Philosophical Perspectives on Social Cohesion Mary Healy, 2013-10-24 What would the civic relationship between citizens in a socially cohesive society look like What models might we use to educate young people to support developing these bonds Do these different models have different implications for how we structure the bonds that support a civic relationship Philosophical Perspectives on Social Cohesion challenges the basis of how we characterize civic bonds and how we best organize schools to encourage and develop them Mary Healy argues that metaphors and social imaginaries often give a framework for considering our interrelatedness She re-examines the metaphor of fraternity used as a precursor to elements of the Big Society arguing that such attempts to align fraternity with liberty are mistaken and that equality plays a vital role At a time of increasing diversity of school provision this pertinent book indicates the connection between how we

organize school structures and the models of citizenship we value

Culture, Music Education, and the Chinese Dream in Mainland China Wai-Chung Ho, 2018-01-04 This book focuses on the rapidly changing sociology of music as manifested in Chinese society and Chinese education It examines how social changes and cultural politics affect how music is currently being used in connection with the Chinese dream While there is a growing trend toward incorporating the Chinese dream into school education and higher education there has been no scholarly discussion to date The combination of cultural politics transformed authority relations and officially approved songs can provide us with an understanding of the official content on the Chinese dream that is conveyed in today's Chinese society and how these factors have influenced the renewal of values based education and practices in school music education in China
