Health Inequalities in Japan Katsunori Kondō, 2010. The life expectancy of the Japanese is among the highest in the world and their preventive system to avoid nursing care is attracting international attention. Based on a large sample of senior citizens this quantitative ground breaking study examines the ways in which preventive care is exercised in such areas as depression oral health insomnia social isolation and poor diet. The book focuses on the degree to which social inequalities and disparities are distributed among the elderly and it argues that a socio epidemiological approach that emphasizes psycho sociological variables deserves special attention. It analyzes the social determinants of health and goes far beyond the normal purview of individual focused health care to consider the long term effects of education and investment in social capital for the health of older people a valuable contribution and includes a helpful foreword by Ichiro Kawachi of the Harvard School of Public Health. It is one of the larger social epidemiological surveys to have been conducted concerning the precursors to well being in later life and it has gotten the attention of gerontologists sociologists and policy analysts in Japan. *Journal of Japanese Studies* 38 2 2012.

An Introduction to Japanese Society Yoshio Sugimoto, 2020-11-12. Taking a sociological approach this text provides a sophisticated highly readable introduction to Japanese society.

A Handbook of Economic Anthropology, Second Edition James G. Carrier, 2012-01-01. Acclaim for the first edition. The volume is a remarkable contribution to economic anthropology and will no doubt be a fundamental tool for students scholars and experts in the sub discipline. Mao Mollona *Journal of the Royal Anthropological Institute*. This excellent overview would serve as an excellent text for advanced undergraduate and graduate level classroom use. Because of the clarity conciseness and accessibility of the writing the chapters in this volume likely will be often cited and recommended to those who want the alternative and frequently culturally comparative perspective on economic topics that anthropology provides. Highly recommended. All academic levels.

libraries K F Rambo Choice The first edition of this unique Handbook was praised for its substantial and invaluable summary discussions of work by anthropologists on economic processes and issues on the relationship between economic and non economic areas of life and on the conceptual orientations that are important among economic anthropologists This thoroughly revised edition brings those discussions up to date and includes an important new section exploring ways that leading anthropologists have approached the current economic crisis Its scope and accessibility make it useful both to those who are interested in a particular topic and to those who want to see the breadth and fruitfulness of an anthropological study of economy This comprehensive Handbook will strongly appeal to undergraduate and post graduate students in anthropology economists interested in social and cultural dimensions of economic life and alternative approaches to economic life political economists political scientists and historians
