God A Self Portrait:

God: a Self Portrait Philip McCarty, 2004-11-07 What is God like Come join Philip McCarty as he enters an art gallery containing only one picture God through His word has painted an unbelievable portrait of Himself Like any masterpiece there are different textures layers and angles that need to be explored and scrutinized Beginning with the physical characteristics of God Spirit Trinity Self Existence Everywhere Present All Knowing Almighty The author then moves to the moral attributes Holy Just Love Mercy True He finishes with some of the characteristics that blend both the physical and moral Wise Sovereign Unchangeable Along the way you will find out how God has drawn you Whether you have attended church all your life or just wanting to take a peek at this God thing you will find something of interest in each chapter This book purposefully stays away from the Christian jargon and church speak and defines every important term used If you have never read a book about God then let this be your first **Jesus**, 1994 *Jesus* Enda Lyons, 1994-03 The understanding of Jesus is basic to everything else about people's faith as Christians From earliest times scholars have asked questions about this Jesus like could he really have been God If so could he really have been human How much did he know Did he know who he was What is being born of a virgin all about How literally are we to take what the Gospels say about Jesus And so on These are still significant questions for all Christians many of whom have been distracted from the humanity of Jesus by a traditional emphasis on his divinity Your Identity Diane Fink, 2002-01-01 *Selfies* Craig Detweiler, 2018-04-03 Selfies are ubiquitous They can be silly or serious casual or curated Within moments smart phone users can capture their image and post it across multiple social media platforms to a global audience But do we truly understand the power of image in our image saturated age How can we seek God and care for each other in digital spaces Craig Detweiler a nationally known writer and speaker and an avid social media user examines the selfie phenomenon placing selfies within the long history of self portraits in art literature and photography He shows how self portraits change our perspective of ourselves and each other in family dynamics education and discipleship Challenging us to push past unhealthy obsessions with beauty wealth and fame Detweiler helps us to develop a thoughtful biblical perspective on selfies and social media and to put ourselves in proper relation to God and each other He also explains the implications of social media for an emerging generation making this book a useful conversation starter in homes churches and classrooms Each chapter ends with discussion questions and a photo assignment for creating a selfie in response to the chapter **Humanity in God's Image** Claudia Welz, 2016-08-18 How can we in our times understand the biblical concept that human beings have been created in the image of an invisible God This is a perennial but increasingly pressing question that lies at the heart of theological anthropology Humanity in God's Image An Interdisciplinary Exploration clarifies the meaning of this concept traces different Jewish and Christian interpretations of being created in God's image and reconsiders the significance of the imago Dei in a post Holocaust context As normative counterfactual notions human dignity and the imago Dei challenge us to see more Claudia Welz offers an

interdisciplinary exploration of theological and ethical visions of the invisible By analysing poetry and art Welz exemplifies human self understanding in the interface between the visual and the linguistic The content of the imago Dei cannot be defined apart from the image carrier an embodied creature Compared to verbal visual and mental images how does this creature as a living image refer to God like a metaphor a mimetic mirror or an elusive trace Combining hermeneutical and phenomenological perspectives with philosophy of religion and philosophy of language semiotics art history and literary studies Welz regards the imago Dei as a complex sign that is at once iconic indexical and symbolical pointing beyond itself

The Brain and the Spirit Gena St. David, 2021-10-29 The Brain and the Spirit invites readers to embark on a practice of listening to the Christ story through the earpiece of neuroscience After many years steeped in brain science the author had an unexpected encounter with a theologian James Alison whose trust in God and forgiveness toward others appeared to defy neurobiological explanation How did his encounter with the Christ story produce in him the Christlike responses that it did This question launched the author on a thrilling quest to listen to the scriptures and take up questions of creation humanity sin Jesus salvation the Spirit and the body of Christ to hear what might get amplified by our ever expanding understanding of the human brain Readers are invited to eavesdrop on the twists and turns of the author's story and take up their own practice of listening to the Spirit scripture and theology through the earpiece of neuroscience and to become curious how the Christ story may spark trust which unlocks our brain's capacity to engage reality with relationality kindness creativity and access to joy

Art and Mysticism Louise Nelstrop, Helen Appleton, 2018-06-12 From the visual and textual art of Anglo Saxon England onwards images held a surprising power in the Western Christian tradition Not only did these artistic representations provide images through which to find God they also held mystical potential and likewise mystical writing from the early medieval period onwards is also filled with images of God that likewise refracts and reflects His glory This collection of essays introduces the currents of thought and practice that underpin this artistic engagement with Western Christian mysticism and explores the continued link between art and theology The book features contributions from an international panel of leading academics and is divided into four sections The first section offers theoretical and philosophical considerations of mystical aesthetics and the interplay between mysticism and art The final three sections investigate this interplay between the arts and mysticism from three key vantage points The purpose of the volume is to explore this rarely considered yet crucial interface between art and mysticism It is therefore an important and illuminating collection of scholarship that will appeal to scholars of theology and Christian mysticism as much as those who study literature the arts and art history

Salome Rosina Neginsky,2014-10-16 Although the root of the Hebrew name Salome is peaceful the image spawned by the most famous woman to carry that name has been anything but peaceful She and her story have long been linked to the beheading of John the Baptist as described in the Gospels of Matthew and Mark since Salome was the supposed catalyst for the prophet s execution This history of the myth of Salome describes the process by which that myth was created the roles that art literature theology and music played in that creation and how Salome s image as evil varied from one period to another according to the prevailing cultural myths surrounding women After setting forth the Biblical and historical origins of the Salome story the book examines the major cultural literary and artistic works which developed and propagated it including those by Filippo Lippi Rogier van der Weyden Titian Moreau Beardsley Mallarm Wilde and Richard Strauss **The One Year Worship the King Devotional** Chris Tiegreen,Walk Thru Ministries,2012-10-17 Thoughtful and insightful Chris Tiegreen has helped thousands of readers know God more intimately through his writing In this beautiful leatherlike edition of The One Year Worship the King Devotional he explores a crucial question for Christians What is worship and why is it so important to God Drawing from the many examples of worship in Scripture both true and false the daily devotionals focus on the role of worship in the believer s life and in the grand scheme of creation Readers will be encouraged to give their lives for the glory of the King and to continually press toward deeper and purer praise **In Touch With God** Michael Green,Rosemary Green,2017-08-17 This thought provoking book will help each of us to deepen our knowledge of God and our relationship with him during our Advent journey Archbishop John Sentamu Make this Advent a time to refresh and enhance your spiritual life by reflecting on some of the greatest prayers in the Bible and the people who prayed them Abraham Moses Hannah David Isaiah Mary This sequence of twenty five inspiring meditations looks at how our forebears in faith turned to God both in times of trouble and times of joy and celebration Written by two popular Christian authors these deeply prayerful reflections on Scripture will help you get in closer touch with God throughout this Advent season and beyond into the year ahead **Road to Renewal** Wayne Baxter,2017-08-24 Are you floundering in your walk with God Does it feel like your prayers never accomplish anything Are you struggling to make an impact in the lives of those around you Are you desperate for spiritual renewal One of the reasons many believers struggle in their Christian walk is because they don t know how to pray biblically Through a clear insightful and practical exposition of Scripture Road to Renewal takes the reader through seven prayers in the Bible that when rightly understood and properly prayed can help bring about spiritual renewal **Van Gogh among the Philosophers** David P. Nichols,2017-12-06 This volume brings Continental philosophical interpretations of Van Gogh into dialogue with one another to explore how for Van Gogh art places human beings in their world and yet in other ways displaces them not allowing them to belong to that world **Correlating Sobornost** Ashley John Moyse,Scott A.

Kirkland, John C. McDowell, 2016-01-01 The diaspora of scholars exiled from Russia in 1922 offered something vital for both Russian Orthodoxy and for ecumenical dialogue Under new conditions liberated from scholastic academic discourse and living and writing in new languages the scholars set out to reinterpret their traditions and to introduce Russian Orthodoxy to the West Yet relatively few have considered the works of these exiles particularly insofar as they act as critical and constructive conversation partners This project expands upon the relatively limited conversation between such thinkers with the most significant Protestant theologian of the last century Karl Barth Through the topic and in the spirit of sobornost this project charters such conversation The body of Russian theological scholarship guided by sobornost challenges Barth helping us to draw out necessary criticism while leading us toward unexpected insight and vice versa Going forward this volume demonstrates that there is space not only for disagreement and criticism but also for constructive theological dialogue that generates novel and creative scholarship Accordingly this collection will not only illuminate but also stimulate interesting and important discussions for those engaged in the study of Karl Barth's corpus in the Orthodox tradition and in the ecumenical discourse between East and West
