*Guide to International Transfer Pricing* Dr A. Michael Heimert, T.J. Michaelson, 2018-10-26 The

pricing of goods services intangible property and financial instruments within a multi divisional organization particularly in regard to cross border transactions has emerged as one of the most contentious areas of international tax law This is due in no small measure to the rise of transfer pricing regulations as governments seek to stem the flow of their tax revenue from their jurisdictions This thoroughly practical work provides guidance on an array of critical transfer pricing issues The guide s relevance is further enhanced by the inclusion of country chapters covering domestic transfer pricing issues in a variety of key national jurisdictions

**International Transfer Pricing in Asia Pacific** J. Li,2005-09-08 In the management of business activity by companies operating in more than one country the complex array of issues and practices that characterize their movements of assets between constituent company units centres around what has become known as international transfer payments This book based on extensive research explains the nature of the subject presents the latest data on the practice of transfer payments in three Asia Pacific countries the regulations attitudes and conditions which form the context in which they take place and the events which are most likely to precipitate the intervention of the authorities and lead to investigation and audit

**Valuing Intellectual Capital** Gio Wiederhold,2013-08-13 Valuing Intellectual Capital provides readers with prescriptive strategies and practical insights for estimating the value of intellectual property IP and the people who create that IP within multinational companies This book addresses the crucial topic of taxation from a rigorous and quantitative perspective backed by experience and original research that illustrates how large corporations need to measure the worth of their intangible assets Each method in the text is applied through the lens of a model corporation in order for readers to understand and quantify the operation of a real world multinational enterprise and pinpoint how companies easily misvalue their intellectual capital when transferring IP rights to offshore tax havens The effect contributes to the issues that can lead to budgetary crises such as the so called fiscal cliff that was partially averted by passage of the American Taxpayer Relief Act on New Year s day 2013 This book also features a chapter containing recommendations for a fair and balanced corporate tax structure free of misvaluation and questionable mechanisms CFOs corporate auditors corporate financial analysts corporate financial planners economists and journalists working with issues of taxation will benefit from the concepts and background presented in the book The material clearly indicates how a trustworthy valuation of intellectual capital allows a realistic assessment of a company s income earnings and obligations Because of the intense interest in the topic of corporate tax avoidance the material is organized to be accessible to a broad audience

**Transfer Pricing and Business Restructurings** Anuschka Bakker,2009 This book highlights the main tax issues that arise when business restructurings take place It provides fundamental information about the drivers of business restructurings and business models examines the application of Art 9 of the OECD Model Convention and considers not only the direct tax issues in business restructuring but also VAT and customs duties It gives practical insights into the tax accounting treatment of business restructurings OECD work in progress and the effect of the EU tax system and includes a case study concerning the

restructuring of a manufacturing operation which is analysed from the perspective of key industrial jurisdictions along with an examination of current practice

Resolving Transfer Pricing Disputes Eduardo Baistrocchi, Ian Roxan, 2012-12-06 Via a global analysis of more than 180 transfer pricing cases from 20 representative jurisdictions Resolving Transfer Pricing Disputes explains how the law on transfer pricing operates in practice and examines how disputes between taxpayers and tax administrations are dealt with around the world It has been designed to be an essential complement to the OECD Transfer Pricing Guidelines for Multinational Enterprises and Tax Administrations which focus on transfer pricing issues but do not refer to specific transfer pricing disputes All of the transfer pricing cases discussed in the book are linked to the relevant paragraphs of the OECD Guidelines by means of a Golden Bridge namely a table listing the cases according to the paragraphs of the Guidelines to which they refer It therefore provides examples of the application of the Arm's Length Principle in many settings on all continents
