Economic Policymaking in a Conflict Society Richard D. Mallon, Juan V. Sourrouille, 1975 Argentina is a fascinating and baffling case to scholars to economic development It has rich agricultural resources a fully monetized economy a domestic manufacturing sector that occupies a large share of the active labor force a relatively high level of literacy and other attributes that resemble a European nation more than a developing country This book is a new and vigorous attempt to explain the Argentinian paradoxes **Foreign Service Journal** ,2002 **The International Politics of Natural Resources** Zuhayr Mikdashi, 2019-06-30 An impartial and shrewd observer here takes a close look at the major producers of today s most sought after commodities Mr Mikdashi deals with the ever shifting pattern of cooperation and antagonism between transnational enterprises companies owned by corporations in developed countries and active in more than one nation and their host governments especially those in the developing world Comparing operations in various countries and in various industries he describes how governments and transnationals work together and separately to exploit market opportunities Petroleum copper iron sulfur uranium bauxite and tin these are among the resources he examines He illuminates the policies strategies and relationships of the protagonists under different market and environmental conditions discussing the relations among the governments themselves and the alliances they have formed such as OPEC and CIPEC Finally he offers suggestions for cooperative action that could both serve the needs of the less developed areas and promote international harmony Practical in approach and original in concept the book clarifies complex contemporary problems and points the way toward solving them *Economic Issues and Political Conflict: US—Latin American Relations* Jorge I.
