Effective Decision Making:

Effective Decision Making Jeremy Kourdi, 2011 Decisions and problems can often leave people with a dilemma knowing that a decision is required but uncertain how to ensure that it is the best one and that it will be successfully executed The paradox is that the very pressure for a decision often breeds indecisiveness Think on Your Feet addresses this fundamental problem enabling you to find the best solutions and options avoid pitfalls managerisk work with people to ensure that decisions succeed and understand how you can improve the way you typically operate when making decisions Business Strategy The Economist, Jeremy Kourdi, 2015-05-26 The effectiveness of a good strategy well implemented determines a business future success or failure Yet history is full of strategic decisions big and small that were ill conceived poorly organized and consequently disastrous This updated guide looks at the whole process of strategic decision making from vision forecasting and resource allocation through to implementation and innovation Strategy is about understanding where you are now where you are heading and how you will get there There is no room for timidity or confusion Although the CEO and the board decide a company's overall direction it is the managers at all levels of the organization who will determine how the vision can be transformed into action In short everyone is involved in strategy But getting it right involves difficult choices which customers to target what products to offer and the best way to keep costs low and service high And constantly changing business conditions inevitably bring risks Even after business strategy has been developed a company must remain nimble and alert to change and view strategy as an ongoing and evolving process The message of this guide is simple strategy matters and getting it right is fundamental to business success **Decisions, Decisions** David A. Welch, 2009-12-02 You're tempted to accept a promising job offer in another city but moving would entail considerable sacrifice on the part of your family What should you do Your elderly mother can no longer take care of herself but she doesn't get along with your husband and dreads the prospect of moving into a nursing home What is the solution Whether you are faced with decisions momentous or trivial how you go about resolving everyday dilemmas will definitely affect your level of satisfaction in life In this engrossing and entertaining guide David Welch who has studied the decision making process at the highest levels shows how both the science and the art of decision making are essential to us all Welch lays out nine steps to effective decision making and then demonstrates how to apply these steps to real world situations He gives readers the intellectual tools to assess their strengths and weaknesses and stresses that self knowledge is critical for making the right decisions This enjoyable clearly written guide will enable decision makers at every level to find the best possible solution for dilemmas both big and small *Effective Decision Making* Helga Drummond, 1991 **Effective Decision Making** Helga Drummond, 1996 All management activities involve decision making of one kind or another which is by no means a straightforward process Many decisions rely on assimilating a considerable mass of data which may take some time to collect the decision has to be communicated and has probably itself been the result of collaboration and it has to be followed

through Moreover the manager generally is not in the privileged position of having the time sound advice or peace of mind conducive to decision making let alone within an unchanging context in the workplace *Effective Decision Making* John Adair,2009-07-01 Few managers devote enough attention to the thinking processes they should apply to their jobs Yet long energetic hours at work are wasted if business decisions are not logical clear and correct *Effective Decision Making* is the definitive guide to the crucial managerial skill of creative thinking In this classic book John Adair Britain s foremost expert on leadership training tells you everything you need to know to enable you to analyse your own thought processes think outside the box and know when to turn to others to help you make your decisions *Effective Decision Making* ,1969 Effective Decision Making Helga Drummond,1993 *Effective Decision-Making* Edoardo Binda Zane,2016-04-28 The aim of this book is to quickly empower you to make better decisions by giving you step by step explanations of the best techniques We always make decisions under uncertainty and pressure especially in business We need faster and better decisions to cope but we don t have the time to learn how to make them well That is where I come in I wrote this book to allow you to make better decisions without spending weeks studying theory and practice THE INTRODUCTION gives you a snapshot of two decision making biases of the worst mistake you can do when making decision and a lesson taken straight from philosophy Decision Biases why your brain isn t always your friend in decisions The Worst Mistake in Decision Making A Lesson From Another Time THE FIRST CHAPTER looks at frameworks of reference meaning how you can apply decision making to achieve your goals for example how and why some decisions are able to automatically give you a competitive advantage The OODA Loop The Recognition Primed Decision Model GROW or the John Whitmore Model The PDSA Cycle CHAPTERS 2 TO 5 look at separate phases of decision making understanding your context understanding the problem generating solutions and selecting one option out of many 2 CONTEXT Contexts can be very different and there is no one size fits all approach which is why this book provides you with five SWOT and PEST TELOS Porter s Five Forces Causal Loops Diagrams 3 PROBLEM ASSESSMENT Before making decisions then you need to work on finding out exactly what you are trying to solve This chapter gives you 5 tools to do so Root Cause Analysis Ishikawa s Diagram and the 5 Whys Technique Pareto Analysis Kipling Method 5W1H CATWOE 4 GENERATING IDEAS In pure decision making little attention is given to this phase as it belongs to a different field creativity This book includes two tools Zwicky s Box SCAMPER 5 WEIGHING ALTERNATIVES This book gives you six tools for this each one with its specificities Weights and Factors the Grid Analysis and the KT Matrix The Paired Comparison Analysis The Quantitative Strategic Planning Matrix The Analytic Hierarchy Process The Eisenhower Matrix CHAPTER 6 AND 7 look at group decisions meaning whether it s a good idea to make decisions in a group and if it is how that group should make decisions 6 DO YOU NEED YOUR TEAM You can either involve your team in decisions or exclude them Often managers are torn between these two options you have three tools to help you though The Vroom Yetton Jago Model The Hoy Tarter Model The Hersey Blanchard Model 7 GROUP TECHNIQUES To be used when making decisions in a

group is necessary The Nominal Group Technique The Delphi Method Hartnett s Consensus Oriented Decision Making Model The Stepladder Technique DeBono s Six Thinking Hats The Charette Procedure RAPID CHAPTERS 8 AND 9 look at decisions in corporate strategy and analyse a decision s consequence 8 CORPORATE STRATEGY These decision tools have all been developed for corporations but they still hold value for smaller businesses The BCG Matrix The Advantage Matrix The GE Matrix Blind Spot Analysis 9 CONSEQUENCES In other words how can I make sure that the decision I made is the best one and will work in my specific situation Unfortunately nobody can answer this Any decision method can only skew the odds of having made the right decision in your favour That said there are a few techniques you can apply Impact Assessment Plus Minus Interesting Decision Trees Cost Benefit Analysis Futures Wheel *The Art of Decision Making* Tim Castle,2020-03-27 Making good decisions quickly is what marks out truly great leaders from the rest of us Decision making is one of the most sought after skills today but most of us have never been taught but one most of us have never been taught Aged 19 I went off piste snowboarding way before I had the skills or experience to do so and very quickly found myself hurtling towards the edge of a cliff face on sheet ice Within minutes I was literally hanging onto a boulder for dear life with my legs dangling over the precipice Every single decision I made over the next few hours was life or death There were no easy choices Each right decision could be undone by a wrong one and I was very aware of how close I was to death the whole time the cold the wind the fading light the fact no one knew where I was the fact I had no food or water on me That day my brain worked overtime to keep me alive What I learned has actually been a enabled me to approach decisions in all areas of my life with ease In addition to sharing my story with you I will also explore 6 of the best decision making models as well as teach you how to maintain the mindset of a master decision maker After reading this book you ll find making good decisions quick and easy and will no longer waste time stressing over them or avoid stepping up to make them *Decision making in 4 steps* Stefano Calicchio,2022-02-20 Why is it so important to understand what drives us to act in everyday life How do we make decisions What thought structures do we follow to determine our choices In this guide you will find a simple clear and comprehensive explanation of what it means to make a decision and how to improve the process of choosing in the face of uncertainty Every day people have to make estimates evaluations and decisions about thousands of possibilities Science has shown that expert decision makers make choices differently from ordinary people This guide takes the reader by the hand and takes them through four step by step passages that highlight the key issues what it means to make a decision and what the main scientific theories on decision making are how cognitive errors and bias work when we make decisions what role emotions play in choice processes what the limits are and how far one can go in this field Learning to make functional and effective choices is a skill that can be learned by anyone but only if they have the right knowledge and put it into practice This guide is accompanied by numerous invitations to self analysis and practical exercises so as to offer the reader a true path of personal development **Effective Decision Making** John Eric Adair,1985 **Effective Decision Making** Minghai
