## **Economic And Business Principles In Farm Planning And Production:**

**Economic and Business Principles in Farm Planning and Production** Sidney James, Philip Eberle, 2000-11-28

Covers the breadth and depth of farm management utilizing accounting micro economics and business management principles. The first five chapters encompass farm record keeping with chapters 2, 3 and 4 emphasizing single and double entry accounting systems and the resulting financial statements. The remaining chapters cover budgeting, tax management, farm planning, market planning, risk management and the acquisition of machinery and labor services. The comprehensive coverage of topics with applications and the use of terminology consistent with the recommendations of the Farm Financial Standards Task Force sets this text apart from other farm management texts in use today.
