Edge of the Diaspora Suzanne D. Rutland, 1997 *Edge of the Diaspora* Suzanne D. Rutland, 1988 *Our Multicultural Heritage, 1788-1945* National Library of Australia, 1995 **Conceptualizing Mass Violence** Navras J. Aafreedi, Priya Singh, 2021-05-13

Conceptualizing Mass Violence draws attention to the conspicuous inability to inhibit mass violence in myriads forms and considers the plausible reasons for doing so Focusing on a postcolonial perspective the volume seeks to popularize and institutionalize the study of mass violence in South Asia The essays explore and deliberate upon the varied aspects of mass violence namely revisionism reconstruction atrocities trauma memorialization and literature the need for Holocaust education and the criticality of dialogue and reconciliation The language content and characteristics of mass violence genocide explicitly reinforce its aggressive transmuting and multifaceted character and the consequent necessity to understand the same in a nuanced manner The book is an attempt to do so as it takes episodes of mass violence for case study from all inhabited continents from the twentieth century to the present The volume studies consciously enforced mass violence through an interdisciplinary approach and suggests that dialogue aimed at reconciliation is perhaps the singular agency via which a solution could be achieved from mass violence in the global context The volume is essential reading for postgraduate students and scholars from the interdisciplinary fields of Holocaust and Genocide Studies History Political Science Sociology World History Human Rights and Global Studies

Special Religious Education in Australia and its Value to Contemporary Society Zehavit Gross, Suzanne D. Rutland, 2021-02-22 This book explores the advantages of and challenges concerning Special Religious Education SRE in multicultural Australia and argues for the need for General Religious Education GRE as well Through the lens of the most recent scholarship and drawing on an in depth qualitative study and specific case studies the book examines the current debate on the role of religious education within government schools It addresses key concepts of values education spirituality health and wellbeing and cultural and religious identity It analyses why it is important to retain SRE together with GRE as government policy It explores highly relevant controversial and contested issues regarding SRE including the 30% of Australia's population who declare themselves as having no religion and brings fresh insights to the table While secularization has increased in both the national and international spheres there has also been an increase in fundamentalism within religious beliefs Events such as the September 11 terror attacks and the more recent mass shootings by white supremacists and eco fascists in Christchurch New Zealand and Pittsburgh and San Diego in the USA are reminders that religion is still a major actor in the twenty first century This poses new challenges for the relationship between church and state and demonstrates the need to revisit the role of religious education within government schools While the importance of GRE is generally acknowledged SRE has increasingly come under attack by some researchers and teacher and parent bodies as being inappropriate and contradictory to the values of the postmodern world On the other hand the key stakeholders from all the faith traditions in Australia wish to retain the SRE classes in

government schools The book addresses this burning issue and shows that it is relevant not only for Australia but also globally

Argentine Jews in the Age of Revolt Beatrice D. Gurwitz, 2016-11-21 Argentine Jews in the Age of Revolt traces the ongoing efforts among Argentine Jews to rethink the Argentine nation Jewish membership in it and the nature of Jewishness itself from 1955 to 1983 Beginning with the celebrations around the supposed triumph of the liberal nation after the overthrow of Juan Perón this study examines Jewish activists discourse through years of rapid transitions between civil and military rule massive social protest escalating violence and finally the brutal military dictatorship of 1976 to 1983 It argues that these were crucial years in which Jewish activists forcefully discarded previous understandings of the nation and pioneered novel definitions of Jewishness and Zionism designed to resonate in a Latin America upended by revolutionary ferment

Sachar, 2007-12-18 The distinguished historian of the Jewish people Howard M Sachar gives us a comprehensive and enthralling chronicle of the achievements and traumas of the Jews over the last four hundred years Tracking their fate from Western Europe's age of mercantilism in the seventeenth century to the post Soviet and post imperialist Islamic upheavals of the twenty first century Sachar applies his renowned narrative skill to the central role of the Jews in many of the most impressive achievements of modern civilization whether in the rise of economic capitalism or of political socialism in the discoveries of theoretical physics or applied medicine in higher literary criticism or mass communication and popular entertainment As his account unfolds and moves from epoch to epoch from continent to continent from Europe to the Americas and the Middle East Sachar evaluates communities that until lately have been underestimated in the perspective of Jewish and world history among them Jews of Sephardic provenance of the Moslem regions and of Africa By the same token Sachar applies a master's hand in describing and deciphering the Jews unique exposure and functional usefulness to totalitarian movements fascist Nazi and Stalinist In the process he shines an unsparing light on the often widely dissimilar behavior of separate European peoples and on separate Jewish populations during the Holocaust A distillation of the author's lifetime of scholarly research and teaching experience A History of the Jews in the Modern World provides a source of unsurpassed intellectual richness for

The Jews in the Modern Age John Efron, 2025-06-23 Providing a broad as well as a pointillist overview of modern Jewish history on a global scale from the eighteenth century to the present day this book analyzes how the Jewish people have been dramatically transformed by the forces of social economic political technological and demographic change Now in a new edition as a split volume this second volume of a comprehensive history of the Jews includes topics such as the impact on Jewish society of the Enlightenment as well as its Jewish equivalent the Haskalah religious innovations in eastern and central Europe the processes of emancipation and Jewish acculturation the modern economic history of the Jewish people which includes their embourgeoisement in central and western Europe and the growth of a giant Jewish proletariat in eastern Europe the emergence of an antisemitic politics that sought to roll back Jewish gains and the variety of Jewish responses to those illiberal forces especially in the form of vibrant Jewish political cultures among them Zionism socialism and mass migration Middle Eastern Jewish communities were likewise impacted by the forces of modernity in ways particular to them and that history is addressed as is the emergence and consolidation of the state of Israel in the wake of the Holocaust and the dissolution of Jewish communities across the Muslim world Currently illiberal forces are again on the march from both the right and the left helping to foster a global upsurge of antisemitic violence and online hate The book is useful not just for those interested in the Jews themselves but also for readers open to learning about global history from the vantage point of an ethnic minority deeply impacted by modernity both its blessings as well as its horrors **Reader's**

Genocide Colin Tatz, 2017-04-04 We are a moral people and the very notion that Australians could have anything to do with genocide is unthinkable so claimed parliamentarians when Australia was asked to ratify the UN's Genocide Convention in 1949 The reality is that even decent democrats and people who consider themselves good colonists are capable of doing just that killing people because of who they were forcibly removing their children in order to assimilate them and erase them from the landscape and then in the name of their protection incarcerated them on reserves in a manner that caused them serious
