Mughal Occidentalism Mika Natif, 2018-08-13 In *Mughal Occidentalism* Mika Natif elucidates the meaningful and complex ways in which Mughal artists engaged with European art and techniques from the 1580s 1630s Using visual and textual sources this book argues that artists repurposed Christian and Renaissance visual idioms to embody themes from classical Persian literature and represent Mughal policy ideology and dynastic history A reevaluation of illustrated manuscripts and album paintings incorporating landscape scenery portraiture and European objects demonstrates that the appropriation of European elements was highly motivated by Mughal concerns This book aims to establish a better understanding of cross cultural exchange from the Mughal perspective by emphasizing the agency of local artists active in the workshops of Emperors Akbar and Jahangir

imposition of power dynamics by a dominant omniscient actor Flores reveals how Portuguese imperial administrators were vulnerable participants in a network of relations involving multiple political powers relations that required enormous bureaucratic and diplomatic effort to understand and successfully navigate Showing how a European empire was drawn into the political practices and rituals of the Indo Persian world Flores decenters the lenses conventionally used to observe the Portuguese empire in Asia and helps us rethink its nature while questioning the boundaries of the Indo Persian world
