Books in Series ,1985 Vols for 1980 issued in three parts Series Authors and Titles **Christ Crucified** Donald Macleod,2014-06-06 How could the life let alone the death of one man 2 000 years ago be the salvation of the human race Donald Macleod explains the centrality of the atonement in Christian faith and experience using seven key words to describe what happened on the cross substitution expiation propitiation reconciliation satisfaction redemption and victory

Religious Books and Serials in Print, 1980-1981 ,1980 *Scientific Theology: Nature* Alister E. McGrath,2007-01-23 A Scientific Theology is a groundbreaking work of systematic theology in three volumes Nature Reality and Theory Now available as a three volume set *The Faith of Christians* Denis Baly,Royal W. Rhodes,1984 Using simple straightforward language Dennis C Baly and Royal W Rhodes examine the basic tenets of the Christian faith the foundations of this faith in the Bible and the teaching of the early church and revelation in the modern world Their purpose is not to tell people what they ought to believe but to present for consideration and discussion what Christians have traditionally believed and to raise the question of whether traditional beliefs are still valid and if so in what sense they should be understood today The book is the result of a full year s work by the authors in close collaboration with twenty Kenyon College students of diverse religious backgrounds from back cover Books in Print ,1979 **The Encyclopedia of Religion** Mircea Eliade,Charles J.

Adams,1987 A comprehensive guide to the history beliefs concepts practices and major figures of religions past and present

Subject Guide to Books in Print ,1993 *Reformed Confessions Harmonized* Joel R. Beeke,Sinclair B. Ferguson,1999-08 In one convenient parallel arrangement Drs Beek and Ferguson have harmonized seven important Reformed confessions that have never before been published together Who was who ,1981 *God As Spirit* Geoffrey Lampe,2013-09-30 Lampe s stress on the model of God as Spirit immediately raises fundamental questions about our understanding of the divinity of Christ and in so doing also rules out many traditional understandings of the doctrine of God as Trinity However it is not an iconoclastic work Precisely through the perspective which it adopts it opens up new ways of understanding the Christian tradition which may well have more to say to the twentieth century than much that has been handed down from the past □□ □□ □□ □□ □□,2006 **The Letter and the Spirit** Robert Edward Bartlett,1888

God as Spirit Geoffrey William Hugo Lampe,1977 This book sets out to present a Christian understanding of God in terms of the fundamental category of God as Spirit It shows that such an approach offers an alternative and preferable way of interpreting the biblical revelations as compared with the traditional account in terms of orthodox trinitarian and incarnational theology **The Holy Spirit** Christopher R. J. Holmes,2015-10-06 Who is the Holy Spirit and how does the Spirit come to be in relation to the Father and the Son What is the mission of the Spirit and where does it come from Chris Holmes takes up the questions surrounding the Spirit s procession and mission with the help of three of the church s greatest teachers Augustine Thomas Aquinas and Karl Barth Drawing on their engagements with the Fourth Gospel Holmes presents

an account of the Spirit's identity, origin and acts to show how the acts of the Spirit derive from the Spirit's life in relation to Father and Son and the extent to which the Spirit's mission testifies to the Spirit's origin. Holmes presents a way forward for pneumatology. Housed within the doctrine of the Trinity, pneumatology's joyful task is to describe the Spirit's acts among us in light of their source in the Spirit's acts in God. The end of this inquiry is our beatitude: knowledge of the Trinity that yields to love of the Trinity.

ABOUT THE SERIES: New Studies in Dogmatics seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal. Following in the tradition of G. C. Berkouwer's *Studies in Dogmatics*, this series provides thoughtful, concise and readable treatments of major theological topics, expressing the biblical, creedal and confessional shape of Christian doctrine for a contemporary evangelical audience. The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the foundations laid in the church's historic understanding of the Word of God as professed in its creeds, councils and confessions and by its most trusted teachers.
