

The background of the book cover is a dark blue collage of various religious and cultural symbols. In the top left, there is a white illustration of a traditional East Asian temple with a multi-tiered roof. To its right is a large, white, stylized geometric symbol resembling a Star of David or a complex knot. Below the temple, on the left, is a white illustration of a person in a turban and robe, possibly a scholar or religious leader, standing next to a large, glowing yellow sun or moon. In the bottom left, there are white illustrations of several wooden crosses of different sizes. On the right side, there is a white illustration of a mosque with a minaret, and below it, a white illustration of a person in a turban and robe, possibly a scholar or religious leader, standing next to a large, glowing yellow sun or moon. At the bottom right, there is a white illustration of a person in a turban and robe, possibly a scholar or religious leader, standing next to a large, glowing yellow sun or moon.

**Global Gods. Exploring the Role of Religions in Modern Societies** David W. Shenk, 1999 **Global Gods** David W. Shenk, 1995-09-08 David W. Shenk covers the major current human options for making meaning out of life. Shenk identifies more local religious options and four truly global options: Buddhism, Christianity, Islam, and Marxism. *Global Gods* is a fresh approach to comparative religions. It is a substantial contribution to the developing literature and widespread interest concerning the role of religion in human society. **The Ways of the People:** Alan R. Tippett, Doug Priest, 2013-06-19 Alan Tippett's publications played a significant role in the development of missiology. The volumes in this series augment his distinguished reputation by bringing to light his many unpublished materials and hard-to-locate printed articles. These books encompassing theology, anthropology, history, area studies, religion, and ethnohistory broaden the contours of the discipline. Missionaries and anthropologists have a tenuous relationship. While often critical of missionaries, anthropologists are indebted to missionaries for linguistic and cultural data as well as hospitality and introductions into the local community. In *The Ways of the People*, Alan Tippett provides a critical history of missionary anthropology and brings together a superb reader of seminal anthropological contributions from missionaries: Edwin Smith, R. H. Codrington, Lorimer Fison, Diedrich Westermann, Henri Junod, and many more. Twenty years as a missionary in Fiji, following pastoral ministry in Australia, and graduate degrees in history and anthropology provide the rich database that made Alan R. Tippett a leading missiologist of the twentieth century. Tippett served as Professor of Anthropology and Oceanic Studies at Fuller Theological Seminary.

**What is Mission?** J. Andrew Kirk, How should today's Church shape its response to the Gospel? How can we set about making disciples of all nations in our post-Christian, multi-faith world? What does mission mean in our times? Here is a book that addresses these issues and many more with honesty and openness. It strips mission of its old associations with colonialism and militarism. It looks anew at the underlying theology, reminding us that our task is God's mission, not a human construct. It explores key aspects of contemporary mission from the familiar, such as the relation of mission to evangelism and to people of other faiths, to the unusual and thought-provoking, such as mission and the environment, justice for the poor, and the overcoming of violence. Students of mission and Christians who wish to engage with today's world to integrate faith and life will find here an inclusive, comprehensive, and lucid presentation of all the relevant discussions. **Mission Reader** Samuel Jayakumar, 2002 **Experiments in Love** Emily Ralph Servant, 2021-03-12 Could it be that the stories we tell in our churches weaken our efforts to be congregations who take risks in mission for the sake of love? In this thought-provoking book, Emily Ralph Servant suggests that the work of today's leaders is to explore new stories, listen to new voices, and open ourselves up to the Spirit's work of transformation. *Experiments in Love* engages in a three-way dialogue with feminist and liberation theologians, the social and behavioral sciences, and the Anabaptist tradition. Out of this vibrant conversation emerges the story of a God who takes the risk of being radically present to a vulnerable world. Because of God's courageous

presence with us we can also take the risk of being vulnerably present to others as God invites us all to participate in God's community of life, love and flourishing

**Shembe, Ancestors, and Christ** Edley J. Moodley PhD, 2008-08-18 The Christian axis has shifted dramatically southward to Africa, Asia and Latin America so much so that today there are more Christians living in these southern regions than among their northern counterparts. In the case of Africa, the African Initiated Churches, founded by Africans and primarily for Africans, has largely contributed to the exponential growth and proliferation of the Christian faith in the continent. Yet even more profoundly, these churches espouse a brand of Christianity that is indigenized and thoroughly contextual. Further, the power and popularity of the AICs, beyond the unprecedented numbers joining these churches, are attributed to their relevance to the existential everyday needs and concerns of their adherents in the context of a postcolonial Africa. At the heart of Christian theology is Christology, the confessed uniqueness of Christ in history and among world religions. Yet this key feature of Christianity, as with other important elements of the Christian faith, may be variously understood and reinterpreted in these indigenous churches. The focus of this study is the amaNazaretha Church, an influential religious group founded by the African charismatic prophet Isaiah Shembe in 1911 in the province of KwaZulu Natal, South Africa. The movement today claims a following of some two million adherents and has proliferated beyond the borders of South Africa to neighboring countries in Southern Africa. The book addresses the complex and at times ambivalent understanding of the person and work of Christ in the amaNazaretha Church, presenting the genesis, history, beliefs and practices of this significant religious movement in South Africa, with broader implications for similar movements across the continent of Africa and beyond

**A Protestant Theology of Religious Pluralism** Livingstone Thompson, 2009 In this book, three main things have been accomplished. First, it locates the emergence of religious pluralism as a problem for Christian theology. Secondly, it shows the critical weaknesses in the approaches to pluralism that we find in the works of Gavin D. Costa, George Lindbeck and John Hick, all major players in the field of religious pluralism. Retrieving theological material from seventeenth-century Comenius and eighteenth-century Zinzendorf, the book shows that the Protestant tradition has suitable theological material that can better serve the development of a theology of religious pluralism. Thirdly, the book enters into dialogue with Islam and highlights exciting new approaches to addressing the issues of salvation, the Qur'an and Christology. One critical outcome of the book is that it breaks new ground in showing the limitations of liberation theology and proposes a fascinating new pluralism-sensitive hermeneutical approach to contextual theology

Together as One: Interfaith Relationships Between African Traditional Religion, Islam, and Christianity in Nigeria Hyacinth Kalu, 2011-06-16 The Nigerian religious landscape is characterized by a series of violence leading to bloodshed, loss of thousands of life and property worth billions of Naira. This unfortunate situation raises much concern in the minds of well-meaning Nigerians. Hence, this book raises such crucial questions as: How can Nigeria remain a secular state and still maintain its plurality of religion and at

same time survive disintegration because of religious violence conflict and intolerance How can followers of these different religions maintain their religious identity while at the same time co operating with one another in making Nigeria a home for all where all can worship God in freedom and peace This book offers hope in the midst of hopelessness it underscores the fact that though tribe and tongue may differ though religious differences exist Nigeria is still one sovereign nation Consequently the opening title Together as One resonates with the opening statements of the Constitution of the Federal Republic of Nigeria that professes unity harmony and peace as one indivisible and indissoluble sovereign nation under God This book finds the hope of reclaiming and rebuilding this unity and harmony threatened by religious violence in Interfaith Relationships between African Traditional Religion Islam and Christianity      *From Suffering to Solidarity* Andrew P Klager,2016-04-28 As experiences of suffering continue to influence the responses of identity groups in the midst of violent conflict a way to harness their narratives stories memories and myths in transformative and non violent ways is needed From Suffering to Solidarity explores the historical seeds of Mennonite peacebuilding approaches and their application in violent conflicts around the world The authors in this book first draw out the experiences of Anabaptists and Mennonites from the sixteenth century originsthrough to the present that have shaped their approaches to conflict transformation and inspired new generations of Mennonites to engage in relief development and peacebuilding to alleviate the suffering of others whose experiences today reflect those of their ancestors Authors then explore the various peacebuilding approaches methods and initiatives that have emerged from this Mennonite narrative and its preservation and dissemination in subsequent generations Finally the book examines how this combined historical sensitivity and resulting peacebuilding theory and practice have been applied in violent conflicts around the world noting both successes and challenges Ultimately From Suffering to Solidarity attempts to answer a question How can a robust historical infrastructure be used to inspire empathetic solidarity with the Other and shape nonviolent ways of transforming conflict to thrust a stick in the spokes of the cycle of violence      *Genealogy of the South Indian Deities* Bartholomaeus Ziegenbalg,Daniel Jeyaraj,2005 For the first time the work Genealogy of the South Indian Deities of the first Protestant missionary to India Bartholomaeus Ziegenbalg 1682 1719 is made accessible to an English readership Originally published in 1713 the text reveals Ziegenbalg s ethos in the emerging European Enlightenment and his willingness to learn from the South Indians The text contains the original voices of knowledgeable South Indians from various religious backgrounds and presents South India in a vivid direct and unfiltered way In this volume Daniel Jeyaraj edits and presents the German original in an English translation This is followed by a detailed textual analysis a glossary and an appendix This book is invaluable for anyone interested in reliable information about the interactions of Europeans with Hindu and Tamil religion and culture      **Quest for Identity** Roger E. Hedlund,2000 The Study Stresses That Christianity In India Is Not Alien But Both In Culture And Style It Is Indigenous The Study Is A Timely Reminder That Our Place On Earth Is More Sacred Than Author 12 Chapters Conclusion Bibliography

Appendix And Indexes      Transnational Transcendence Thomas J. Csordas,2023-09-01 This innovative collection examines the transnational movements effects and transformations of religion in the contemporary world offering a fresh perspective on the interrelation between globalization and religion Transnational Transcendence challenges some widely accepted ideas about this relationship in particular that globalization can be understood solely as an economic phenomenon and that its religious manifestations are secondary The book points out that religion s role remains understudied and undertheorized as an element in debates about globalization and it raises questions about how and why certain forms of religious practice and intersubjectivity succeed as they cross national and cultural boundaries Framed by Thomas J Csordas s introduction this timely volume both urges further development of a theory of religion and globalization and constitutes an important step toward that theory This innovative collection examines the transnational movements effects and transformations of religion in the contemporary world offering a fresh perspective on the interrelation between globalization and religion Transnational Transcendence c

**United States Post-Cold War Defence Interests** K. Magyar,2004-04-30 With the end of the Cold War the security concerns of the USA the sole Superpower in the new international order became fragmented and proliferated throughout the world Since September 11 2001 and the war in Iraq the US has had to evaluate new global developments in terms of the threats they pose to regional and global stability The nature of the potential enemy is difficult to anticipate United States Post Cold War Defence Interests gathers together seasoned analysts to examine traditional military concerns and responses to the new environment

**A Gentle Boldness** David W. Shenk,2021-09-21 A global citizen A commitment to sharing the peace of Jesus A witness to the difference that Jesus makes The story David Shenk either begins in Shirati Village in Tanganyika East Africa or we might decide it begins among the orchards of Lancaster County Pa where farmers with their horses line up a mile for water as they rearrange their loads for their trek home on market day In either reading this is a story of mission a story of people chattering along a roadside spring on the way to and from market At age six Shenk asked his parents What difference does Jesus make The answer to that question is the reason he became a Christian Day by day as he travels in the way of Jesus living serving and ministering around the world Shenk continues to unpack what difference Jesus makes This is the story not just of Shenk and his remarkable work in Christian missions It s the stories that David has heard within societies cultures and religions when he asks the question What difference does Jesus make

*Integral Dynamics* Ronnie Lessem,Alexander Schieffer,Samuel D. Rima,2016-05-23 The theory of integral dynamics is based on the view that the development of individual leaders or entrepreneurs requires the simultaneous development of institutions and societies It seeks a specific way forward for each society fundamentally different from but drawing on its past Nearly every natural science has been transformed from an analytically based approach to a dynamic one now it is time for society and culture to follow suit locally and globally Each culture discipline and person is incomplete and is in need of others in order to develop and evolve This book sets out a curriculum for a new integral trans cultural and trans disciplinary area of study

inclusive of but extending beyond economics and enterprise It embraces a trans personal perspective linking self with community enterprise and society and focusing on the vital relationship between local identity and global integrity For the government policy maker the enlightened business practitioner and the student and researcher into economics and enterprise the new discipline is set out here in complete detail by a multi national team of Gower s Transformation and Innovation Series authors Illuminated with examples relating the conceptual to the practical this is a text not for a pre modern modern or even post modern era but for what has been called our trans modern age     Jesus Matters James R.
