The Preacher's Son Patricia Johns, 2021-01-26 In this poignant new series Patricia Johns introduces an Amish family striving to reclaim the promise of love, marriage and community. The Amish residents of Bountiful Pennsylvania are stunned when preacher Abe Yoder is imprisoned for fraud. For Abe's son Isaiah the news cuts doubly deep. His father's misdeeds have cost Isaiah his family's land and their good name. To support his sisters he takes a job in the Glick family's book binding shop though it means working alongside a woman who has every reason to resent him. Yet his attraction to Bethany Glick's beauty and warmth is undimmed. Isaiah's father's actions helped drive Bethany's fiancé to the Englischer world and cost her own father his savings. Their shop has need of Isaiah's brawn and skill but if she's to start over after heartbreak she needs a man she can trust. Not a Yoder. But Isaiah isn't giving up so easily. And when Bethany faces a dilemma there may be a way for each to find not just redemption but a joyful new love.

Children, politics and communication Thomas, Nigel, 2009-05-06 Even after 20 years of children's rights and new thinking about childhood children are still frequently seen as apolitical. All over the world there has been a growing emphasis on participation but much of this is adult led and spaces for children's individual and collective autonomy are limited. Children, politics and communication questions many of the conventional ways in which children are perceived. It focuses on the politics of children's communication in two senses: children as political actors and the micropolitics of children's interaction with each other and with adults. It looks at how children and young people communicate and engage, how they organise themselves and their lives and how they deal with conflict in their relationships and the world around them. These are children at the margins in various ways but they are not victims; they are finding ways to take charge of their own lives. The book is also about adults and how they can interact with children and young people in ways that are sensitive to children's feelings, empowering and supportive of their attempts to be autonomous. With international contributions from a range of disciplines, *Children, politics and communication* is timely and relevant for policy makers, practitioners and researchers engaging with children and young people.
