*Understanding The Fivefold Ministry* Matthew D Green, 2015-01-26 The ministry gifts are alive and well today When Jesus ascended to heaven He left gifts behind apostles prophets evangelists pastors and teachers But their operation has often been surrounded by neglect confusion and outright controversy Jack Hayford Cindy Jacobs Reinhard Bonnke C Peter Wagner Fuchsia Pickett Tommy Barnett and many others combine decades of experience reflection and biblical study to uncover the true purpose for the fivefold ministry Find answers to these questions regarding the release and shepherding of the fivefold ministry Who are the modern day apostles and why does the church still need them What are the marks of an authentic prophet and how should we judge prophecy How do you know if you're called to be an evangelist and what's the most effective method for leading an unbeliever to Christ Why are teachers so influential and how do we discern false doctrine What is the role of the pastor in the twenty first century and how is it changing How do the five ministry gifts cooperate in the local church and who's in charge when all five are active God is building His body around the world in the most unexpected ways through the most unexpected people Take a self test to find out where your gifts lie and what area of ministry God may have custom designed you for *Together in One Mission* Arto Hamalainen, Grant McClung, 2012-09-27

*Studying Global Pentecostalism* Allan Anderson, Michael Bergunder, Andre F. Droogers, Cornelis van der Laan, 2010-09-24 With its remarkable ability to adapt to many different cultures Pentecostalism has become the world's fastest growing religious movement More than five hundred million adherents worldwide have reshaped Christianity itself Yet some fundamental questions in the study of global Pentecostalism and even in what we call Pentecostalism remain largely unaddressed Bringing together leading scholars in the social sciences history and theology this unique volume explores these questions for this rapidly growing multidisciplinary field of study A valuable resource for anyone studying new forms of Christianity it offers insights and guidance on both theoretical and methodological issues The first section of the book examines such topics as definitions essentialism postcolonialism gender conversion and globalization The second section features contributions from those working in psychology anthropology sociology and history The third section traces the boundaries of theology from the perspectives of pneumatology ecumenical studies inter religious relations and empirical theology *The Missiological Spirit* Amos Yong, 2015-04-30 The field of the theology of mission has developed variously across Christian traditions in the last century Pentecostal scholars and missiologists also have made their share of contributions to this area This book brings the insights of pentecostal theologian Amos Yong to the discussion It delineates the major features of what will be argued as central to a viable vision and praxis for Christian mission in a postmodern post Christendom post Enlightenment post Western and postcolonial world What emerges will be a distinctively pentecostally and evangelically informed missiological theology one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses and

realities The argument unfolds through dialogical engagements with the work of others concrete case studies and systematic theological reflection Yong s pneumatological and missiological imagination proffers a model for Christian theology of mission suitable for the twenty first century global and pluralistic context even as it exemplifies how a missiological understanding of theology itself unfolds amidst engagements with contemporary ecclesial practices and academic theological impulses

**Old Testament in Theology and Teaching** Teresa Chai, 2018-03-22 This book is a series of essays in Old Testament theology and pedagogy Each article is written by scholars with academic competence and long experience in their respective disciplines Written with a high view of the inerrancy of Scripture in mind each author seeks to bring biblical truth to light In most cases the authors write from within the Pentecostal Charismatic tradition and seek to bless the wider Body of Christ
