The Eighteen Nineties Holbrook Jackson, 2010-10 First published in 1913 Holbrook Jackson's *The Eighteen Nineties* is without doubt the authoritative work on the raffish scandalous and tempestuous Yellow Nineties of Beardsley Wilde Beerbohm and the rest An exceptional prose stylist Jackson reviews the awakening of the 1890s before the Great War The realisation of new possibilities and the intent to live life more fully and intensely aroused quite new passions and enthusiasm He interprets the decade in terms of personalities arguing that the period has quite a distinct character It is an extraordinarily self contained and rich period in the arts and besides individual works of art its relics are certain moods attitudes fantastic anticipations Jackson synthesises the various movements and relates them to one another to their foreign influences and to the main trends of British national art and life **Library of Congress Subject Headings** Library of Congress, Library of Congress. **Scents and Sensibility** Catherine Maxwell, 2017-10-11 This lively accessible book is the first to explore Victorian literature through scent and perfume presenting an extensive range of well known and unfamiliar texts in intriguing and imaginative new ways that make us re think literature's relation with the senses Concentrating on aesthetic and decadent authors *Scents and Sensibility* introduces a rich selection of poems essays and fiction exploring these texts with reference to both the little known cultural history of perfume use and the appreciation of natural fragrance in Victorian Britain It shows how scent and perfume are used to convey not merely moods and atmospheres but the nuances of the aesthete or decadent's carefully cultivated identity personality or sensibility A key theme is the emergence of the olfactif the cultivated individual
