Global Societies An Introduction:

Global Societies, 2007 Global Societies Akwasi P. Osei, Fidelis Odun Balogun, 2005-01-01 The Global Society William C. Cockerham, 1995 This is an introductory text to sociology which presents sociology as a way of understanding the world not just individual societies With a comparative focus it de emphasizes US society in favour of global sociology Sociological theory is adopted throughout the text within discussions of specific topics rather than following the traditional organization of relegating the topic to a separate chapter Making Global Society Barry Buzan, 2023-08-10 Tracks the material and social conditions of humankind across history explaining how global society evolved and what its prospects are

Routledge International Handbook of Religion in Global Society Jayeel Cornelio, François Gauthier, Tuomas Martikainen, Linda Woodhead, 2020-11-29 Like any other subject the study of religion is a child of its time Shaped and forged over the course of the twentieth century it has reflected the interests and political situation of the world at the time As the twenty first century unfolds it is undergoing a major transition along with religion itself This volume showcases new work and new approaches to religion which work across boundaries of religious tradition academic discipline and region The influence of globalizing processes has been evident in social and cultural networking by way of new media like the internet in the extensive power of global capitalism and in the increasing influence of international bodies and legal instruments Religion has been changing and adapting too This handbook offers fresh insights on the dynamic reality of religion in global societies today by underscoring transformations in eight key areas Market and Branding Contemporary Ethics and Virtues Intimate Identities Transnational Movements Diasporic Communities Responses to Diversity National Tensions and Reflections on Religion These themes demonstrate the handbook s new topics and approaches that move beyond existing agendas Bringing together scholars of all ages and stages of career from around the world the handbook showcases the dynamism of religion in global societies It is an accessible introduction to new ways of approaching the study of religion practically theoretically and geographically The Reception and Transmission of Civil Procedural Law in the Global Society Masahisa Deguchi, Marcel Storme, 2008 In modern times the civil procedural laws of every country have been influenced by those of other countries For instance the Japanese legal system was itself influenced by Chinese culture and later developed independently under the policy of national isolation And since 1868 Japan has modernized its civil procedural law using French German and American law as its models Japan has recently tried to contribute by way of legislative and legal educational assistance to other Asian countries Vietnam Cambodia etc in civil and procedural law The civil procedural laws of different countries should be expected to harmonize with each other in the global society This book is the outcome of the Congress of the International Association of Procedural Law at the Ritsumeikan University in Kyoto Japan In this book various outstanding contributors are treating a contemporary legal problem in their own civil procedural systems including examples from India the Netherlands Korea Italy China Japan etc Global Civil Society 2011 H. Seckinelgin, Billy

Wong,2016-01-12 *Global Civil Society* 2011 combines activist and academic accounts of contemporary struggles to promote negotiate and deliver justice in a global frame without a central authority In their engagement with cultural diversity and their networked communication the contributors rethink and remake justice beyond the confines of the nation state

Chugunov,Yury Kabanov,Olessia Koltsova,2017-11-08 This book constitutes the refereed proceedings of the Second International Conference on Digital Transformation and Global Society DTGS 2017 held in St Petersburg Russia in June 2017 The 34 revised full papers and three revised short papers presented were carefully reviewed and selected from 134 submissions The papers are organized in topical sections on eSociety social media analysis eSociety ICTs in education and science eSociety legal security and usability issues ePolity electronic governance and electronic participation ePolity politics of cyberspace eCity urban planning and smart cities eHealth ICTs in public health management eEconomy and eFinance finance and knowledge management **Non-persons. The Exclusion of Migrants in a Global Society** Alessandro Dal Lago,2009 While

continually broadcasting the deaths of illegal immigrants who have drowned at sea the majority of mass media incessantly feeds the panic over the invasion of Italy by poor immigrants from the Third World This study is not merely an examination of the familiar limitations of the media but an investigation of the comprehensive attitude in Italian society of rejecting foreigners who have been transformed into public enemies through a vicious cycle of panic and exclusion Political dialogue has not proven very aware of the problem of acknowledging the civil rights of the new migrants The recent cultural rediscovery of the Italian nation and the Italian homeland that communal sentiment on which national belonging is based is not separate from these recent disturbing developments Not only does this appeal to the Italian nation prove weak but it corresponds to a process of inferiorization of other societies poorer nations the underdeveloped regions of Italy itself and the less wealthy areas in dominant regions The political left and right both display this disturbing mentality In this extensively documented polemical book Alessandro Dal Lago clearly takes a stand regarding the most profound impulses in Italian society This study reveals that what is involved in the cultural discussion on migration are the most fundamental parameters and values upon which our democracy rests **Artificial Intelligence and Global Society** Puneet Kumar,Vinod Kumar

Maccarini,2019-03-01 This book addresses the problem of the transition to

new forms of social order in the global world As a haunting sense of historical discontinuity pervades Western societies it offers a fresh perspective on the issue focusing on two basic coordinates to pinpoint the developmental path of rapidly changing societies one is the mechanism of unfettered social morphogenesis and the other is the specific kind of societal unification brought about by globalization with the related closure of the world The book draws on the theoretical work produced in the five volumes of the Springer series Social Morphogenesis and applies it in a sustained and concerted approach to the empirical examination of macro social change The first part of the book presents the social ontology of the morphogenetic approach and discusses its capacity to interpret macrosocial transitions The second part then draws a prospective outline of the social formation known as the morphogenic society showing how unbound morphogenesis in a globalized world shapes such crucial phenomena as social norms war and violence openness and closure as adaptive responses from social organizations Lastly the third part examines the anthropological consequences of these societal trends focusing on self and character as well as on human fulfillment and the good life

Sport and Society in the Global Age

Timothy Marjoribanks, Karen Farquharson, 2017-09-16 Are sports influenced by their social context Can sport influence the social world And how is sport changing in our increasingly globalized society This thought provoking text explores these questions and introduces key debates in the sociology of sport Uncovering the power dynamics within sport and bringing this everyday topic under a sociological lens the book Explores hot topics and contemporary controversies such as e gaming fan violence and sex testing Examines the central role of technology and the media in how sport is consumed represented and played Discusses a wide range of thinkers from Gramsci to Castells Reflects on developments in sport at local global and national levels With clearly explained theory and vibrant case examples this text shows how we engage with sport in social political cultural and economic terms It is an indispensable text for students across the social sciences studying sports

Considerations and Characteristics of the Millennial Leader in Today's Global Society Graham, Tymon

M., 2023-10-04 As leaders climb the executive ladder there are unique differences between age groups The millennial leader must be groomed for success and faces many obstacles as they progress As prior generations begin to retire the next set of leaders must be in the position to sustain the new roles that they are ascending to and have the knowledge and competency to do so As these leaders quickly move into senior roles they must be sufficiently prepared Without this advancement and preparation there will be no leaders to sustain our organizations and institutions Considerations and Characteristics of the Millennial Leader in Today's Global Society explores the routes of millennial leaders for ascension through the educational and corporate ranks along with the challenges lessons learned and qualifications needed to be successful It provides narratives and insights on the millennial leader leadership qualities needed of future leaders and delves into other millennial leaders who have ascended as well as how managers supervisors and senior leaders can help in the changes of the organizational life cycle Covering topics such as emotionally intelligent leadership positive social psychology and leadership

development this premier reference source is an essential resource for business executives and managers human resource managers entrepreneurs government officials politicians community leaders students and educators of higher education librarians researchers and academicians **Public Theology for a Global Society** Deidre King Hainsworth, Scott R. Paeth, 2010 In these essays honoring ethicist Max Stackhouse leading Christian scholars consider the historical roots and ongoing resources of public theology as a vital element in the church's engagement with global issues Public Theology for a Global Society explores the concept of public theology and the challenge of relating theological claims to a larger social and political context The range of essays included here allows readers to understand public theology as both theological practice and public speech and to consider the potential and limits of public theology in ecumenical and international networks The essays begin by introducing the reader to the development of public theology as an area of study and to the historical interrelationship of religious legal and professional categories The later essays engage the reader with emerging problems in public theology as religious communities encounter shifting publics that are being transformed by globalization and sweeping political and technological changes The breadth and scholarship of Public Theology for a Global Society make this volume a fitting tribute to Stackhouse a central figure in Christian ethics and pioneer in the church's study of globalization
