**Anna Seward's Journal and Sermons** Teresa Barnard, 2017-08-21 Anna Seward eighteenth century poet biographer and letter writer wrote her juvenile journal in the form of a series of letters to an imaginary friend Emma Seward intended the letters as an autobiographical account of the period of her youth before she achieved fame as a published poet Towards the end of her life she collated her works for posthumous publication bequeathing the manuscripts to Walter Scott However as Scott disliked

much of the anecdotal substance of the juvenile letters he censored them removing over half of the contents before publication This volume restores the journal to its original format making the case for Seward s importance as a social and cultural commentator The letters discuss topical events and private concerns illuminating not only Seward s life but also giving fascinating insights into the manners and mores of mid eighteenth century provincial life in England Also included in this volume is a portfolio of four Anglican sermons written by Seward and delivered by unsuspecting clergymen These were also excised by Scott who agreed with Seward s family that they were too controversial to publish as their author was a woman The sermons provide retrospective evidence of Seward s efforts to contribute to feminist Enlightenment debate Introducing them into the public domain now gives us an understanding of women s unacknowledged achievements and also of their silencing

*Preposterous Virgil* Juan Christian Pellicer, 2022-06-02 This study in reception develops close readings of English literature as means of interrogating Virgil s texts Through four case studies bookended by wide ranging introductory and concluding chapters this book shows how interpreting the Eclogues Georgics and Aeneid through modern responses can serve to focus on aspects of Virgil that would otherwise be differently perceived or else escape notice altogether Juan Christian Pellicer probes our perceptions of the three Virgilian genres pastoral georgic and epic and analyzes the ways in which modern reconfigurations of these genres can inform our readings of Virgil s works as well as help us realize how our own ideas about Virgil reflect the literary receptions through which we approach his texts This book offers a practical demonstration of classical reception and its value as a critical procedure By testing the value of modern responses to Virgil as means by which to read his texts Pellicer critically examines a central tenet of reception studies of classical authors namely that our understanding of their work can benefit from the receptions through which we perceive them The reader will find Virgil s texts reconfigured in

challenging new ways and will find new appreciations of the classical traditions that inform key texts in the English canon

**The Literary Economy of Jane Austen and George Crabbe** Colin Winborn, 2017-11-28 Though Jane Austen 1775 1817 and the poet George Crabbe 1754 1832 each wrote during the Napoleonic Wars no full length study has considered the importance of these pivotal events to their writing In *The Literary Economy of Jane Austen and George Crabbe* the author argues that both writers were unusually responsive to the economic anxieties specific to wartime occasioned especially by the Napoleonic trade embargo imposed on Britain from 1806 to 1812 and shared a particular concern with the economizing of space The author's term spatial economy refers to the practice of turning available resources to the best possible account which these authors applied even to the practice of writing as they strove to preserve space on the page Austen in her letters and Crabbe in the couplet Their work displays a preoccupation with boundaries pressure and containment which also informs economic treatises published during this period Through close readings and fresh contextual and historical analysis that draws on the ideas of contemporary thinkers such as Thomas Malthus William Spence William Cobbett Arthur Young and Humphrey Repton Winborn not only establishes a close affinity between Austen and Crabbe but makes a convincing case for rethinking the relationship between the novel and poetry during the Romantic period

**Anna Seward and the End of the Eighteenth Century** Claudia T. Kairoff, 2011-11-30 A critical study of the prominent British poet's work Anna Seward and her career defy easy placement into the traditional periods of British literature Raised to emulate the great poets John Milton and Alexander Pope maturing in the Age of Sensibility and publishing during the early Romantic era Seward exemplifies the eighteenth century transition from classical to Romantic Claudia Thomas Kairoff's excellent critical study offers fresh readings of Anna Seward's most important writings and firmly establishes the poet as a pivotal figure among late century British writers Reading Seward's writing alongside recent scholarship on gendered conceptions of the poetic career patriotism provincial culture sensibility and the sonnet revival Kairoff carefully reconsiders Seward's poetry and critical prose Written as it was in the last decades of the eighteenth century Seward's work does not comfortably fit into the dominant models of Enlightenment era verse or the tropes that characterize Romantic poetry Rather than seeing this as an obstacle for understanding Seward's writing within a particular literary style Kairoff argues that this allows readers to see in Seward's works the eighteenth century roots of Romantic era poetry Arguably the most prominent woman poet of her lifetime Seward's writings disappeared from popular and scholarly view shortly after her death After nearly two hundred years of critical neglect Seward is attracting renewed attention and with this book Kairoff makes a strong and convincing case for including Anna Seward's remarkable literary achievements among the most important of the late eighteenth century Professor Kairoff achieves her goal of providing fresh readings in a richer context which will go a long way toward reestablishing Seward's importance The book is a significant contribution to literary scholarship and will be widely read cited and admired Paula R Feldman This lucid stimulating study will challenge traditional notions not only of Seward but also of

the interstice of Romanticism and late century women authors Choice Kairoff effectively demonstrates the quality of Seward's work and articulates some of the ways in which a reappraisal of Seward might enrich our understanding of both eighteenth century and Romantic era literary cultures and our conception of the writing practices of both male and female authors Years Work in English Studies
