Rachel Sandford

Egypt During The Sadat Years:

Egypt During the Sadat Years Kirk J. Beattie, 2000-12-15 Kirk Beattie presents a fresh look at Egyptian politics during the Sadat presidency Beginning with an examination of the political and economic situation bequeathed by Nasser he describes Sadat s succession to the presidency and his consolidation of power His analysis focuses on Sadat s effort to chart a new political and economic path including the daring October 1973 war liberalization of Egypt s political economy the January 1977 food riots and peace with Israel Simultaneously Beattie highlights the important obstacles presented by intra regime civilian and foreign opponents to Sadat s various political and economic development strategies explaining the factors that led to Sadat s assassination Based on hundred of interviews with key actors representing diverse political viewpoints this book provides insight into government and opposition behavior during Sadat s presidency *The History of Egypt* Glenn E. Perry, 2015-12-01 Providing a valuable resource for readers seeking information on all periods of Egyptian history this book covers Egypt starting from ancient times and continuing through the medieval Islamic period to focus on the events of the last 100 years including the aborted revolution of 2011 Egypt has experienced tumultuous events in recent years especially starting with the uprisings and revolution of 2011 This second edition of *The History of Egypt* not only provides readers with in depth information on events of the last decade such as the Arab Spring the removal of Hosni Mubarak from office and the protests against Mohamed Morsi s presidency but also provides key background with chapters addressing previous periods of the country s history starting from pre Islamic times to pharaonic to Byzantine The volume offers an objective history of Egypt that is uniquely appropriate for a high school audience This expanded and extensively updated second edition provides new content and media photographs that help bring recent events to life for readers without previous knowledge about the topic It also includes coverage of important events in long ago Egyptian history that lends valuable perspective to events in the 21st century such the nation s transformation into a Muslim and Arab country and Egypt s post 1778 imperialism and modernization through World War I Democracy under God Dawood Ahmed, Muhammad Zubair Abbasi, 2023-03-02 State recognition of Islam in Muslim countries invites fierce debate from scholars and politicians alike some of whom assume an inherent conflict between Islam and liberal democracy Analyzing case studies and empirical data from several Muslim majority countries Ahmed and Abbasi find counterintuitively that in many Muslim countries constitutional recognition of Islam often occurs during moments of democratization Indeed the insertion of Islam in a constitution is frequently accompanied by an expansion not a reduction in constitutional human rights with case law from higher courts in Egypt and Pakistan demonstrating that potential tensions between the constitutional pursuit of human rights liberal democracy and Islam are capable of judicial resolution The authors also argue that colonial history was pivotal in determining whether a country adopted the constitutional path of Islam or secularism partly explaining why Islam in constitutional politics survived and became more prevalent in Muslim countries that were colonized by the British and not those colonized by the French or

Soviets **A Brief History of Egypt** Arthur Goldschmidt, 2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present The Egyptian Intelligence Service Owen L. Sirrs, 2010-02-25 This book analyzes how the Egyptian intelligence community has adapted to shifting national security threats since its inception 100 years ago Starting in 1910 when the modern Egyptian intelligence system was created to deal with militant nationalists and Islamists the book shows how the security services were subsequently reorganized augmented and centralized to meet an increasingly sophisticated array of challenges including fascism communism army unrest Israel France the United Kingdom conservative Arab states the Muslim Brotherhood and others The book argues that studying Egypt's intelligence community is integral to our understanding of that country's modern history regime stability and human rights record Intelligence studies have been described as the missing dimension of international relations It is clear that intelligence agencies are pivotal to understanding the nature of many Arab regimes and their decision making processes and there is no published history of modern Egyptian intelligence in either a European language or in Arabic though Egypt has the largest and arguably most effective intelligence community in the Arab world This book will fill a clear gap in the intelligence literature and will be of much interest to students of intelligence studies Middle Eastern politics international security and IR in general *The Struggle for Egypt* Steven A. Cook, 2013-03-21 A half century ago Egypt under Nasser became the putative leader of the Arab world and a beacon for developing nations Yet in the decades prior to the 2011 revolution it was ruled over by a sclerotic regime plagued by nepotism and corruption During that time its economy declined into near shambles a severely overpopulated Cairo fell into disrepair and it produced scores of violent Islamic extremists In The struggle for Egypt now with a new epilogue on the post Mubarak era noted regional specialist Steven A Cook provides a sweeping and incisive account of how this parlous state of affairs came to be why the revolution occurred and where Egypt might be headed next From p 4 of cover **Egyptians in Revolt** Adel Ghafar, 2016-10-04 Egyptians in Revolt investigates the political economy of the Egyptian labor and student movements Using elements of social movement theory within a broad political economy framework it assesses labor and student mobilizations in four eras of contemporary Egyptian history the pre 1952 era the Nasser era the Sadat era and the Mubarak era Egyptians in Revolt examines how both student and labor groups responded to the political economy pressures of the respective eras Within the context of social movement theory the book argues that political opportunities and threats have had a significant impact on both student and labor mobilizations In addition the book explores how the movements have at times been able to affect government policies However the argument is made that the inability of both groups to sustain momentum in the long term is due to cooptation efforts by established political forces and the absence of viable and enduring organizational structures that are autonomous of state control By combining analysis to include both labor and student movements Egyptians in Revolt is a valuable resource for understanding the Egyptian political economy and its impact on mobilizations It will therefore be of interest to students and

scholars of Middle East Studies as well as those interested in social movement more broadly

Arab-Israeli Dispute, 1969-1972 United States. Department of State, 2016 The Foreign Relations of the United States series presents the official documentary historical record of major U S foreign policy decisions and significant diplomatic activity The series which is produced by the State Department s Office of the Historian began in 1861 and now comprises more than 350 individual volumes The volumes published over the last two decades increasingly contain declassified records from all the foreign affairs agencies

Modern Egypt Bruce K. Rutherford, Jeannie Sowers, 2018-09-12 This book introduces non specialists to Egypt a pivotal country in the Middle East whose future is critical to the region s stability and prosperity It addresses the key events and themes needed to understand this fascinating country including history geography religion economy society foreign policy and the 2011 uprising

State, Memory, and Egypt's Victory in the 1973 War Mustafa Menshawy, 2017-04-04 This book explores and problematises the war discourse regarding Egypt s victory in the 1973 War It traces the process through which this discourse was constructed and reconstructed by the state throughout the periods of President Anwar Sadat his successor Hosni Mubarak and afterwards It uses Critical Discourse Analysis to combine analysis of texts commemorating the war with a study of the socio political milieu related to personal authoritarianism and the state s intricate relations with the army the press and Islamists

Egypt Mona L. Russell Ph.D., 2013-01-11 This handbook provides an overview of the society culture geography history and politics of contemporary Egypt While such historic monuments as the pyramids at Giza the Karnak Temple and the Valley of the Kings draw visitors to Egypt each year the country is today a large and varied collection of some 79 million people An important political and cultural force in the Middle East and home to one of Africa s most advanced economies Egypt is rapidly becoming a major player in the 21st century world This comprehensive text examines all facets of life in Egypt including its land history politics and culture It is written in a manner that makes the subject accessible and engaging for readers with little prior knowledge about the country but also provides a critical analysis of the latest research for students and scholars familiar with Egypt and its people Special attention is given to the historical period following the rise of Islam to enable a greater understanding of Egypt s contemporary government religious practices popular culture and current events

Egypt After Mubarak Bruce K. Rutherford, 2013-02-24 Egypt after Mubarak demonstrates that both secular and Islamist opponents of the regime are navigating a middle path that may result in a uniquely Islamic form of liberalism and perhaps democracy Essential reading on a subject of global importance Egypt after Mubarak draws upon in depth interviews with Egyptian judges lawyers Islamic activists politicians and businesspeople It also utilizes major court rulings political documents of the Muslim Brotherhood and the writings of Egypt s leading contemporary Islamic thinkers

BOOK JACKET *Imagining the Perfect Society in Muslim Brotherhood Journals* Kiki M. Santing, 2020-08-24 The investigation of the Egyptian Muslim Brotherhood during the presidencies of Anwar Sadat and the early years of Hosni Mubarak is based on the movement s main journals al Da wa and Liw al Isl m presenting its history

during two relevant periods 1976 1981 1987 1988 These journals show that contrary to the focus in modern research e a sharia laws gender relations or ideas of democracy the Brotherhood is a much more broadly oriented social political opposition movement taking Islam as its guideline The movement s own versatile discourse discusses all aspects of daily and spiritual life An important adage of the Brotherhood is Islam as a ni m k mil wa sh mil a perfect and all encompassing system Faith should play a role in every aspect of daily life from cooking dinner and housekeeping to education holidays enemy images legislation and watching television Islam is everything and everything is Islam In its journals the Brotherhood provided its unique reflection of the spirit of the age The movement presented itself as a highly reactive group that responded to current events and positioned itself as a moral religious and political opposition to the Egyptian regime

The Individual and the Authority Figure in Egyptian Prose Literature Yona Sheffer, 2018-05-15 The Individual and the Authority Figure in Egyptian Prose Literature explores and analyses political conflicts between individuals and authority figures as those conflicts are depicted in thirteen Egyptian novels written from 1957 to the last years of Mubarak s presidency The book discusses the various reasons that lead an individual or a group of people from all strata of society common people intellectuals and public figures to confront policemen senior security officials and even the heads of the state It further examines how the conflicts develop and what their outcomes are in the short term as well as in the long term for both the individuals and the authority figures In this context the volume also examines the possibility of standing against an oppressive regime and even overcoming it This text argues that while the authority figure initially subdues individuals who confront them their victory is short term In the long term their cruelties bring about sown deaths either by the individuals themselves or by their relatives Furthermore large assemblies of people can confront the regime with success These discoveries along with other findings presented in the book remain relevant to the reality in the Middle East and the events leading to the Arab Spring

Reconstructing the Authoritarian State in Africa George Kieh, Jr., Pita Agbese, 2013-10-01 This work seeks to examine the nature and dynamics of authoritarianism in Africa and to suggest ways in which the states covered in the book can be democratically reconstituted In 1990 a wave of euphoria greeted the third wave of democratization that swept across the African Continent The repression wearied subalterns were hopeful that the third wave would have set into motion the process of democratically reconstituting the authoritarian state on the continent More than two decades thereafter although some progress has been made by and large the authoritarian state remains the dominant construct in the region Even in some of the countries in which democratic transitions have taken place the process of democratic consolidation remains an elusive quest as these states are sandwiched between authoritarianism and democracy Against this background the purpose of this book is to examine the travails of the authoritarian state in Africa including the Herculean task to democratically reconstruct it In order to do this six of Africa s perennial authoritarian states Cameroon the Democratic Republic of the Congo Egypt Liberia Rwanda and Uganda are used as the case studies The book has two major

objectives First the various chapters probe the nature and dynamics of authoritarianism in Africa Second the chapters suggest ways in which the various authoritarian states covered in the book can be democratically reconstituted **The Cold War** Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

Handbook of US-Middle East Relations Robert Looney, 2014-05-22 Divided into three sections the Handbook of US Middle East Relations provides a thorough and up to date overview of contemporary US Middle East relations in historical perspective With chapters contributed by leading experts in the field this Handbook will be of use to academics students and researchers in international relations policy analysts media professionals and government officials Part I Factors Affecting US Relations contains essays including Globalization Energy Security Wars and Revolution Peace Processes US Foreign Aid Policy to the Middle East and US Relations with Islamic Groups in the Middle East Part II Perceptions of US Relations contains essays on how US policies are viewed including The View from the Arab Street The View from Palestine The View from Pakistan and The View from Kurdistan Part III US Relations at the Country Level comprise essays detailing relations between the USA and countries and areas in the Middle East and North Africa including Saudi Arabia Egypt Israel Tunisia Lebanon Iran Iraq Libya Algeria and Bahrain A comprehensive index completes the volume The Limits of Détente Craig Daigle, 2012-01-01 In the first book length analysis of the origins of the October 1973 Arab Israeli War Craig Daigle draws on documents only recently made available to show how the war resulted not only from tension and competing interest between Arabs and Israelis but also from policies adopted in both Washington and Moscow Between 1969 and 1973 the Middle East in general and the Arab Israeli conflict in particular emerged as a crucial Cold War battleground where the limits of detente appeared in sharp relief By prioritizing Cold War detente rather than genuine stability in the Middle East Daigle shows the United States and the Soviet Union fueled regional instability that ultimately undermined the prospects of a lasting peace

agreement Daigle further argues that as detente increased tensions between Arabs and Israelis these tensions in turn negatively affected U S Soviet relations The Encyclopedia of the Arab-Israeli Conflict Spencer C. Tucker,Priscilla Roberts,2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the Arab Israeli conflict The Encyclopedia of the Arab Israeli Conflict A Political Social and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab Israeli relationship from biblical times to the present with an emphasis on the era beginning with World War I The Encyclopedia of the Arab Israeli Conflict goes beyond simply recapping military engagements In four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews exploring all aspects of the conflict The objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern Israel to the building of the Suez Canal from the Six Day War to the Camp David Accords from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat the 2006 Palestinian elections and the Israeli Hezbollah War in Lebanon

Arab World and Western Intelligence Dina Rezk,2017-06-02 Have Western intelligence experts fundamentally failed to understand the dynamics leaders and culture of the Middle East Using the most recently declassified documents interviews and Arabic sources the book examines seminal case studies to explore how the most knowledgeable and powerful intelligence agencies in the world have been so notoriously caught off guard
