Karl Barth's Theology as a Resource for a Christian Theology of Religions Sven Ensminger, 2014-08-28 This book uses Karl Barth's theology as a resource for Christian theology of religions For this purpose it examines Barth's theology under the doctrinal aspects of revelation revelation and religion theological anthropology and election addressing questions such as the possibility of and context for revelation Barth's understanding of religion the theological approach to the human being and soteriology Furthermore Barth's thought is put into conversation with other approaches in the field of theology of religions notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own

Faiths and Faithfulness Nicholas J. Wood, 2009-11-01 How are people of faith to be faithful to their various traditions in today's diverse society How may we live together as neighbors and yet remain true to our differing religious convictions How is it possible for the contemporary Christian to confess the Lordship of Jesus Christ in a world of many faiths These are some of the fundamental questions which this volume seeks to explore It offers a critical account of two key twentieth century missionary theologians who

attempted to address the issue of pluralism within a confessional framework Bishop Kenneth Cragg and Bishop Lesslie Newbigin This study argues for a reconsideration of the biblical themes of fullness and fulfillment which may offer a way of holding together the traditions of continuity which Cragg shows can never be total and of discontinuity which Newbigin argues can never be absolute In this way the book addresses some of the implications for the development of an appropriate missiological approach to inter faith issues in the twenty first century which requires us to take people of faith seriously but also allows faithfulness to the Christian gospel

John Hick's Pluralist Philosophy of World Religions Paul Rhodes Eddy, 2020-08-26 This title was first published in 2002 One of the most fascinating and controversial interpretations of religious diversity is religious pluralism According to John Hick's model of religious pluralism all the world's great religions are equally valid ways of understanding and responding to the ultimate spiritual reality This book offers an exposition of and critical response to John Hick's model Introducing the various interpretations of religious diversity being discussed today this book presents constructive suggestions as to how things could be further developed to offer a more accurate less confusing presentation of the various options in the theology of religions The standard threefold typology of responses to religious diversity exclusivism inclusivism and pluralism are explained and defended Hick's pluralist interpretation of religious diversity is traced culminating in a critical assessment of Hick's pluralistic model and an up to date summary of a variety of critiques directed toward Hick's proposal Paul Rhodes Eddy concludes that Hick's present model is ultimately unsuccessful in retaining both of his long cherished goals a robust religious realism and a consistent religious pluralism whilst overcoming the most difficult problem for the pluralist the fact that the world's religions understand the divine in often contradictory ways

Parry, 2011-01-01 All shall be well and all shall be well and all manner of thing shall be well Lady Julian of Norwich Universalism runs like a slender thread through the history of Christian theology It has always been a minority report and has often been regarded as heresy but it has proven to be a surprisingly resilient idea Over the centuries Christian universalism in one form or another has been reinvented time and time again In this book an international team of scholars explore the diverse universalisms of Christian thinkers from the Origen to Moltmann In the introduction Gregory MacDonald argues that theologies of universal salvation occupy a space between heresy and dogma Therefore disagreements about whether all will be saved should not be thought of as debates between the orthodox and heretics but rather as in house debates between Christians The studies that follow aim in the first instance to hear understand and explain the eschatological claims of a range of Christians from the third to the twenty first centuries They also offer some constructive critical engagement with those claims Origen Tom Greggs Gregory of Nyssa Steve Harmon Julian of Norwich Robert Sweetman The Cambridge Platonists Louise Hickman James Rely Wayne K Clymer Elhanan Winchester Robin Parry Friedrich Schleiermacher Murray Rae Thomas Erskine Don Horrocks George MacDonald Thomas Talbott P T Forsyth Jason Goroncy Sergius Bulgakov Paul Gavrilyuk Karl Barth Oliver Crisp Jaques Ellul Andrew Goddard J A T Robinson Trevor Hart Hans Urs von Balthasar Edward T Oakes SJ John Hick Lindsay Hall Jurgen Moltmann Nik Ansell

God-Relationships With and Without God J Kellenberger, 2016-01-01 *An Anthropological Approach to Theology* Heather Meacock, 2000 Heather Meacock in *An Anthropological Approach to Theology* has compiled an argument based upon the pluralist beliefs of Professor John Hick for the revision of traditional Christianity Hick's pluralist understanding of the theology of religions is influenced by the philosophy of Kant and his theories about society's moral awareness Meacock methodically explicates Hick's views while refuting his critics She claims that some Christian doctrines such as the Incarnation lose meaning when interpreted literally and that Christianity itself must begin to change its self perception to that of one among many world religions This book will interest students of religion philosophy as well as anthropologists interested in religion

Religious Pluralism in Christian and Islamic Philosophy Adnan Aslan, 2013-01-11 The

philosophy of religion and theology are related to the culture in which they have developed. These disciplines provide a source of values and vision to the cultures of which they are part while at the same time they are delimited and defined by their cultures. This book compares the ideas of two contemporary philosophers John Hick and Seyyed Hossein Nasr on the issues of religion, religions, the concept of the ultimate reality and the notion of sacred knowledge. On a broader level it compares two world views: the one formed by Western Christian culture which is religious in intention but secular in essence; the other Islamic formed through the assimilation of traditional wisdom which is turned against the norms of secular culture and is thus religious both in intention and essence.

God, Truth, and Reality Arvind Sharma, 2011-08-25

All arts and sciences in their own way ultimately try to come to grips with reality. What sets philosophy, theology and religion apart is that they grapple with ultimate reality. Over the decades spanned by John Hick's life in the course of this grappling reminiscent of Jacob's nocturnal encounter with the angel, philosophy became analytic, theology dialogical and religion comparative along one line of development. In these essays written in honour of Professor Hick, leading world scholars in these fields share their most recent insights. They are so to speak postcards from the cutting edge.

The Vicarious Humanity of Christ and the Reality of Salvation Christian D. Kettler, 2011-03-01

In this book the problem of the reality of salvation is addressed by T. F. Torrance's doctrine of the vicarious humanity of Christ. Through this approach salvation as humanization is affirmed yet without the problems of anthropocentric theologies. This book is unique in that it offers both a survey of contemporary Christian thinking on salvation as well as a constructive alternative based on Torrance's doctrine, a significant yet neglected contribution to modern theology.
