This groundbreaking first volume of the Series has a number of features that set it apart from other books on this subject. Firstly it focuses on interpersonal humanistic and ecological views and approaches to P MH nursing. Secondly it highlights patient/client centered approaches and mental health service user involvement. Lastly it is a genuinely European P MH nursing textbook, the first of its kind, largely written by mental health scholars from Europe, although it also includes contributions from North America and Australia New Zealand. Focusing on clinical practical issues, theory and empirical findings, it adopts an evidence-based or evidence-informed approach. Each contribution presents the state of the art of P MH nursing in Europe so that it can be transferred to and implemented by P MH nurses and the broader mental health care community around the globe. As such it will be the first genuinely 21st century European Psychiatric Mental Health Nursing book.
