God And World In The Old Testament Relational Theology Of Creation:

God and World in the Old Testament Prof. Terence E. Fretheim, 2010-08-01 Fretheim presents here the Old Testament view of the Creator God the created world and our role in creation Beginning with The Beginning he demonstrates that creation is open ended and connected Then from every part of the Old Testament Fretheim explores the fullness and richness of Israel s thought regarding creation from the dynamic created order to human sin from judgment and environmental devastation to salvation redemption and a new creation *Theologies of Creation* Thomas Jay Oord, 2014-10-02 Humans have long wondered about the origin of the universe And such questions are especially alive today as physicists offer metaphysical theories to account for the emergence of creation Theists have attributed the universe s origin to divine activity and many have said God created something from absolute nothingness The venerable doctrine of creatio ex nihilo especially emphasizes God s initial creating activity Some contributors to this book explore new reasons creatio ex nihilo should continue to be embraced today But other contributors question the viability of creation from nothing and offer alternative initial creation options in its place These new alternatives explore a variety of options in light of recent scientific work new biblical scholarship and both new and old theological traditions *Old Testament Theology* Robin Routledge, 2020-05-21 Numerous useful books on Old Testament theology are now available However they often give too much information or too little Some can seem large and daunting to the ordinary student or pastor and because of their layout information may be hard to access Others take a more introductory approach and do not deal with many of the theological issues and questions that the Old Testament raises Robin Routledge s aim is to bridge this gap He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text with more detailed discussion and references for further reading in the footnotes His purpose is to examine the theological significance of the various texts in their wider canonical context noting unity and coherence within the Old Testament and to some extent between the Old and New Testaments whilst also being aware of diversity A brief outline of the relationship between exegesis and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter His hope as a Christian minister is that while this volume has grown out of a teaching context and is intended for students it will also be of benefit to others who want to take the theological content of the Old Testament seriously and to apply its message to the life and ministry of the church today **Theological Themes of the Old Testament** Marty E. Stevens, 2010-07-19 The Old Testament is an ancient collection of theological reflections on life with God that the church has claimed as authoritative Scripture Whereas most introductory books march from Genesis to Malachi this book engages four prominent themes across the breadth of the Old Testament canon creation covenant cultus and character By taking this approach Stevens articulates key issues that impact the reading of the entire Old Testament This engaging volume is intended for laypeople who want to know more about the Old Testament whether in personal study church groups college

classrooms or seminary courses *Old Testament Theology* Prof. Walter Brueggemann, 2010-09-01 In this first volume in the Library of Biblical Theology series Walter Brueggemann portrays the key components in Israel's encounter with God as recorded in the Hebrew Bible Creation election Torah the divine hand in history these and other theological high points appear both in their original historical context and their ongoing relevance for contemporary Jewish and Christian self understanding

Portraying Violence in the Hebrew Bible Matthew Lynch, 2020-04-30 Examines four key ways that writers of the Hebrew Bible conceptualize and critique acts of violence *Israel's Scriptures in Early Christian Writings* Matthias Henze, David Lincicum, 2023-07-20 How did New Testament authors use Israel's Scriptures Use misuse appropriation citation allusion inspiration how do we characterize the manifold images paraphrases and quotations of the Jewish Scriptures that pervade the New Testament Over the past few decades scholars have tackled the question with a variety of methodologies New Testament authors were part of a broader landscape of Jewish readers interpreting Scripture Recent studies have sought to understand the various compositional techniques of the early Christians who composed the New Testament in this context and on the authors own terms In this landmark collection of essays Matthias Henze and David Lincicum marshal an international group of renowned scholars to analyze the New Testament text by text aiming to better understand what roles Israel's Scriptures play therein In addition to explicating each book the essayists also cut across texts to chart the most important central concepts such as the messiah covenants and the end times Carefully constructed reception history of both testaments rounds out the volume Comprehensive and foundational Israel's Scriptures in Early Christian Writings will serve as an essential resource for biblical scholars for years to come Contributors Garrick V Allen Michael Avioz Martin Bauspiess Richard J Baultch Ian K Boxall Marc Zvi Brettler Jaime Clark Soles Michael B Cover A Andrew Das Susan Docherty Paul Foster J rg Frey Alexandria Frisch Edmon L Gallagher Gabriella Gelardini Jennie Grillo Gerd H fner Matthias Henze J Thomas Hewitt Robin M Jensen Martin Karrer Matthias Konradt Katja Kujanp John R Levison David Lincicum Grant Macaskill Tobias Nicklas Val rie Nicolet Karl Wilhelm Niebuhr George Parsenios Benjamin E Reynolds Dieter T Roth Dietrich Rusam Jens Schr ter Claudia Setzer Elizabeth Evans Shively Michael Karl Heinz Sommer Angela Standhartinger Gert J Steyn Todd D Still Rodney A Werline Benjamin Wold Archie T Wright

A Theology of Flourishing Schutz, Paul, 2025-06-25 *The Seven Pillars of Creation* William P. Brown, 2010-02-26 In their highly selective and literal reading of Scripture creationists champion a rigidly reductionistic view of creation in their fight against soulless scientism Conversely many scientists find faith in God to be a dangerous impediment in the empirical quest for knowledge As a result of this ongoing debate many people of faith feel forced to choose between evolution and the Bible's story of creation But as William Brown asks which biblical creation story are we talking about Brown shows that through a close reading of biblical texts no fewer than seven different biblical perspectives on creation can be identified By examining these perspectives Brown illuminates both connections and conflicts between the ancient creation traditions and the natural sciences arguing for a new

way of reading the Bible in light of current scientific knowledge and with consideration of the needs of the environment In Brown s argument both scientific inquiry and theological reflection are driven by a sense of wonder which in his words unites the scientist and the psalmist Brown s own wonder at the beauty and complexity of the created world is evident throughout this intelligent well written and inspirational book The Zondervan Encyclopedia of the Bible, Volume 1 Merrill C. Tenney,2010-08-10 Revised edition Volume 1 of 5 The Zondervan Encyclopedia of the Bible has been a classic Bible study resource for more than thirty years Now thoroughly revised this new five volume edition provides up to date entries based on the latest scholarship Beautiful full color pictures supplement the text which includes many new articles in addition to thorough updates and improvements of existing topics Different viewpoints of scholarship permit a well rounded perspective on significant issues relating to doctrines themes and biblical interpretation The goal remains the same to provide pastors teachers students and devoted Bible readers with a comprehensive and reliable library of information More than 5 000 pages of vital information on Bible lands and people More than 7 500 articles alphabetically arranged for easy reference Hundreds of colorful maps illustrations charts and graphs Scholarly articles ranging across the entire spectrum of theological and biblical topics backed by the most current body of archaeological research Over 250 contributors from around the world Introductions to each book of the Bible Bibliographies and helpful cross references Dictionary of Scripture and Ethics Joel B. Green, Jacqueline E. Lapsley, Rebekah Miles, Allen Verhey, 2011-11-01 2012 Reference Book of the Year Award Academy of Parish Clergy This one stop reference book on the vital relationship between Scripture and ethics offers needed orientation and perspective for students pastors and scholars Written to respond to the movement among biblical scholars and ethicists to recover the Bible for moral formation it is the best reference work available on the intersection of these two fields The volume shows how Christian Scripture and Christian ethics are necessarily intertwined and offers up to date treatment of five hundred biblical traditional and contemporary topics ranging from adultery bioethics and Colossians to vegetarianism work and Zephaniah The stellar ecumenical list of contributors consists of more than two hundred leading scholars from the fields of biblical studies and ethics including Darrell Bock David Gushee Amy Laura Hall Daniel Harrington Dennis Olson Christine Pohl Glen Stassen and Max Stackhouse A New Heaven and a New Earth J. Richard Middleton, 2014-11-25 In recent years more and more Christians have come to appreciate the Bible s teaching that the ultimate blessed hope for the believer is not an otherworldly heaven instead it is full bodied participation in a new heaven and a new earth brought into fullness through the coming of God s kingdom Drawing on the full sweep of the biblical narrative J Richard Middleton unpacks key Old Testament and New Testament texts to make a case for the new earth as the appropriate Christian hope He suggests its ethical and ecclesial implications exploring the difference a holistic eschatology can make for living in a broken world **Liberated by God's Grace** Anne Burghardt, 2016-09-01 In these four booklets theologians from all parts of the world reflect on the main theme and three sub themes Liberated by God s Grace Salvation

Not for Sale Human Beings Not for Sale Creation Not for Sale of the Lutheran World Federation's commemoration of the 500th Anniversary of the Reformation This collection of essays provides profound insights into the crucial issues and challenges daily faced by the members of the worldwide Lutheran communion in very diverse contexts The theological concept of justification by God's grace and its consequences for different dimensions of life serve as the main guiding principles for the essays each one of which is accompanied by three questions that invite to further contextual reflection on the subject This work comes in a boxed set of four booklets which can only be purchased together Booklet 1 Liberated by God's Grace 500 years of Reformation Booklet 2 Salvation Not for Sale Booklet 3 Human Beings Not for Sale Booklet 4 Creation Not for Sale A German translation will be published next year

The Nature of Creation Mark Harris, 2014-09-19 It is generally assumed that science and religion are at war Many now claim that science has made religious belief redundant others have turned to a literalist interpretation of biblical creation to reject or revise science others try to resolve Darwin with Genesis The Nature of Creation addresses this complex debate by engaging with both modern science and biblical scholarship together Creation is central to Christian theology and the Bible and has become the chosen battleground for scientists atheists and creationists alike The Nature of Creation presents a sustained historical investigation of what the creation texts of the Bible have to say and how this relates to modern scientific ideas of beginnings The book aims to demonstrate what science and religion can share and how they differ and ought to differ

All God's Creatures Daniel P. Horan, 2020-07-07 The predominant stewardship model of creation is the result of an intentional effort to correct approaches that reinforce human sovereignty and the resulting environmental degradation However as All God's Creatures argues the stewardship model actually does not offer a correction but rather reinscribes many of the very same pitfalls After close analysis of the stewardship model this book identifies scriptural theological and philosophical sources to support the adoption of a community of creation paradigm Drawing on postcolonial theory this book proposes the concept of planetarity as a framework for conceiving the relationship between human and nonhuman creation and the Creator in a new way This theoretical framework is grounded by a retrieval

of the medieval Franciscan theological and philosophical tradition The result is what can be called a postcolonial Franciscan theology of creation imagined in terms of planetarity providing a constructive and nonanthropocentric response to the need for a new conceptualization of the doctrine of creation Hermeneutics and the Authority of Scripture Alan H Cadwallader,2012-09-30 The question of hermeneutics now dominates all disciplines of human knowledge and its construction It has moved from a concentration on how to apply the results of research knowledge to considerations of the frameworks by which we conduct research as a meaningful exercise The study of the Bible is not exempt from these developments The essays in this collection amply testify to the breadth of frameworks that are now being applied to the Bible and the development of ethical awareness in the construction of knowledge The reader will find engagements with the Bible informed by developments in science law ecology feminism and linguistics Key ethical issues about violence fundamentalism anti semitism and patriarchy are directly addressed as inextricably involved in the interpretation of the Bible on the understanding that both Bible and interpreter must be responsible and accountable in today's world Critical analysis of the Bible is no different even when there is a pre disposition or confessional commitment to treat the bible as sacred scripture Biblical research is inextricably affected by those epistemologies and ethical sensitivities that inform understanding and the search for meaning in our contemporary world *Ancient World: Reader, 5th ed.* , **Celebrating Nature by Faith** H. Paul Santmire,2020-09-09 Sometimes it is helpful to take one step backward in order to take two steps forward In this insightful volume H Paul Santmire draws on his long standing and widely recognized engagement with ecological theology to propose that the traditions of the Protestant Reformation rightly read offer rich resources today for those who are struggling to move forward to respond theologically to the crisis of a planet in peril and thereby to celebrate nature by faith **The Death of Omnipotence and Birth of Amipotence** Thomas Jay Oord,2023-04-27 Omnipotence is dead At least it should be It has no biblical support And it dies a death of a thousand qualifications in philosophy Those harmed and hurting wonder why an omnipotent God doesn't prevent pointless pain The problem of evil buries omnipotence six feet under But the death of omnipotence is not the death of God In this ground breaking book best selling and award winning author Thomas Jay Oord explains why omnipotence should be rejected But Oord offers a replacement amipotence the power of uncontrolling love If we think love shapes and guides God's power we make better sense of life And better sense of the Bible Amipotence explains why God doesn't prevent genuine evil and overcomes other obstacles to belief An amipotent Spirit empowers all that is loving true beautiful and good No book makes a bolder but more needed argument for why God is not all powerful In this book those who care about love scripture and logic find what they've been looking for Get a copy of *The Death of Omnipotence and Birth of Amipotence* Endorsements Omnipotence has long been considered a basic non negotiable characteristic of God But is it biblical And does it push us toward theological landmines that blow up faith In this book Oord with his typical gentle candor lays out the complex issues in clear and readable chunks In the end Oord points to the beauty and comfort of a God

who is uncontrolling love Peter Enns professor of biblical studies at Eastern University author of Curveball Thomas Jay Oord challenges one of the most fundamental attributes of God omnipotence He discloses that a narrow view of God as Almighty is neither biblical nor adequately describes the God of Jesus Christ Oord offers a new view of God as amipotent The power of God is the power of love and the power of unconditional love is our strength Oord has made an important contribution to restoring the biblical God a God who is ever faithful in love not a power over us but the power beneath our wings Ilia Delio OSF Josephine C Connelly Endowed Chair in Theology Villanova University Omnipotence is widely believed to be one of the most important attributes of God In this book Thomas Jay Oord proposes a highly original and thought provoking thesis instead of omnipotent God should be considered amipotent This is an important book which can radically change the way we approach central problems in philosophy of religion and philosophical theology Yujin Nagasawa H G Wood Professor of the Philosophy of Religion University of Birmingham Finally God s love has been saved from God s control faithfully definitively attractively In this vibrantly accessible work Thomas Jay Oord puts to rest the demoralizing incoherent and by the way nonbiblical notion of controlling omnipotence used to justify endless injustice In its stead he unleashes amipotence code for the power of love Its time has come preach it teach it live it Catherine Keller Drew Theological School and Author of Political Theology of Love This book provides a provocative argument that cannot be easily dismissed This is the kind of nuance that contemporary debates over models of God need to consider R T Mullins Professor of Philosophical Theology University of Lucerne Oord charts a path to theological freedom from the tyranny of an omnipotent God This book is theology at its best grounded in scripture rooted in love and engaged with brilliant and spirit filled minds If you have found yourself rightfully unable to accept the horrifying implications of omnipotence but struggle to conceive of a God worth calling God good news This is the book for you Sarah Lane Ritchie Science Religion Scholar
