**Nonviolence and Peace Psychology** Daniel Mayton, 2009-05-28

Recent trends and events worldwide have increased public interest in nonviolence pacifism and peace psychology as well as professional interest across the social sciences Nonviolence and Peace Psychology assembles multiple perspectives to create a more comprehensive and nuanced understanding of the concepts and phenomena of nonviolence than is usually seen on the subject Through this diverse literature spanning psychology political science religious studies anthropology and sociology peace psychologist Dan Mayton gives readers the opportunity to view nonviolence as a body of principles a system of pragmatics and a strategy for social change This important volume Draws critical distinctions between nonviolence pacifism and related concepts Classifies nonviolence in terms of its scope intrapersonal interpersonal societal global and pacifism according to political and situational dimensions Applies standard psychological concepts such as beliefs motives dispositions and values to define nonviolent actions and behaviors Brings sociohistorical and cross cultural context to peace psychology Analyzes a century s worth of nonviolent social action from the pathbreaking work of Gandhi and King to the Courage to Refuse movement within the Israeli armed forces Reviews methodological and measurement issues in nonviolence research

and suggests areas for future study Although more attention is traditionally devoted to violence and aggression within the social sciences Nonviolence and Peace Psychology reveals a robust knowledge base and a framework for peacebuilding work granting peace psychologists activists and mediators new possibilities for the transformative power of nonviolence

**Teaching for Moral Imagination** Pamela Bolotin Joseph, 2024-04-01 Teaching for Moral Imagination An Interdisciplinary Exploration examines the multifaceted nature of morality and ethics moral development and moral education so to provide educators with a clear yet complex understanding of theories issues practices and curricular content This text is intended to be an accessible work of academic significance that inspires educators deliberation about personal and societal values as well as approaches for fostering children s and adolescents moral development cultivating ethical classrooms and schools and creating transformative moral education curricula Teaching for Moral Imagination will be a pertinent text for teacher preparation courses that specifically focus on the moral dimensions of education as well as more comprehensive classes about teaching teachers and classroom culture Such classes are offered in undergraduate and graduate teacher preparation programs professional studies for experienced teachers educational studies classes in the liberal arts and doctoral seminars for students becoming teacher educators and educational leaders This book also is intended as a source for teachers professional development in schools and for reading groups Finally in our contemporary societies emphasizing extreme individualism competition conformity and prejudice as well as unexamined beliefs leading to violence in words and actions it is crucial to consider how schools can encourage ethical reasoning compassion and transformative alternatives for moral education

**ENDORSEMENTS** Teaching for Moral Imagination is a remarkable book and a wonderful contribution to the field It is a must read for anyone trying to make sense of the multi faceted moral nature of schooling Everyone who pursues a career in teaching is fundamentally drawn to the moral dimensions of their work but there is little if any emphasis given to those fundamental moral features in teacher preparation programs and teacher professional development In this book Dr Joseph does the difficult work of both conceptualizing the moral domain and illustrating these dimensions in way that will uniquely help teachers and school leaders develop elegant moral language and fully understand their role as moral educators and moral agents It is an outstanding contribution from a scholar who brings the philosophy of morality and the psychology of moral development to bear on life in classrooms Rich Osguthorpe Brigham Young University

In her book Teaching for Moral Imagination Pamela Joseph shows profoundly how moral values are embedded in education and in the pedagogical role of teachers Joseph brings together many different perspectives on moral education including philosophical and psychological foundations and develops her interesting own position with a focus on moral imagination She argues for widening ethical perspectives encouraging critical reflection on values stimulating new perspectives about how to be moral human beings and creating just and caring classroom and school communities Joseph s book can inspire teachers and researchers in their work on preparing young people for future society Wiel Veugelers University of Humanistic Studies

This is an incredibly complex and wonderful book When you read Teaching for Moral Imagination what will become clear is what educators need to learn and do to transform the wider ethical environment all around us This is invaluable reading for all teachers school and district leaders and teacher educators who realise the significance of ethics in education and who seek to critically engage with the potential of human and social moral development Joseph offers a rich vision of interdisciplinary scholarship and on her horizon is nonviolence for all forms of life on the planet The book conceptualises how moral imagination generates powerful insights into individual social and cultural normative diversity and explores a range of transformative moral curricula to grow future generations capacities for tackling complex relations and global challenges

Social Justice, Peace, and Environmental Education Julie Andrzejewski, Marta Baltodano, Linda Symcox, 2009-04-01 The concept of standards seems antithetical to the ways critical educators are dedicated to teaching but what would standards look like if they were generated from social justice perspectives and through collaborative and inclusive processes Such is the central question posed by the contributors of this groundbreaking collection on the interconnectivity of social justice peace and environmental preservation Challenging education that promotes consumerism careerism and corporate profiteering they boldly offer examples of a new paradigm for practicing a transformative critical pedagogy Rather than just talking about coalition building within and across educational communities they demonstrate how we might communicate from different vantage points and disciplinary boundaries to create a broader picture of social and eco justice Social Justice Peace and Environmental Education will be required reading for educators and students who want to envision and practice living acting and teaching for a better world

*The Contested Role of Education in Conflict and Fragility* Zehavit Gross, Lynn Davies, 2015-06-17 This book brings together new thinking on education's complex and evolving role in conflict and fragility The changing nature of conflict from inter to intra state and with shifting geopolitical power balances demands a reconceptualization of where education is positioned Claims that education on its own can be an agent of conflict transformation are disputed Deliberate attempts at peace education are not without critics and controversies This collection aims to generate new realism from empirical and reflective accounts in a variety of countries and political contexts as well as provide innovative methodological approaches to the study of education and conflict The particular distinctiveness of the volume is the emphasis on contested it includes the debates and disagreements on the many faces of education in conflict as well as material on teaching controversial issues in fragile contexts Crucially it underscores how education itself exists within highly contested projects of state nation and region building As well as overview comparative chapters the collection encompasses a range of specific contexts geographically and educationally Algeria Canada El Salvador Israel Kenya Mexico Morocco Nepal Tunisia UK and US with settings that include schools higher education and refugee camps Focuses range from analyses of education in historical conflicts to contemporary issues such as post Arab Spring transformations Perennial concerns about religion colonialism protest integration cohesion emergencies globalization and narrative are given new slants Yet in spite of the debates a cross cutting consensus emerges as the crucial need for critical pedagogy and critical theory if education is to make any mark at all on conflict and fragility
