EDWARD THE ELDER

899-924

Edward The Elder 899 924

Nicole Marafioti

Edward The Elder 899 924:

Edward the Elder, 899-924 N. J. Higham, David Hill, 2001 By drawing upon sources as diverse as literature and archaeology this book brings together a rich variety of scholarship to offer a new insight into the world of Edward the Elder son and successor of King Alfred Edward the Elder, 899-924 N. J. Higham, David Hill, 2001 The Royal Women Who Made England M J Porter, 2024-04-18 Read all about the royal women who were powerful in their own right as well as through their husbands sons and grandsons Throughout the tenth century England as it would be recognized today formed No longer many Saxon kingdoms but rather just England Yet this development masks much in the century in which the Viking raiders were seemingly driven from England's shores by Alfred his children and grandchildren only to return during the reign of his great great grandson the much maligned thelred II Not one but two kings would be murdered others would die at a young age and a child would be named king on four occasions Two kings would never marry and a third would be forcefully divorced from his wife Yet the development towards England did not stop At no point did it truly fracture back into its constituent parts Who then ensured this stability To whom did the witan turn when kings died and children were raised to the kingship The royal woman of the House of Wessex came into prominence during the century perhaps the most well known being thelfl d daughter of King Alfred Perhaps the most maligned being lfthryth Elfrida accused of murdering her stepson to clear the path to the kingdom for her son thelred II but there were many more women rich and powerful in their own right where their names and landholdings can be traced in the scant historical record Using contemporary source material The Royal Women Who Made England can be plucked from the obscurity that has seen their names and deeds lost even within a generation of their own lives **Aethelstan** Sarah Foot, 2011-07-12 The powerful and innovative King Athelstan reigned only briefly 924 939 yet his achievements during those eventful 15 years changed the course of English history In this biography Sarah Foot offers the first full account of the king ever written *Writing, Kingship, and Power in Anglo-Saxon England* Rory Naismith, David A. Woodman, 2018 This book brings together new research that represents current scholarship on the nexus between authority and written sources from Anglo Saxon England Ranging from the seventh to the eleventh century the chapters in this volume offer fresh approaches to a wide range of linguistic historical legal diplomatic and palaeographical evidence Symbolic Reproduction in Early Medieval England Katharine Sykes, 2024-07-12 In the early Middle Ages the conversion of the early English kingdoms acted as a catalyst for significant social and cultural change One of the most visible of these changes was the introduction of a new type of household the monastic household These reproduced through education and training rather than biological means their inhabitants practised celibacy as a lifelong state rather than as a stage in the life course Because monastic households depended on secular households to produce the next generation of recruits previous studies have tended to view them as more mutable than their secular counterparts which are implicitly regarded as natural and ahistorical Katharine Sykes charts some of the

significant changes to the structure of households between the seventh to eleventh centuries as ideas of spiritual non biological reproduction first fostered in monastic households were adopted in royal households in the tenth and eleventh centuries and as ideas about kinship that were generated in secular households such as the relationship between genealogy and inheritance were picked up and applied by their monastic counterparts In place of binary divisions between secular and monastic biological and spiritual real and imagined Sykes demonstrates that different forms of kinship and reproduction in this period were intimately linked **Kingship and Consent in Anglo-Saxon England, 871-978** Levi Roach,2013-10-17

This engaging study focuses on the role of assemblies in later Anglo Saxon politics challenging and nuancing existing models of the late Anglo Saxon state Its ten chapters investigate both traditional constitutional aspects of assemblies who attended these events where and when they met and what business they conducted and the symbolic and representational nature of these gatherings Levi Roach takes into account important recent work on continental rulership and argues that assemblies were not a check on kingship in these years but rather an essential feature of it In particular the author highlights the role of symbolic communication at assemblies arguing that ritual and demonstration were as important in English politics as they were elsewhere in Europe Far from being exceptional the methods of rulership employed by English kings look very much like those witnessed elsewhere on the continent where assemblies and ritual formed an essential part of the political order

Royal and Elite Households in Medieval and Early Modern Europe ,2018-03-12 In this volume the authors bring fresh approaches to the subject of royal and noble households in medieval and early modern Europe The essays focus on the people of the highest social rank the nuclear and extended royal family their household attendants noblemen and noblewomen as courtiers and physicians Themes include financial and administrative management itinerant households the household of an imprisoned noblewoman blended households and cultural influence The essays are grounded in sources such as records of court ceremonial economic records letters legal records wills and inventories The authors employ a variety of methods including prosopography economic history visual analysis network analysis and gift exchange and the collection is engaged with current political sociological anthropological gender and feminist theories The Middle Ages Tom

Streissguth,2009-06-24 This encyclopedia provides an abundance of information on the Middle Ages The Middle Ages began with the fall of the western Roman Empire in the fifth century and ended with the fifteenth century Renaissance Readers will learn about important religious political social and cultural transformations Entries cover people events and philosophies of the medieval age *Early Medieval Winchester* Ryan Lavelle,Simon Roffey,Katherine Weikert,2021-10-13 Winchester s

identity as a royal centre became well established between the ninth and twelfth centuries closely tied to the significance of the religious communities who lived within and without the city walls The reach of power of Winchester was felt throughout England and into the Continent through the relationships of the bishops the power fluctuations of the Norman period the pursuit of arts and history writing the reach of the city s saints and more The essays contained in this volume present early

medieval Winchester not as a city alone but a city emmeshed in wider political social and cultural movements and in many cases providing examples of authority and power that are representative of early medieval England as a whole **Wills and Will-making in Anglo-Saxon England** Linda Tollerton, 2011 A study of the implications and practices of wills and will making in Anglo Saxon society and of the varieties of inheritance strategies and commemorative arrangements adopted A remarkable series of Anglo Saxon wills have survived spanning the period from the beginning of the ninth century to the years immediately following the Norman Conquest Written in Old English they reflect the significance of the vernacular not only in royal administration during this period but in the recording of a range of individual transactions They show wealthy laymen and women and clerics from kings and bishops to those of thegnly status disposing of land and chattels and recognising ties of kinship friendship lordship and service through their bequests and whilst land is of prime importance the mention in some wills of such valuable items as tableware furnishings clothing jewellery and weapons provides an insight into lifestyle at the time Despite their importance no study has hitherto been specifically devoted to Anglo Saxon wills in their social and historical context a gap which this book aims to fill While the wills themselves can be vague and allusive by establishing patterns of bequeathing and by drawing on other resources the author sheds light on the factors which influenced men and women in making appropriate provision for their property Linda Tollerton gained her PhD from the University of York Pre-Conquest History and Its Medieval Reception Dr Matthew Firth, 2025-01-14 Offers insights into the political social and cultural interests that informed the shaping of England's pre Conquest history The Norman Conquest brought about great change in England new customs a new language and new political and ecclesiastical hierarchies It also saw the emergence of an Anglo Norman intellectual culture with an innate curiosity in the past For the pre eminent twelfth century English historians such as Eadmer of Canterbury William of Malmesbury and Henry of Huntingdon the pre Conquest past was of abiding interest While they recognised the disruptions of the Conquest this was accompanied by an awareness that it was but one part of a longer story stretching back to sub Roman Britain This concept of a continuum of English history that traversed the events of 1066 would prove enduring being transmitted into and by the works of successive generations of medieval English historians This collection sheds new light on the perceptions and uses of the pre Conquest past in post Conquest historiography drawing on a variety of approaches from historical and literary studies to codicology historiography memory theory and life writing Its essays are arranged around two main interlinked themes post Conquest historiographical practice and how identities institutional regional and personal could be constructed in reference to this past Alongside their analyses of the works of Eadmer William and Henry contributors offer engaging studies of the works of such authors as Aelred of Rievaulx Orderic Vitalis Gervase of Canterbury John of Worcester Richard of Devizes and Walter Map as well as numerous anonymous hagiographies and histories **Æthelflæd** Tim Clarkson, 2019-09-05 The true story of the Lady of the Mercians At the end of the ninth century AD a large part of what is now England was controlled by the Vikings heathen

warriors from Scandinavia who had been attacking the British Isles for more than a hundred years Alfred the Great king of Wessex was determined to regain the conquered lands but his death in 899 meant that the task passed to his son Edward In the early 900s Edward led a great fightback against the Viking armies He was assisted by the English rulers of Mercia Lord thelred and his wife thelfl d Edward s sister After her husband s death thelfl d ruled Mercia on her own leading the army to war and working with her brother to achieve their father s aims Known to history as the Lady of the Mercians she earned a reputation as a competent general and was feared by her enemies She helped to save England from the Vikings and is one of the most famous women of the Dark Ages This book published 1100 years after her death tells her remarkable story

Routledge Revivals: Medieval England (1998) Paul E. Szarmach,M. Teresa Tavormina,Joel T. Rosenthal,2017-07-05 First published in 1998 this valuable reference work offers concise expert answers to questions on all aspects of life and culture in Medieval England including art architecture law literature kings women music commerce technology warfare and religion This wide ranging text encompasses English social cultural and political life from the Anglo Saxon invasions in the fifth century to the turn of the sixteenth century as well as its ties to the Celtic world of Wales Scotland and Ireland the French and Anglo Norman world of the Continent and the Viking and Scandinavian world of the North Sea A range of topics are discussed from Sedulius to Skelton from Wulfstan of York to Reginald Pecock from Pictish art to Gothic sculpture and from the Vikings to the Black Death A subject and name index makes it easy to locate information and bibliographies direct users to essential primary and secondary sources as well as key scholarship With more than 700 entries by over 300 international scholars this work provides a detailed portrait of the English Middle Ages and will be of great value to students and scholars studying Medieval history in England and Europe as well as non specialist readers *Feminist Approaches to Early*

Medieval English Studies Robin Norris,Rebecca Stephenson,Renee Trilling,2025-10-01 Scholarship on early medieval England has seen an exponential increase in scholarly work by and about women over the past twenty years but the field has remained peculiarly resistant to the transformative potential of feminist critique Since 2016 Medieval Studies has been rocked by conversations about the state of the field shifting from MeToo to WhiteFeminism to the purposeful rethinking of the label Anglo Saxonist This volume takes a step toward decentering the traditional scholarly conversation with thirteen new essays by American Canadian European and UK professors along with independent scholars and early career researchers from a range of disciplinary perspectives Topics range from virginity women s literacy and medical discourse to affect medievalism and masculinity The theoretical and political commitments of this volume comprise one strand of a multivalent effort to rethink the parameters of the discipline and to create a scholarly community that is innovative inclusive and diverse *Great Britain* Richard S. Tompson,2014-05-14 An A Z reference guide to significant people ideas places and events in British history

Norman to Early Plantagenet Consorts Aidan Norrie,Carolyn Harris,J.L. Laynesmith,Danna R. Messer,Elena Woodacre,2023-05-16 This book examines the emergence of the queen consort in medieval England

beginning with the pre Conquest era and ending with death of Margaret of France second wife of Edward I in 1307 Though many of the figures in this volumes are well known such as Eleanor of Aquitaine and Eleanor of Castille the chapters here are unique in the equal consideration given to the tenures of the lesser known consorts including Adeliza of Louvain second wife of Henry I Margaret of France wife of Henry the Young King and even Isabella of Gloucester the first wife of King John These innovative and thematic biographies highlight the evolution of the office of the queen and the visible roles that consorts played which were integral to the creation of the identity of early English monarchy This volume and its companions reveal the changing nature of English consortship from the Norman Conquest to today **The King's Body** Nicole

Marafioti,2014-03-21 The King s Body investigates the role of royal bodies funerals and graves in English succession debates from the death of Alfred the Great in 899 through the Norman Conquest in 1066 Using contemporary texts and archaeological evidence Nicole Marafioti reconstructs the political activity that accompanied kings burials to demonstrate that royal bodies were potent political objects which could be used to provide legitimacy to the next generation In most cases new rulers celebrated their predecessor s memory and honored his corpse to emphasize continuity and strengthen their claims to the throne Those who rose by conquest or regicide in contrast often desecrated the bodies of deposed royalty or relegated them to anonymous graves in attempts to brand their predecessors as tyrants unworthy of ruling a Christian nation By delegitimizing the previous ruler they justified their own accession At a time when hereditary succession was not guaranteed and few accessions went unchallenged the king s body was a commodity that royal candidates fought to control

An Easy Guide To British History Joan Green,2011-03-16 A history of the remarkable events that have made the British race and culture over the past 15 000 years The only consecutive history of Britain in print Easy reading and thought provoking for the student history lover and general reader Monarchs, Murders and Mistresses David Hilliam,2011-08-26 Which ill prepared monarch was on the English throne at the turn of the last millenium How many English monarchs have been crowned on St George s Day When how and why did England lose eleven days Monarchs Murders Mistresses answers these questions and many more presenting a royal event for each day of the calendar year in vivid detail with close ups of the personalities involved The book reveals the recurring occupational difficulties faced by the royal family over the centuries as Shakespeare s Henry VI so memorably concludes Uneasy lies the head that wears a crown Today the royal family is plagued by the press but even 300 years ago Charles II felt the need to apologise to a crowd of onlookers for taking so long to die this book contains topics ranging from the death of William III who was killed by a mole to the beheading of Mary Queen of Scots These and over 400 other tales of royal days bring alive the drama of what it was and is to be a king or a queen

Edward The Elder 899 924 Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Edward The Elder 899 924**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
