Go For The Green Leadership Secrets From The Golf Course The Front Nine:

Go for the Green Donald A. Sanders,2001 **Go for the Green** Donald A. Sanders,2010 Just as in the game of golf the old saying applies to business and leadership How do you know if you have arrived if you never knew where you were going Most people in positions of management and or leadership want to do the best they can in their roles However few are given practical examples or standards that can be put to immediate use and have long term impact Becoming an effective leader isn't a walk in the park for most people But with Don Sanders working with you it can be compared to a walk on a golf course This book looks at management just as a golfer would look at the first nine holes of any golf course Each hole presents challenges and tasks and the author shows how to hit the mark each time For those who aren't golfers this is still the most practical down and dirty hands on guide you will ever need to get ahead in the management leadership game The perfect gift for anyone man or woman who wants to key in on the secrets to successful leadership Remember 97% of America's top executives play golf Isn't the comparison between golf and successful leadership leadership and success with golf something that you'd like to tap into

In Search of Ethics Len Marrella,2001 American society seems to be in a constant state of recovery from a series of attacks on our social and economic morals and ethics From the never ending embarrassment of the Clinton sex scandals to the fall of such personalities as Martha Stewart it seems that there is a new character challenge every day This stimulating and inspirational book points out the quicksand that we all walk upon daily and illustrates his message with interviews and commentaries with some fascinating people who had to look moral and ethical challenges in the face and decide for themselves how they were going to handle their own Ethics Gate
