Ontological Aspects of Early Jewish Anthropology Tyson L. Putthoff, 2016-11-28 In Ontological Aspects of Early Jewish Anthropology Tyson L Putthoff explores early Jewish beliefs about how the human self reacts ontologically in God's presence Combining contemporary theory with sound exegesis Putthoff demonstrates that early Jews widely considered the self to be intrinsically malleable such that it mimics the ontological state of the space it inhabits In divine space they believed the self therefore shares in the ontological state of God himself The book is critical for students and scholars alike In putting forth a new framework for conceptualising early Jewish anthropology it challenges scholars to rethink not only what early Jews believed about the self but how we approach the subject in the first place **Anthropological Abstracts Vol 4** Ulrich

Negotiating a Presence-Centred Christian Counselling Simon Shui-Man Kwan, 2016-04-26 How Christian is

Christian counselling In what ways should one's counselling practice be conducted in order to fulfil one's role as a Christian counsellor Is there a counselling practice that truly penetrates into the secular approaches while remaining faithful to the Christian traditions of healing What are the theological roots of secular counselling How may secular counselling both reinforce and challenge the Christian faith In answering these questions this book engages readers to navigate between two frames of reference one Eastern secular social scientific and modern the other Western Christian theological and traditional At levels of both theory and practice this book undertakes to integrate synthesize hybridize revise dichotomize and antagonize the two It proposes a revised presence centred counselling approach which may serve as a perspective that helps us to see things in more depth as we shuttle back and forth between the two frames This book thus negotiates a revised presence centred form of counselling that is theologically grounded social scientifically informed and cross culturally sensitive As the author's counselling practice proceeds mainly in societies where Chinese is the majority the cross cultural examinations and proposals offered in this book have been bred in a space where Chinese culture meets the Christian Protestantism in particular West This book is an outgrowth of the author's experience teaching Christian counselling courses

for 17 years and his 30 year clinical practice experience in places where East meets West namely Hong Kong and South China Guangdong Province Riding Spirit Horse: A Journey Into Shamanism Michael Drake,2022-01-04 In this visionary memoir author Michael Drake recounts his spiritual journey into shamanism Drake s engaging narrative moves from his first ecstatic experience as a youth at a church revival to his mystical shamanic awakening transformational pilgrimages to sacred places working with indigenous wisdom keepers to the experiences that prompted his writing particularly his trance experiences riding the drum or Spirit Horse Studying with Native elders and shamans Drake discovered his shamanic gifts as a drummer storyteller and ceremonialist Riding Spirit Horse takes readers on a transcendent pilgrimage of the soul through birth death rebirth ritual and ceremony to the frontiers of expanded consciousness The Great Shift Michael Drake,2018-09-29 The Great Shift is about the new era of humanity We have entered the new epoch of humanity s spiritual evolutionary journey into higher consciousness Our present world is one in which order is arising out of chaos Everything is changing and seeking equilibrium The conditions are nothing short of a rebirth We are quite literally witnesses and participants in the shift from individual to planetary consciousness We are part of the emerging consciousness and the signs are everywhere It is here now and we all have a part to play in it This book is a guide to navigating the shift from an old paradigm into a new one It is deeply rooted in the shamanic and Taoist traditions which are a fountain of wisdom and knowledge for restoring our relationship with the Earth Shamanism and Taoism are a way of living in harmony with nature rather than an adherence to a religious doctrine By practicing these ways of being we awaken our soul calling and our connection to nature They provide a myriad of responses to the spiritual quest of self discovery They are ways that embed us in the living web of life yielding greater awareness and perspective These practices are easily integrated into contemporary life and provide a means of navigating the turbulent times in which we live **Fire and Rain, Answering the Rune's Call** Sara Annon,2019-01-18 This series rises out of my personal journey with the Runes that began during a Mask Dance workshop in Northern Germany the birthplace of the runes During the week I spent in a lovely seminar house secluded in among the trees bordering the heather of the Lunebergerheide I found myself tasked with telling the story of the Runes as one of creation not destruction We used shamanic drumming and rattling to drive the visionary state and a specific body posture to guide our experience My time was spent deep in a philosophical discussion with the energetic field of the Runes It was impressed on me that the two fundamental distortions in the historical practice of Runes were the suppression of sexual energy in Christianity and the Germanic tribe s practice of ritual killing to gain personal power I was shown how this combination inherently leads to atrocities My first step was to seek out any creation stories I could find that were related to the runes Somewhat to my surprise I did not find any direct or obvious correlations between the runes names and the stories In fact the use of the runes as an alphabet turned out to be driven by the Christian Church Then I looked into the current practice of Rune Stances and found their origins were both recent and suspect Along the way I had to admit that if the

creation story of the runes was readily accessible they would not have had to grab hold of an ignorant mixed blood New Mexican to tell their tale What I had to offer was my own idiosyncratic view of the situation Since I had experience with ecstatic trance postures I wondered if rune shapes corresponded with ancient ecstatic body postures Once I turned towards the much older and more mysterious visionary roots of the Runes my path to a runic story of creation began to open I ended up with a mosaic of a sacred World Tree made of ancient bits and pieces I hope they can open creative experiential doors for those drawn to work in the runic realms Keywords Ancestry Creation Myths Ecstatic Trance Postures Epigenetics Rune Stances Runes Sacred Speech World Tree Shamanism Sustainable Psychological Anthropology for the 21st Century Jack David Eller,2018-10-03 This book provides a comprehensive introduction to psychological anthropology covering both the early history and contemporary state of the field Eller discusses the major themes theories figures and publications and provides a detailed survey of the essential and enduring relationship between anthropology and psychology The volume charts the development celebrates the accomplishments critiques the inadequacies and considers the future of a field that has made great contributions to the overall discipline of anthropology The chapters feature rich ethnographic examples and boxes for more in depth discussion as well as summaries and questions to support teaching and learning This is essential reading for all students new to the study of psychological anthropology **My Word is Mighty** Nana Nauwald,2022-05-27 The Power of Healing with Strengthening and Protecting Words Shamans in indigenous communities and healing practitioners in our culture work with word magic and magic words Behind the ritual words in spells invocations prayers and chants there are often hidden powers The word is embodied thought which becomes action in the word and creates reality How important it is to become aware of the effect of words is also shown by the dark side of word magic harm spells harm words in medicine verbal beatings in education and bullying Based on more than thirty years of experience in shamanic work Nana Nauwald shows practical ways to healing strengthening and protecting words and rituals that everyone can use in everyday life and for their own ritual work The Essence of Soul Retrieval Walter Cooke,2009 The ancient practice of soul retrieval is one of the most powerful healing processes that you will learn while walking the shamanic path with heart In this illustrated book you will learn the formal process carried out by modern core shamanic practitioners to retrieve the lost soul essence of a person and effectively reintegrate it so the client may then heal the deepest wounds of their soul Sandra Ingerman and Alberto Villoldo have written several popular books to help the layman understand what soul retrieval is and why one might want to embark on the soul retrieval journey However what is missing is a step by step guide that supports the shamanic practitioner in learning how to do the actual work That is why this book was written An ePUB version item 8541804 suitable for Apple iPad or SONY readers is also available for download
