Highlights in Anglo-American Drama Vesna Bratić, Radmila Nastić, 2016-02-08 This volume represents perspectives on a number of aspects of modern Anglo American drama and dramatists written by scholars from ex Yugoslav republics resulting from long years of common interest and cooperation in the field between the corresponding English Departments in the region The volume was inspired by the Word across Cultures conference organised by the Institute of Foreign Languages of the University of Montenegro in Podgorica Montenegro in July 2014 The researchers who participated in the conference s literature section were testament to the growing interest in drama among regional literature scholars The book will appeal to both an academic and non academic readership The former will certainly benefit from this book since English and especially American drama is not appropriately represented by the number of published books it deserves world wide The volume provides a South East European perspective on Anglo American drama and represents a valuable addition to existing drama scholarship since all the contributors are from the ex Yugoslav republics and write from a standpoint of multiple othernesses It will also be of interest to theatre and film scholars as well as theatre and film enthusiasts because of the variety of approaches adopted in the papers *Comprehensive Dissertation Index* ,1989 **Schizophrenia Bulletin** ,1974
