view that Italy was in general decline instead he shows it to have been a time of sharp contrasts and shifts in fortune He starts with a balanced and critical analysis of political developments placing the Italian states in their wider European context before assessing the state of the economy He then looks in depth at society religion and culture and science and in particular reassesses the influence of the Counter Reformation on Italian life His book ends with an engrossing account of the life and work of Galileo as well as an overview of the important and often neglected contributions made by other scientists in the later part of the century This rich and balanced volume is an ideal introduction to early modern Italy and provides a critical revaluation of a much misunderstood period in the country's history Latin Rhetoric and Education in the Middle Ages and Renaissance James J. Murphy, 2023-07-21 The essays in this volume deal with the history of rhetoric and education for the thousand years from the early Middle Ages to the European Renaissance They represent the author's pioneering efforts over four decades to piece together a kind of mosaic which will provide elements necessary to construct a history of that thousand years of language activity Some essays deal with individual writers like Giles of Rome Peter Ramus Gulielmus Traversanus or Antonio Nebrija some focus on the influence of Cicero and Quintilian and other ancient sources The essays dealing specifically with education open up different inquiries into the ways language use was promoted and by whom Others explore the relations between Latin rhetoric and medieval English literature and finally several deal with the impact of printing a subject still not completely understood **Two Renaissance Book Hunters** Poggio Bracciolini, Niccolò Niccoli, Phyllis Walter Goodhart Gordan, 1991 A reissue of the 1974 Columbia U Press edition of the letters of Florentine humanist Poggio 1380 1459 to his friend de Niccolis regarding the rediscovery of lost classical texts Translated from the Latin with notes by Phyllis Walter Goodhart Gordon Annotation copyright Book News Inc Portla *The God That Did Not Fail* Robert Royal, 2010 Secular humanists and other progressives have been predicting the

demise of religion for the past 250 years But they keep running into a problem those who were supposed to be liberated by the secular gospel that God is Dead aren't buying it Except for some parts of western Europe and in countries culturally destroyed by Communism secularization in the radical sense has not occurred While it has not obliterated the religious impulse however the drive towards progressive irreligion has Robert Royal believes encouraged ignorance of religion's central role in the development of the West In *The God That Did Not Fail* Royal offers an original reading of religion in ancient Greece and Rome of Christianity and Judaism the Middle Ages the Renaissance and Reformation the several modern Enlightenments culminating with a profound assessment of our current postmodern moment He concludes that since religion is a permanent part of human nature and of the particular character of the West our efforts should be directed not into a quixotic effort to deny the undeniable especially as we face challenges from Islamic fundamentalism but into promoting a well thought out and dynamic interplay of faith reason and modern freedoms *Renaissance Humanism, Volume 1* Albert Rabil, Jr., 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas *The Renaissance* John Jeffries Martin, 2003 The Renaissance paradigm in crisis Politics language and power Individualism identity and gender Art science and humanism Religion tradition and innovation **The Perfect Genre. Drama and Painting in Renaissance Italy** Kristin Phillips-Court, 2016-12-05 Proposing an original and important re-conceptualization of Italian Renaissance drama Kristin Phillips Court here explores how the intertextuality of major works of Italian dramatic literature is not only poetic but also figurative She argues that not only did the painterly gaze so prevalent in fifteenth and sixteenth century devotional art portraiture and visual allegory inform humanistic theories practices and themes it also led prominent Italian intellectuals to write visually evocative works of dramatic literature whose topical plots and structures provide only a fraction of their cultural significance Through a combination of interpretive literary criticism art historical analysis and cultural and intellectual historiography Phillips Court offers detailed readings of individual plays juxtaposed with specific developments and achievements in the realm of painting Revealing more than historical connections between artists and poets such as Tasso and Giorgione Mantegna and Trissino Michelangelo and Caravaggio or Bruno and Caravaggio the author locates the history of Renaissance art and drama securely within the history of ideas She provides us with a story about the emergence and eventual disintegration of Italian Renaissance drama as a rigorously philosophical and empirical form Considering rhetorical philosophical ethical religious political ideological and aesthetic dimensions of each of the plays she treats Kristin Phillips Court draws our attention to the intermedial conversation between the theater and painting in a culture famously dominated by art Her integrated analysis of visual and dramatic works brings to light how the lines and verses of the text reveal an ongoing dialogue with visual art that was far richer and more

intellectually engaged than we might reconstruct from stage diagrams and painted backdrops Studies in Renaissance Thought and Letters, vol. IV , **Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies
