In the center, the text "• GO AHEAD •" is overlaid in a large, white, serif font. The background is dark, and the overall atmosphere is that of a live music performance.

Brandstand Peggy Fincher Winters, Carole Paul, 2002 Today's major retail marketers look to the power of branding as their most potent and valuable strategic asset This fascinating book of case studies demonstrates what really works in effective retail brand management showing readers a myriad of marketing and creative efforts that help develop a branding story Filled with over 500 full color photos Brandstand identifies analyzes and interprets each brand and presents a new how to think rather than what to think theory about building retail equity *Live Long & Die Laughing* Mark Lowry, 2000-10-18 InLive Die Laughing comedian singer Mark Lowry pulls his wild and wacky train of thought into the station with musings about everything from God's character to church potlucks Using material from his email newsletter along with responses from its nearly 40 000 subscribers reMarkable [www.marklowry.com](http://www.marklowry.com) Lowry underscored the idea that God tirelessly loves and looks after his believers no matter how quirky we are A Few Months to Live Jana Staton, Roger W. Shuy, Ira Byock, 2001-04-13 A Few Months to Live describes what dying is like from the perspectives of nine terminally ill individuals and their caregivers Documenting a unique study of end of life experiences that included detailed conversations in home care settings the book focuses on how participants lived their daily lives understood their illnesses coped with symptoms especially pain and searched for meaning or spiritual growth in their final months of life The accounts are presented largely in the participants own words illuminating both the medical and non medical challenges that arose from the time each learned the bad news through their final days of life and memorial services Describing the nationwide crisis that surrounds end of life care the authors contend that informal caregiving by relatives and close friends is an enormous and too often invisible resource that deserves close and public attention By incorporating not only the ill person's but also the family's perspective they portray the nine participants in the contexts of their daily lives and relationships rather than simply as patients Addressing such issues as palliative care quality of life financial hardship grief and loss and communications with medical personnel the authors identify how families professionals and communities can respond to the challenges of terminal illness and the need to confront life's end *Historical Discourse on Boonton, Delivered Before the Citizens of Boonton at Washington Hall, on the Evenings of September 21 and 28, and October 5, 1867* Isaac S.
