Economy Of Europe In An Age Of Crisis 1600 175

RM Cervero

Economy Of Europe In An Age Of Crisis 1600 175:

The Economy of Europe in an Age of Crisis, 1600-1750 Jan de Vries, 1976-10-29 This book looks at the economic civilisation of Europe in the last epoch before the Industrial Revolution

Court Patronage and Corruption in Early Stuart England Linda Levy Peck, 2003-08-29 This wide ranging volume goes to the heart of the revisionist debate about the crisis of government that led to the English Civil War The author tackles questions about the patronage that structured early modern society arguing that the increase in royal bounty in the early seventeenth century redefined the corrupt practices that characterized early modern administration

Goods from the East, 1600-1800 Maxine Berg, Felicia Gottmann, Hanna Hodacs, Chris Nierstrasz, 2015-07-13 Goods from the East focuses on the fine product trade s first Global Age how products were made marketed and distributed between Asia and Europe between 1600 and 1800 It brings together established scholars as well as new to provide a full comparative and connective study of this trade

The Abbot and his Peasants Katherine Brun, 2016-09-26 Der Abt und seine Bauern Territorialisierung als Prozess in Salem vom Späten Mittelalter bis zum Dreißigjährigen Krieg Die Studie über die reichsunmittelbare Zisterzienserabtei Salem eröffnet neue Einsichten über grundlegende politische Entwicklungen in der Frühen Neuzeit Sie beleuchtet die Möglichkeiten und die Grenzen kirchlicher Herrschaft und weist auf breiter Quellengrundlage den dauerhaften politischen Einfluss der Bauernschaft nach In der untersuchten Periode von 1473 bis 1637 festigte die Abtei ihre politische Herrschaft über Land und Leute Im Zuge der Territorialisierung verdichtete sie verschiedene Herrschaftsrechte in ihrer Hand und schloss das Herrschaftsgebiet ab Dies wurde auf zwei Ebenen erreicht Erstens wurden die Grenzen des Territoriums gegen Außen eindeutig definiert in räumlich physischer rechtlicher und symbolischer Hinsicht Zweitens wurden die Untertanen vollständig in das eigene Territorium integriert Diesen Prozess kann man jedoch nicht einfach als Staatsbildung von oben durch die Aktivitäten der Abtei charakterisieren Deren Herrschaft wurde zwar gestärkt und zentralisiert aber durchaus nicht vornehmlich auf Kosten der Bauernschaft Deren materielle Bedürfnisse und Interessen wurden aufgegriffen so dass gegenseitige Vergleiche zustande kamen Das Beispiel Salem zeigt das Moment politischer Inklusion auf einer breiten sozialen Basis Durch kleinteiliges Agieren und auf dem Wege direkter Kommunikation brachten sich die kommunalen Entscheidungsträger aus der Bauernschaft wirkungsvoll ein So entwickelte sich die Herrschaft in der Abtei aufgrund interaktiver Prozesse fort Wir begegnen also in der Arbeit vielseitigen Aushandlungsprozessen bei denen sowohl wechselnde Bündnisse und ungleiche Partnerschaften als auch das Prinzip der Gegenseitigkeit sowie direkte Kooperation zwischen sozialen Gruppen mitwirkten Dieses Primat des Verhandlungsprinzips brachte wechselseitige Vorteile nicht weil die sozialen Gruppen von vornherein gemeinsame Interessen hatten sondern da sich Kommunikationskanäle öffneten und Konflikte abschwachten Die Kommunikation im Territorium lief über zwei zentrale Institutionen das Sidelgericht und das Verhör Diese beiden Körperschaften vermochten es nicht nur Konflikte zu dämpfen und diverse soziale Gruppen zu integrieren sondern auch deren Anliegen zu berücksichtigen

und hier lag das Fundament der bemerkenswerten politischen und sozialen Stabilität in Salem. So ist dieses kleine Territorium ein Beispiel dafür, wie ein erfolgreiches Gemeinwesen vorgeht, wie es ständig neue Ziele entwickelt und sich dabei selbst erholt. Durch diese Forschungsarbeit über Salem werden die Potenziale und Grenzen der Staatsbildung im Reich grundlegend beleuchtet. Sie zeigt auf, wie die Beziehungen zwischen Herren und Untertanen in der Frühen Neuzeit miteinander verflochten waren.

As Gods Among Men Guido Alfani, 2025-04-22 In this masterly book Alfani offers an insightful long run perspective and fascinating lessons for the future. A must read Thomas Piketty author of *Capital in the Twenty First Century*. A sweeping narrative that shows how the rich historically justified themselves by helping their societies in times of crisis, why they no longer do, and what that may mean for social stability. The rich have always fascinated, sometimes in problematic ways. Medieval thinkers feared that the super rich would act as gods among men. Much more recently Thomas Piketty made wealth central to discussions of inequality. In this book Guido Alfani offers a history of the rich and super rich in the West, examining who they were, how they accumulated their wealth, and what role they played in society. Covering the last thousand years with frequent incursions into antiquity and integrating recent research on economic inequality, Alfani finds, despite the different paths to wealth in different eras, fundamental continuities in the behaviour of the rich and public attitudes towards wealth across Western history. His account offers a novel perspective on current debates about wealth and income disparity. Alfani argues that the position of the rich and super rich in Western society has always been intrinsically fragile; their very presence has inspired social unease. In the Middle Ages, an excessive accumulation of wealth was considered sinful; the rich were expected not to appear to be wealthy. Eventually, the rich were deemed useful when they used their wealth to help their communities in times of crisis. Yet in the twenty first century, Alfani points out, the rich and the super rich, their wealth largely preserved through the Great Recession and COVID 19, have been exceptionally reluctant to contribute to the common good in times of crisis, rejecting even such stopgap measures as temporary tax increases. History suggests that this is a troubling development for the rich and for everyone else.

Colonialism in the Margins Gunlög Fur, 2006-09-01 This book explores Swedish encounters with American Indians in the New Sweden colony on the Delaware River during the second half of the seventeenth century. To place Swedish Indian interactions in perspective, a comparison is made with Swedish Saami colonial relations during the same time period. These were two expressions of Great Power ambitions that placed Sweden firmly within the context of European colonialism but also meant the two outstanding examples of Swedish encounters with indigenous populations. Focus is on issues of land ownership and transactions on trade and on cultural encounters. The book is of particular interest to historians of colonial encounters in America and Sweden but also in a larger context concerning European colonialism and its heritage today.

Peasants and Soldiers Giulio Ongaro, 2016-11-03 Early modern Venice is predominantly remembered as a maritime power, yet historians have become increasingly interested in its political and military aspirations within the Italian mainland. Adding to the growing literature on this subject, Giulio Ongaro's book

addresses the practical management of the Venetian military apparatus in this period Focusing on two provinces Vicenza and Brescia he interrogates a broad spectrum of primary source documents produced by these rural communities that illuminate Venetian military activities between the mid sixteenth century and the end of the War of Candia in 1670 From the production of the saltpeter the construction of the fortresses the supplying and the training of the rural militia and the quartering of troops this book shows how essential military activities were managed and overseen at the local level In so doing it demonstrates how local autonomy over the management of Venetian military apparatus particularly from an economic point of view did not necessarily conflict with wider ongoing processes of state building or moves towards the centralization of particular public functions Indeed the state appeared to encourage local elites initially urban then rural to take a leading role in overseeing the localised management of military tasks The result was a system that both supported the resilience of the local economy both public and private and which strengthened and improved the Republic's military assets allowing it to remain the only Italian state free from the domination of European monarchies

Public Finance of the Dutch Republic in Comparative Perspective Wantje Fritschy, 2017-04-11 This study offers the first complete overview of the remarkable public finances of the Dutch Republic of the United Provinces Wantje Fritschy has analysed the development and structure of its public revenue and expenditure She argues that a tax revolution and the fiscal resilience of the provinces together were more important for its surprising performance than Holland's public debt alone and the institutional and economic characteristics of its urban system were more important than wealth due to foreign trade Comparisons with the fiscal systems of three more centralized states the Venetian Republic Britain and the Ottoman Empire underline the crucial importance of long term urbanization trajectories in understanding early modern fiscal performance It was not because it was federal that the Dutch Republic collapsed

Working Women of Early Modern Venice Monica Chojnacka, 2001-02-08 In this groundbreaking book Monica Chojnacka argues that the women of early modern Venice occupied a more socially powerful space than traditionally believed Rather than focusing exclusively on the women of noble or wealthy merchant families Chojnacka explores the lives of women unmarried married or widowed who worked for a living and helped keep the city running through their labor services and products Among Chojnacka's surprising findings is the degree to which these working women exercised control over their own lives Many headed households and even owned their own homes when necessary they also took in and supported other women of their families Some were self employed while others had jobs outside the home They often moved freely about the city to conduct business and they took legal action in the courts on their own behalf On a daily basis Venetian women worked traveled and contested obstacles in ways that made the city their own

The Velizh Affair Eugene M. Avrutin, 2018 The Velizh case was the longest ritual murder investigation in the modern world Drawing on newly discovered trial records historian Eugene M Avrutin looks beyond antisemitism as the single most important factor in understanding ritual murder accusations and in the process provides an intimate glimpse of

small town life in eastern Europe The Global Economy as Political Space Stephen J. Rosow, Naeem Inayatullah, Mark Rupert, 1994 Explores the social political philosophical and cultural dimensions of the shift from a nation state based economy to a global economy The Microscope in the Dutch Republic Edward G. Ruestow, 1996 Focusing on the two seventeenth century pioneers of microscopic discovery the Dutchmen Jan Swammerdam and Antoni van Leewenhoek Ruestow demonstrates that their uneasiness with their social circumstances spurred their discoveries Though arguing that aspects of Dutch culture impeded serious research with the microscope Ruestow also shows however that the culture of the period shaped how Swammerdam and Leewenhoek responded to what they saw through the lens He concludes by emphasising how their early microscopic efforts differed from the institutionalised microscopic research that began in the nineteenth century

Afterglow Or Adjustment? Mark Randal Brawley, 1999 Is the United States overstretched in its international commitments This book examines differing responses to overstretch in modern history focusing mostly on military and economic policies in the U S and Britain over the past century *The Atlantic World and the Manila Galleons* José Luis Gasch-Tomás, 2018-12-10 Studies of the trade between the Atlantic World and Asia during the sixteenth and seventeenth centuries typically focus on the exchanges between Atlantic European countries especially Portugal the Netherlands and England and Asia across the Cape route In *The Atlantic World and the Manila Galleons* Circulation Market and Consumption of Asian Goods in the Spanish Empire 1565 1650 Jos L Gasch Tom s offers a new approach to understanding the connections between the Atlantic World and Asia By drawing attention to the trans Pacific trade between the Americas and the Philippines the re exportation of Asian goods from New Spain to Castile and the consumption of Chinese silk Chinese porcelain and Japanese furnishings in New Spain and Seville this book discloses how New Spanish cities and elites were main components of the spread of taste for Asian goods in the Spanish Empire This book reveals how New Spanish family and commercial networks channelled the market formation of Asian goods in the Atlantic World around 1600 *The Embattled Northeast* Kenneth M. Morrison, 1984-01-01 *The Embattled Northeast* breaks with established wisdom concerning the dynamics of Indian white relations It shows that Euramericans technological superiority did not undermine the Abenaki s self confidence but that trade pushed the tribes toward reaching an alliance among themselves as the first step in dealing with colonials The study also tells how the Abenaki adapted to the post contact world in order to secure their lives in religious terms combining their own religious beliefs with compatible French Jesuit teachings Jacket Sugar Plantations in the Formation of Brazilian Society Stuart B. Schwartz, 1985 Colonial Brazil was a multiracial society profoundly influenced by slavery and the plantation system This study examines the history of the sugar economy and the peculiar development of plantation society over a three hundred year period in Bahia a major sugar plantation zone and an important terminus of the Atlantic slave trade **Economic Life in Ottoman Europe** Bruce McGowan, 1981 A painstaking study of Ottoman records providing analyses of the economic fiscal and demographic situation **Book Review Index Cumulation** Dana

Ferguson, 2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year Review - Fernand Braudel Center for the Study of Economies, Historical Systems, and Civilizations Fernand Braudel Center for the Study of Economies, Historical Systems, and Civilizations, 2000 **Population Growth and Agrarian Change** David B. Grigg, 1980-12-18 This book first published in 1980 suggests some ways of looking at the interrelationships between population growth and agrarian change and uses these approaches to consider the demographic and agrarian problems of various parts of Europe in the past in the fourteenth century the sixteenth and early seventeenth centuries and in the early nineteenth century
