Globalization and Change Berch Berberoglu,2005-01-01 Globalization and Change The Transformation of Global Capitalism explores the capitalist implications of globalization from a critical and historical perspective By looking at the contradictions inherent in globalization this book provides a thorough understanding of the labor issues behind and fight against the capitalist global economy The Oxford Handbook of Feminist Theology Mary McClintock Fulkerson,Sheila Briggs,2012 This volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology It focuses on the changing global contexts for the field and its movement towards new models of theology distinct from the forms of traditional Christian systematic theology and of secular feminism

The Global Capitalist Crisis and Its Aftermath Berch Berberoglu,2016-12-05 Written by a team of experts on the contemporary global capitalist political economy who are able to shed light on the inner workings of global capitalism and the capitalist globalization process that has led to the growth and development of capitalism from the national to the global level this groundbreaking volume provides critical analyses of the causes and consequences of the Great Recession of 2008 2009 Through a careful examination of the origin development and aftermath of the catastrophic economic crisis from which the world is still trying to recover editor Berch Berberoglu and his colleagues demonstrate that those most responsible for the economic collapse are the ones least affected by its devastating impact felt most severely by working people around the world Ultimately this book argues that it is only through the systematic restructuring of the world economy by the working class that society will be able to prevent the boom and bust cycle of global capitalist crises and usher in a more egalitarian socialist economy and society

Class and Class Conflict in the Age of Globalization Berch Berberoglu,2009-01-01 Dealing with a central issue of our time Class and Class Conflict in the Age of Globalization provides a critical analysis of the major theories of social class and inequality and an empirical examination of the development of social classes and class conflict on a global scale historically and today including an understanding of the process of social change and social transformation

The Understanding of Adultery in the Hebrew Bible Alexander Izuchukwu Abasili,2016-06-09 Adultery though not an umbrella concept for all the sexual prohibitions in the Hebrew Bible enjoys a certain pride of place

Remarkably it is the one sexual prohibition attested in all biblical genres which makes it very representative in the Hebrew Bible. It is the only Hebrew biblical sexual prohibition explicitly mentioned in the Decalogue. A solid understanding of Hebrew biblical adultery therefore is an important step towards grasping the vital role of human sexuality in the Hebrew Bible both in terms of inter human relationships and the relationship between the human and the divine. Without prejudice to the contents of the Hebrew biblical lexicons and theological dictionaries this work aims at providing a comprehensive understanding of adultery in the Hebrew Bible its meaning punishments and the implications thereof. Among others it corrects some wrong assumptions about the concept of adultery in the Hebrew Bible and provides a balanced and unbiased Hebrew biblical conception of adultery and the implications thereof for today's couples.

Anthropophany Jacob Kavunkal, 2008 Michael Amaladoss and the Quest for Indian Theology Enrico Beltramini, 2024-09-17 A Jesuit priest born in the Indian state of Tamil Nadu Michael Amaladoss is one of the most prominent Asian thinkers in the field of interreligious dialogue. Bringing his unique perspective toward the nature of God and Christ Christian dialogue with Indian Vedanta and the reconciliation between spirituality and social justice Amaladoss has contributed to the creation of a distinctly Indian pole of Catholic theology without the mediating force of Western culture and philosophy. With this book Enrico Beltramini offers an assessment of Amaladoss's thought and an investigation into his main theological concerns.

Seeds of Conflict in a Haven of Peace Frans Wijsen, 2007-01-01 On 7 August 1998 the American embassies in Nairobi and Dar es Salaam were bombed and 200 people lost their lives. These bombings shattered the image of Africa's tradition of peaceful religious coexistence. Since then inter religious dialogue has been high on the agendas of ecclesial and religious organisations but not so much of faculties of theology and departments of religion in East Africa. This book investigates why this is so. How are interreligious relations dealt with in Africa and more particularly how are they and how should they be taught in institutions of higher learning. This book is based on fieldwork in Nairobi from 2001 onwards. It shows why Africa's tradition of peaceful coexistence is not going to help Africa in the 21st century and recommends a shift in the education in inter religious relations from religions studies to inter religious studies.

Beyond the Global Capitalist Crisis Berch Berberoglu, 2016-04-15 The deep economic recession that has occurred in all major sectors of the U.S. and global economy is a manifestation of the underlying contradictions of the capitalist system that has resulted in the accumulation of vast fortunes on one side and impoverishment debt and destitution on the other. In short the crisis of global capitalism is the result of the immense disparities in wealth and income and a consequent widening gap between capital and labor. This ground breaking book brings together a team of experts on the contemporary global capitalist political economy who are able to shed light on the inner workings of global capitalism and the capitalist globalization process that has led to the growth and development of capitalism from the national to the global level with all its fundamental internal dynamics and contradictions operating on a world scale. It will make an important contribution to understanding the underlying causes of the current global economic

crisis and show the way out of this crisis by way of a powerful critique of the global capitalist system that will ultimately go through a major economic political and social transformation Analysis of the global capitalist crisis raises questions regarding the process of capitalist globalization especially now that neoliberal economic policies have failed Does this signal the end of capitalist globalization and the collapse of the global capitalist system This book will take up these questions and entertain the possibility of a new beginning in the global political economy through an analysis of the next period of post capitalist developments worldwide that may set the stage for the rise of socialism across the globe **America after Empire** Berch Berberoglu,2022-11-09 After the end of America s longest 20 year war in Afghanistan and Iraq that cost more than 6 trillion and nearly half a million lives what does the future hold for America and the American people in the 21st century In this timely and important book Berch Berberoglu provides an eye opening account of the history of the American Empire from its inception to the present with prospects for its future Examining the worldwide expansion of the American Empire over the course of its turbulent history in great detail Berberoglu assesses America s imperial legacy in a sober way highlighting its failure to come to terms with the enormous cost of this adventure in imperial overreach But Berberoglu sees light at the end of the long dark tunnel when the American people will awaken and lead the way to a new America after empire in the coming decades of the 21st century *Mission & Culture: The Louis J. Luzbetak Lectures* Stephen B. Bevens,2012 *An Intercultural Theology of Migration* Gemma Cruz,2010-01-15 Migration has long been associated with the social sciences However as a phenomenon that provides windows into possibly new forms of oppression and at the same time paths toward human liberation a systematic theological look at contemporary migration is long overdue Building on the emerging interest on migration in theology this book presents an intercultural theology of migration drawn from the experience of Filipino women domestic workers in Hong Kong in dialogue with theological ethics and liberationist theologies The result is a new look at the phenomenon of contemporary migration *Fraternity in Christ* Jordan Nyenyembe,2005
