Full Of Years Aging And The Elderly In The Bible And Today:

Full of years : aging and the elderly in the Bible and today Stephen Sapp, 1987 **Biblical Grandparenting (Grandparenting Matters)** Dr. Josh Mulvihill, 2018-12-04 Many powerful voices are influencing our grandchildren from those at home and in their schools to those in the world of entertainment and media What can you as a grandparent do to speak wisdom and godliness into their lives Biblical Grandparenting is a full length leadership book that places grandparenting ministry on a firm scriptural foundation It is ideal for pastors and church leaders as well as for use in the classroom at seminaries *Old Age in Ancient Judaism, Early Christianity, and Their Contexts* Albertina Oegema, Seth A. Bledsoe, 2025-08-08 The collection of chapters in this volume explores the significance of old age for Jews and Christians as well as Greeks and Romans in antiquity By examining a diverse range of sources the authors in this volume elaborate on the manifold ways that old age functioned as a social discourse in ancient Jewish Christian Greek and Roman contexts The discussions herein demonstrate how perceptions of old age were closely intertwined with notions of authority and wisdom gender and social dynamics social and familial anxieties and the body and disability They show that conceptualizations of old age are far more prevalent and significant to ancient social and political structures rhetorical discourse and religious imagination than one might expect By including studies on old age in different religious and cultural contexts the volume highlights the commonalities as well as the many differences that existed among various communities in antiquity This volume is of interest for students and scholars of religion particularly for those working on Jews Christians Greeks and Romans in the ancient Mediterranean as well as scholars in classical studies and ancient history It is also a valuable resource for gerontologists who wish to explore the historical background of present day notions of old age **Aging and the Religious Dimension** Susan A. Eisenhandler, 1994-02-17 Aging and religion has been badly neglected in the field of Gerontology This book containing 13 chapters of original theory and research is devoted to understanding the place that religion and spirituality hold in the lives of elderly persons The authors each experts in their own field approach this issue from their backgrounds in the social sciences and the humanities Overall this is a ground breaking collection It is one of the first attempts to seek to understand the role that religion plays in the lives of elderly persons Based on their various multi disciplinary perspectives the authors make use of a variety of qualitative and quantitative methodologies as well as personal narrative and literature to grapple with this issue Finally the book is unique in that it addresses scholars and students including the educated layman rather than the professional alone **A Biblical Theology of Gerassapience** Joel A. A. Ajayi, 2010 Ancient cultures such as that of the Hebrews commonly associated wisdom with advanced years In A Biblical Theology of Gerassapience the author investigates the validity of this correlation through an eclectic approach including linguistic semantic tradition historical and socio anthropological methods to pertinent biblical and extra biblical texts There are significant variations in the estimation of gerassapience or old age wisdom in each period of ancient Israel s life that is in

pre monarchical monarchical and post monarchical Israel Throughout this study appropriate cross cultural parallels are drawn from the cultures of ancient Israel s neighbors and of modern societies such as the West African Yoruba tribe The overall results are bi dimensional On the one hand there are semantic elements of gerassapience such as the elusiveness of wisdom and the mild fluidity of old age Both terms have strong contextual affinity with minimal exceptions Thus the attribution of wisdom to old age is evident but not absolute in the Hebrew Bible Old Testament On the other hand gerassapience is depicted as primarily didactic through direct and indirect instructions and counsels of the elderly fostering the saging fear of Yahweh legacies On the whole socio anthropocentric tendencies of gerassapience that is of making old age a repertoire of wisdom are checked by theological warrants of theosapience Yahwistic wisdom Therefore in the Hebrew Bible the fear of Yahweh is also the beginning of growing old and wise
