Globalisation Global Justice And Social Work:

Globalisation, Global Justice and Social Work Iain Ferguson, Michael Lavalette, Elisabeth Whitmore, 2005-08-15

Globalization has become a seemingly unstoppable force over recent decades and in its wake global notions of social justice have developed in response to its negative aspects. Neo liberal economic policies have been a key element in the wider process of globalization and these policies have had a profound impact on welfare provision and the shape of social work practice. Arising dissatisfaction among users of welfare and social work services is fuelling the search for a new more radical social work that is firmly rooted in principles of social justice. *Globalisation Global Justice and Social Work* explores the global effects of neo liberal policies on welfare services in different countries with contributions from social work academics, practitioners and welfare activists around the world. The first section of the book presents case studies of impact of neo liberalism on welfare systems, social service provision and the practice of social work. In the second section the chapters explore the relationship between social work practice and the struggle for social justice. Authors discuss the personal and political dilemmas they have had to address in seeking to link a personal commitment to social justice with their daily practice as workers and educators in social work. The final section assesses the prospects for social work practice based on notions of social justice by looking at what can be learned from the experience of previous radical movements as well as from emergent global and local movements.

Social Work and Neoliberalism Edgar Marthinsen,Nina Skjefstad,Anne Juberg,Paul Michael

Garrett,2021-09-26 Social work educators and practitioners are grappling with many difficulties confronting the profession in the context of an increasingly neoliberal world The contributors of this book examine how neoliberalism and the modes with which it structures the world has an impact on and shapes social work as a disciplinary field Drawing on new empirical work the chapters in this book highlight how neoliberalism is affecting social work practices on the ground The book seeks to stimulate international debate on the totalizing effects of neoliberalism and in so doing also identify various ways through which it can be resisted both locally and globally The chapters in this book were originally published as a special issue of the European Journal of Social Work

Understanding International Social Work Richard Hugman,2010-03-04 Adopting a global frame of reference this text provides a clear and comprehensive comparative analysis of international social work using case studies to illustrate practice issues in different geographical locations This book is essential reading for all students of social work taking modules on international practice

New Labour/hard labour? Mooney, Gerry, Law, Alex,2007-10-10 There are an increasing number of studies devoted to an examination of New Labour s social policies However thus far there has been little in the way of substantive discussion of opposition to and conflict around key elements of New Labour s agenda for the welfare state and public sector from those who are involved in the frontline implementation and delivery of welfare policies Since the mid to late 1990s there have been continual and recurring episodes of industrial action of various kinds involving social workers teachers lecturers nurses hospital ancillary staff nursery nurses home helps and local authority librarians among others Welfare delivery has become a central point of industrial relations disputes in the UK today This book provides the first critically informed discussion of work and workers in the UK welfare sector under New Labour It examines the changing nature of work and explores the context of industrial relations across the welfare industry While the main focus is on the workforce in state welfare this is set within the context of recent and current shifts in the mixed economy of welfare between state private and third sector organisations

Macfarlane, 2019-01-17 Equips students with a critical perspective and develops their understanding of social work practice

Social Work with Children and Families Steve Rogowski, 2016-04-20 Professional social work has changed considerably over the last forty years coinciding with the demise of the social democratic consensus of the post war years and the emergence and now domination of neoliberalism Rather than the state through the government of the day ensuring citizens basic needs were met via the welfare state the belief in free market economics entails people having to be self reliant and self responsible This has involved social work with children and families moving from a helping and supportive role to one that is more authoritarian this often involving telling parents to change their behaviour and lifestyle or face the consequences This book outlines the development of social work with children and families over the period in question drawing on the author's unique practice experience and his extensive writings It charts the highs and lows of social work the latter including the dominance of managerialism which emphasises speedy completion of bureaucracy so as to ration resources and assess manage risk Despite this the argument is for a critical practice which addresses service users immediate needs while simultaneously aiming towards a more socially just and equal society This book is essential reading for everyone interested in social work including academics students practitioners and managers both in the UK and overseas Social care and allied professionals more generally will also find it insightful as will academics students and educators of social policy and related disciplines *Radical Social Work in Practice* Iain Ferguson, Rona Woodward, 2009-05-14

APPROVED BY AUTHOR Radical social work is a tradition often identified exclusively with the movement which developed in the UK in the 1970s However this much needed new textbook the first student text devoted to radical social work demonstrates that the relevance of radical approaches to contemporary social work practice have never been stronger Challenges to a neoliberal approach to social work have been gaining ground academically and with practitioners This book provides a true vision of the radical tradition and shows how it can be developed in contemporary social work Using case

studies and a problem based learning approach to illustrate the type of dilemmas faced by workers in their day to day practice the book sets out the ways in which a radical social work approach can inform constructive responses It emphasises the need to understand the diverse lives of service users encouraging readers to share experience and knowledge and to discuss past and present events to build confidence in tackling injustice at individual and societal levels As many social workers are becoming disillusioned and dissatisfied with the bureaucracy and regulation in the profession this book promotes a practice that is rooted in a commitment to positive change and to social justice that will offer a breath of fresh air to students and practitioners alike

Asian Social Work Ian Shaw, Rosaleen Ow, 2019-08-28 The countries of East and Southeast Asia taken as a whole display a laboratory of social and political conditions with individual countries presenting a variety of political cultural and social characteristics Some with one party state systems others with stable liberal democracies and yet others with more fragile democratic systems As such the region presents a unique opportunity to examine the relationship between diverse national environments and social work education regimes In this book social work educators and theorists from around East and Southeast Asia provide accounts of the social work programs within the higher education systems of their respective countries and compare them to those of their neighbours This is the first book to offer a structured account of how social work and social work education have emerged and finds their present place in the historical economic political urban rural and higher education contexts of Southeast Asia and East Asia Experts from the region assess the extent to which these countries systems possess a collective coherence while examining the diversity among them

The Handbook of Community Practice Marie Weil, Michael S. Reisch, Mary L. Ohmer, 2013 Written by some of the most influential scholars in the field this Handbook covers community development organizing planning and social change as well as key issues fields of practice and global approaches

Social Work in Extremis Michael Lavalette, Vasilios Ioakimidis, 2011 This important book looks at social work responses in different countries to extreme social economic and political situations including war situations military regimes earthquakes and tsunamis
