Ein Flugzeug Ueber Dem Haus Und Andere Geschichten:

After the Nazis Michael H. Kater, 2023-01-01 A wide ranging insightful history of culture in West Germany from literature film and music to theater and the visual arts After World War II a mood of despair and impotence pervaded the arts in West Germany The culture and institutions of the Third Reich were abruptly dismissed yet there was no immediate return to the Weimar period s progressive ideals In this moment of cultural stasis how could West Germany s artists free themselves from their experiences of Nazism Moving from 1945 to reunification Michael H Kater explores West German culture as it emerged from the darkness of the Third Reich Examining periods of denial and complacency as well as attempts to reckon with the past he shows how all postwar culture was touched by the vestiges of National Socialism From the literature of G nter Grass to the happenings of Joseph Beuys and Karlheinz Stockhausen s innovations in electronic music Kater shows how it was only through the reinvigoration of the cultural scene that West Germany could contend with its past and eventually allow democracy to reemerge *The German Novel and the Affluent Society* Richard Hinton Thomas, Wilfried van der Will, 1968

Seelenarbeit an Deutschland , 2016-08-09 The last decade has undoubtedly been the most controversial in the long literary career of Martin Walser This volume presents a review of this career going far beyond short lived arguments to present an insightful overview of much of his work It considers not only major aspects of his writing covering both his literary beginnings and the most recent works but also different previously neglected features of his persona and his writing namely his activity as a university teacher and his art criticism In addition fruitful comparisons are made with other writers such as Proust Grass and Uwe Johnson At the same time recent controversies are also considered with major attention being paid to Walser s public speeches and those works of fiction which have been seen by some as demanding the end of German self recriminations over the Nazi past This volume is unique in that much space is devoted to both sides of the argument It will provide stimulating reading to all those interested in Germany and German literature **Victims and Perpetrators:**

Zeitungen und mit ständig wachsender Popularität im Fernsehen mit seinem legendären Literarischen Quartett. Nach seiner 2014 erschienenen Geschichte der deutschen Literatur seit dem Mittelalter konzentriert sich dieser Band ganz auf jene Zeit, die für ihn wie für sein Publikum die Gegenwart war: auf die deutsche Literatur seit 1945. Das von Thomas Anz herausgegebene Buch ist eine erstmals zusammengestellte Auswahl der wichtigsten und besten Veröffentlichungen Reich Ranickis zur Gegenwartsliteratur seiner Entdeckungen und Provokationen, Lobreden und Verrisse, Beiträge zu Debatten und rückblickenden Bilanzen. Der Band vermittelt damit ein Bild der Literatur seit 1945, das anschaulicher und lebendiger kaum sein kann. Und er zeigt erneut, ohne Marcel Reich Ranicki wäre das literarische Leben der vergangenen Jahrzehnte sehr viel ärmer gewesen und erheblich langweiliger. In the courtroom and the classroom in popular media, public policy and scholarly pursuits, the Holocaust's origins, its nature, and its implications remain very much a matter of interest, debate, and controversy. Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical, social, and moral lessons, this volume offers a richly varied, deeply informed perspective on the practice, interpretation, and direction of Holocaust research now and in the future. In their essays, the authors, an international group including eminent senior scholars as well as those who represent the future of the field, set the agenda for Holocaust studies in the coming years, even as

they give readers the means for understanding today's news and views of the Holocaust whether in court cases involving victims and perpetrators international national and corporate developments or fictional documentary and historical accounts Several of the essays such as one on nonarmed *amidah* or resistance and others on the role of gender in the behavior of perpetrators and victims provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies Others for instance the rounding up of Jews in Italy Nazi food policy in Eastern Europe and Nazi anti Jewish scholarship emphasize the importance of new sources for reconstructing the historical record Still others including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt bring a new depth and sophistication to highly charged sharply politicized topics Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding Publisher's description
