and practitioners Agricultural Support Policies in Transition Economies Alberto Valdés, 2000-01-01 Studies of Russia Romania Poland Bulgaria and Turkey **Farm Sector Restructuring in Belarus** Csaba Csáki, Zvi Lerman, Serge Sotnikov, 2000 Agriculture remains the main source of employment and livelihood for the large rural population of many transition countries especially among the former Soviet republics Accordingly the World Bank continuously monitors the progress of land reform and farm restructuring in the region because of the potential impact of these processes on rural development and poverty alleviation in rural areas The present study on Belarus is the latest addition to a long and growing series of World Bank publications on land reform and farm restructuring in the former socialist countries of Europe and Central Asia The unique features of all these publications is their reliance on first hand empirical information collected through extensive farm surveys of various rural constituencies Analysis of survey findings enables the World Bank to base its policy dialogue with governments in the region on solid empirical facts making the Bank's recommendations more credible and relevant The survey findings in this volume will provide a platform for useful policy discussions with this country's government and supply international donors that are active there with essential information to design their strategic programs Food and Agriculture in Bulgaria Csaba Csáki, 2000 Agriculture traditionally played a significant role in the Bulgarian economy Before the present decade Bulgaria was a major exporter of fresh and processed fruits and vegetables within Eastern and Central Europe While the Bulgarian government has progressed rapidly since 1997 the delay in reforms has rendered Bulgarian food products as noncompetitive on the international market Also many important components of the transition are not completed This report reviews the recent history and current state of Bulgarian agriculture and agroindustry It examines the status of the sectoral reforms program including reforms affecting pricing and trade rural finance land markets and agroindustry with emphasis on evaluating its progress toward meeting the criteria for EU accession It highlights the tremendous advances made recently and also suggests an agenda for prioritizing the remaining obstacles This report is intended for agricultural scientists public officials politicians agricultural and agroindustrial leaders economic researchers and others interested in the transformation of agriculture in the transition economies and in issues pertaining to accession of Central and East European candidate countries to the European Union **Managing Critical Infrastructure Risks** Igor Linkov, Richard J. Wenning, Gregory A. Kiker, 2007-09-17 This book offers a state of the science approach to current environmental security threats and infrastructure vulnerabilities It emphasizes beliefs that the convergence of seemingly disparate viewpoints and often uncertain and limited information is possible only by using one or more available risk assessment methodologies and decision making tools such as risk assessment and multi criteria decision analysis MCDA **Urban Air Quality Management** Masami Kojima, Magda Lovei, 2001-01-01 This book details the context within which policy decisions and objectives for the property tax system are made in the transitional economies of Central and Eastern Europe It shows how these policy decisions evolve as a part of the transitional reforms still in process This book offers the

chance to review the experiences of transitional countries in initiating and implementing fiscal instruments during a decade of enormous transformations The research for the case studies included in this book was sponsored by the Lincoln Institute of Land Policy

Municipal Solid Waste Incineration T. Rand,J. Haukohl,U. Marxen,2000-01-01 Ever increasing amounts of solid waste and dwindling space for disposal is a problem reaching crisis level in many of the world s largest urban areas Incineration as an alternative to landfill has come under scrutiny though the capital and operating costs generally exceed those associated with landfill This report provides background information for the Decision maker guide to municipal solid waste MSW incineration Key criteria for a solid waste incineration scheme are identified and the report gives decision makers information on how to investigate and assess the degree to which they are fulfilled

Institutional Environment and Public Officials' Performance in Guyana Ömer Gökçeku?,2001-01-01 This report presents the findings of a survey of public officials in Guyana on a wide range of civil service issues from personnel management practices to rewards and disciplinary action and from budget environment to corruption The objective of the study is to draw conclusions about those institutional weaknesses that should be the immediate target for reform

Kazakhstan John Gray,2000-01-01 The success achieved in stimulating real change in farm ownership control and management in some areas combined with the extremity of the difficulties faced by farms in less favored areas point to the need for an active process of policy reformulation to address the problems which are now emerging from the restructuring process Agriculture in Kazakhstan is in crisis the majority of farms are insolvent and production has fallen to the lowest level in 30 years Initial restructuring efforts yielded disappointing results and mostly failed to lead to new patterns of ownership or management However since 1998 the government has pursued a more aggressive approach to farm restructuring based on increased reliance on farm bankruptcy This report reviews the experience of the farm restructuring policies and programs pursued in 1998 and 1999 and draws conclusions for the continuing development of agricultural sector policies This review forms one of a group of simultaneous agricultural sector studies undertaken by the World Bank at the request of the Government of Kazakhstan Kazakhstan A Review of Farm Restructuring reviews the progress to date in the implementation of the government s reform measures which were begun in late 1998 The report is based on a field mission undertaken in April May 1999 which concentrated primarily on the Northern oblasts and information provided by the staff of the Headquarters of the Ministry of Agriculture in Astana

Historical Dictionary of the World Bank Sarah Tenney,Anne C. Salda,2013-10-30 When it was founded back in 1944 no one could possibly have foreseen how the World Bank known more formally as the International Bank for Reconstruction and Development IBRD would flourish Today with 188 members it is by far the largest lender for projects in agriculture health infrastructure and many other fields in developing countries around the world with a budget of billions of dollars and a staff of more than 9 000 and its advice is usually heeded by both the developing countries which borrow from it and the advanced ones which contribute This second edition of the Historical Dictionary of the World Bank shows the

substantial progress the Bank has made this mainly through the dictionary section with concise entries on its component institutions related organizations its achievements in various fields some of the major projects and member countries and its various presidents The introduction explains how the Bank works while the chronology traces the major events over nearly 70 years Meanwhile the list of acronyms reminds us just who the main players are And the bibliography directs readers to useful internal documentation and outside studies Central and South-Eastern Europe 2003 Europa Publications, 2002 An in depth survey of the region presenting the latest economic and political developments It includes expert comment on issues of regional importance up to date statistics a directory of institutes and companies and political profiles **Cleaner**

Transport Fuels for Cleaner Air in Central Asia and the Caucasus Masami Kojima, 2000 Urban air pollution is a matter of concern in many of the newly independent states of Central Asia and the Caucasus The poor quality of the fuel used by the largely poorly maintained vehicle stock just worsens emissions problems It is estimated that nearly 40 000 people die prematurely and about 100 000 people fall ill every year in the big cities of the region as a result of exposure to excessive air pollution The projections for the next 10 to 15 years are for higher vehicle numbers and increased vehicle use leading to a steady rise of damaging pollutants if current policies regarding fuel specifications and vehicle standards are not addressed quickly This report gives the World Bank's assessment of the problem faced by the countries in the region It puts forward a framework for short and medium term measures for improving fuel quality and vehicle emissions performance

Environmental Problems in East-Central Europe Frank Carter, David Turnock, 2002-09-26 In this new edition the progress made in the last decade to solve the environmental problems described in the first edition is assessed The attempts to bring environmental legislation into line with West European norms is also described *Environmental Problems of East Central Europe* looks at air and water pollution modern farming water supplies waste management and landscape protection These topics are placed within economic social and political profiles as spending on a clean environment must be reconciled with welfare spending and the safeguarding of jobs European Union assistance civil society and the work of environmental NGOs are also discussed All of these matters are considered within the context of the wider geographical area and then by each individual country including the previously communist states lying to the west of the Soviet Union now with the former federal states of Czechoslovakia and Yugoslavia broken up into seven different entities and a review of the former Soviet Union with particular reference to the Baltic States *Environmental Problems in East Central Europe* provides a wealth of up to date reference material with a vast amount of supporting literature on environmental conditions and the functioning of civil society and a map of each country The environment is being taken seriously by them all such is the influence of the Rio sustainability agenda in general and the EU environmental acquis in particular The book reveals that Eastern Europe is not a blighted area but in some respects has a higher biodiversity than Western Europe Although there is enormous waste and inefficiency in energy use people actually consume relatively little and the East therefore has some lessons for the West in

terms of managing on the bases of fair share of the earth s resources **Turkmenistan** Zvi Lerman,Karen McConnell Brooks,2001-01-01 This study on Turkmenistan is the latest addition to a long and growing series of World Bank publications on land reform and farm restructuring in the former socialist countries of Europe and Central Asia The present report combines an analysis of the 1998 farm survey overview of general agricultural policies and sectoral performance Survey results are preceded by a sectoral review and a description of emerging legal framework for land reform and farm restructuring **Kosovo** Saumya Mitra,2001-01-01 This report contains discussion of the principal economic and social reform policy tasks facing Kosovo It is intended to present ideas to the interim civil administration for the consolidation of peace Key reforms are the formulation of a sustainable budget the establishment of a liberal trade and customs regime use of a hard currency for internal transactions creation of a reformed framework for encouraging the growth of private SMEs

The Challenge of Rural Development in the EU Accession Countries Csaba Csáki,Zvi Lerman,2001-01-01 From the Abstract This volume examines the reforms and policy changes necessary in the rural sectors or the ten countries that have started the accession process for eventual membership in the European Union Bulgaria Czech Republic Estonia Hungary Latvia Lithuania Poland Romania Slovakia and Slovenia The papers in this volume are selected from the presentations at the Third World Bank FAO EU Accession Workshop held in Sofia Bulgaria on June 17 20 2000 and are organized around four topics i defining the concepts of rural development options for EU accession candidate countries ii rural development in the European Union iii rural development in Central and Eastern Europe and iv international experiences and the role of international organizations in supporting rural development in the EU accession candidate countries This volume is intended for agricultural policy makers and government officials in the candidate countries EU officials World Bank and FAO staff development scholars and all others interested in the process of rural development in Central and Eastern Europe

Financial Markets, Credit Constraints, and Investment in Rural Romania Rodrigo Chaves,2001 This study evaluates the performance of financial markets in rural areas of Romania based on the 1998 rural household rural enterprise and financial intermediary surveys along with other official statistical data for 1997 It presents empirical evidence indicating that constrained access to credit markets negatively influences the investment behavior of households and enterprises The report recommends a detailed government strategy to correct the observed shortcomings of rural financial markets and identifies new challenges that are likely to appear

Subsidies in World Fisheries Matteo Milazzo,1998-01-01 In the past six years the world s fishery sector has reached a turning point with global fish production reaching a plateau of approximately 100 million tons annually While aquaculture output continued to grow yields from capture fisheries were uneven and showed increasing signs of stagnation because of widespread overfishing and overcapitalization ineffective management deteriorating resource health declining or flat global harvests and inefficient economic and trade policies This paper examines the role of subsidies in fisheries *The TB and HIV/AIDS Epidemics in the Russian Federation* ,2001-01-01

The TB and HIV AIDS Epidemics in the Russian Federation describes the socioeconomic conditions in the Russian Federation and examines how they are influencing infectious disease epidemics. It also discusses the impact of the epidemics on the population, including the incidence and prevalence in the general and prison populations. Finally, this paper presents a description of a mathematical model of improvements in health status possible under various TB control strategies with implications for HIV AIDS as well.
