

Glorious History Of Londons Parks And Gardens

Anne Nellis Richter

Glorious History Of Londons Parks And Gardens:

Elizabeth's London Liza Picard, 2014-01-28 Liza Picard immerses her readers in the spectacular details of daily life in the London of Queen Elizabeth 1558 1603 Beginning with the River Thames she examines the city on the north bank still largely confined within the old Roman walls The wealthy lived in mansions upriver and the royal palaces were even farther up at Westminster On the south bank theaters and spectacles drew the crowds and Southwark and Bermondsey were bustling with trade Picard examines the Elizabethan streets and the traffic in them she surveys building methods and shows us the decor of the rich and the not so rich Her account overflows with particulars of domestic life right down to what was likely to be growing in London gardens Picard then turns her eye to the Londoners themselves many of whom were afflicted by the plague smallpox and other diseases The diagnosis was frequently bizarre and the treatment could do more harm than good But there was comfort to be had in simple homely pleasures and cares could be forgotten in a playhouse or the bull baiting and bear baiting rings or watching a good cockfight The more sober minded might go to hear a lecture at Gresham College or the latest preacher at Paul s Cross Immigrants posed problems for Londoners who though proud of England s religious tolerance were concerned about the damage these skilled migrants might do to their own livelihoods despite the dominance of livery companies and their apprentice system Henry VIII's destruction of the monasteries had caused a crisis in poverty management that was still acute resulting in begging with begging licenses and a parochial poor rate paid by the better off Liza Picard's wonderfully vivid prose enables us to share the satisfaction and delights as well as the vexations and horrors of the everyday lives of the denizens of sixteenth century London Masters of their Craft Shirley Rose Evans, 2014-07-31 In this informative volume Dr Shirley Rose Evans explores the lives of two of the most prominent designers of the nineteenth century designers who have left their distinctive mark on buildings and gardens throughout the British Isles William Andrews Nesfield and William Eden Nesfield father and son were inspired by the beauty and romance of the past and both played important roles in the nineteeth century revivals of the Jacobean Renaissance and Gothic styles The Nesfields produced horticultural and architectural designs for wealthy and influential landowners winning important public commissions at Kew Gardens and the Prince Consort's Kensington museum complex Shirley Rose Evans covers the education of both men and the evolution of their aesthetic sensibilities in detail William Andrews Nesfield's early life in Durham his military training and his travels in Canada and Europe fed his fascination with Renaissance proportion and the pre Revolutionary French parterre de broderie a design of intricate and highly artificial bedding that was to become his signature His son flourished in the artistic milieu in which he was raised but his main passion was for Gothic detailing Both were highly accomplished painters and Nesfield Senior's watercolours were lauded by John Ruskin This illustrated volume will be of great interest to enthusiasts of the remarkable work of the Nesfields in particular or of Victorian design in general The Gallery at Cleveland House Anne Nellis Richter, 2024-06-27 In 1806 the Marquess and Marchioness of Stafford opened a gallery at

Cleveland House London to display their internationally renowned collection of Old Master paintings to the public A ticket to the gallery's Wednesday afternoon openings was a sought after prize granting access to the collection and the house's dazzling interior in the company of artists celebrities and Britain's elite This book explores the gallery's interior through the lens of its abundant material culture including paintings in gilded frames furniture silver oil lamps flower arrangements and the numerous printed catalogues and guidebooks that made the gallery visible to those who might never cross its threshold Through detailed analysis of these objects and a wide range of other visual material textual and archival sources the book presents the gallery at Cleveland House as a methodological case study on how the display of art in the 19th century was shaped by notions about public and private space domesticity and the role art galleries played in the formation of national culture In doing so the book also explains how and why magnificent private galleries and the artworks and objects they contained gripped the public imagination during a critical period of political and cultural transformation during and after the Napoleonic Wars Combining historical cultural and material analysis the book will make essential reading for researchers in British art in the Regency period museum studies collecting studies social history and the histories of interior decoration and design in the 18th and 19th centuries Trees in Towns and Cities Mark Johnston, 2015-08-31 This is the first book on the history of trees in Britain's towns and cities and the people who have planted and cared for them It is a highly readable and authoritative account of the trees in our urban landscapes from the Romans to the present day including public parks private gardens streets cemeteries and many other open spaces It charts how our appreciation of urban trees and woodland has evolved into our modern understanding of the many environmental economic and social benefits of our urban forests A description is also given of the various threats to these trees over the centuries such as pollution damage during the Industrial Revolution and the recent ravages of Dutch elm disease Central and local government initiatives are examined together with the contribution of civic and amenity societies However this historical account is not just a catalogue of significant events but gives a deeper analysis by exploring fundamental issues such as who owned those treed landscapes why they were created and who had access to them The book concludes with the fascinating story of how trees have contributed to efforts to improve urban conditions through various visions of urban green such as the model villages garden cities garden suburbs and the new towns Studies in garden and landscape history have often been preoccupied with those belonging to the rich and powerful This book focuses particularly on working people and the extent to which they have been able to enjoy urban trees and greenspace It will appeal to a general readership especially those with an interest in garden history heritage landscapes and the natural and built environment Its meticulous referencing will also ensure it is much appreciated by students and academics pursuing further reading and research It is written by an internationally renowned arboriculturist who combines a passion for trees with a sound understanding of British social and cultural history The Best Of London Parks and Small Green Spaces Louise Read, Simon Read, 2017-12-21 A fully comprehensive guide includes

information and tips that even the park officers do not know about What's on in London The Best of London Parks is a guide to more than 70 green spaces with details of all their sporting facilities from horse riding to Aussie rules football The Times London is one of the green cities in the world with thousands of acres of parks There is a wealth of inexpensive top quality facilities in the Parks that are often not known about even by the people who live near to them These include numerous sports such as tennis rugby football golf and bowls There are gyms and athletics tracks free playgrounds and paddling pools for children and clubs for their parents to meet and relax together Every park in central London is covered For each of these famous parks there is a chapter detailing their history and all they have to offer The chapters have something for all interests from the price of bacon butties to rare goats with frost proof ears to tennis courts to boating The information includes a brief historical background how to get to the park the opening times of all facilities and costs Each park has a list of highlights and nearby places of interest and the larger parks include a map **National Geographic London Book of Lists Tim** Jepson, Larry Porges, 2014-11-04 For London lovers of all stripes National Geographic London Book of Lists chronicles this ever changing city from its ancient Roman origins to the present day Organized with a minimum of organization the 140 lists in this eclectic and hugely entertaining illustrated compendium cover the city's best worst highest smallest first last and everything in between Among the many intriguing facts stats and snippets you ll discover Where you can find six old windmills within the confines of metropolitan London Why the women s restroom at an East End pub is especially popular with avant garde artists When a tornado razed nearly 600 houses and destroyed London Bridge The address of the only London flat where the four members of the Beatles lived together Why local children beat the stone boundaries outside the Tower of London with willow branches every three years Where you can find London's eight best waterfront pubs seven greatest Victorian gin palaces and ten most historic pubs Which two famous London museums still show World War II bomb damage on their outer walls Royal palaces Street markets Stellar views Cockney slang Favorite meals of kings Roman ruins Secrets lost to time With surprises on every page National Geographic London Book of Lists takes you deep inside the city that never fails to fascinate The Book of British Topography. A Classified Catalogue of the Topographical Works in the Library of the British Museum Relating to Great Britain and Ireland John Parker Anderson, 2024-04-26 Reprint of the original first published in 1881 **Green London** David Fathers, 2025-03-13 From parks and rivers to heaths and woodlands explore London's most wonderful natural spaces and uncover the green corridors that link them with this beautifully illustrated and entertaining walking guide For many Londoners now is a time like no other for walking exploring and finding refuge in the capital s green spaces What is not so well known is that these amazing places can be interconnected to form green walkways by using old railway tracks towpaths and riverside walks In Green London David Fathers shows walkers not only how to plan walks through green spaces and corridors but what is to be seen along the way Featuring beautifully illustrated pages and intricate maps each of the 14 walks featured describes Well known landmarks

buildings and aspects Famous people connected with the area Historical events that have occurred nearby Types of trees and wildlife to be found on the route Sections of the Capital Ring Underground and railway links The distance covered on each page Join David Fathers once again as he journeys through London's glorious green spaces in Green London a book that is sure to be loved and appreciated by locals and tourists alike The British Architect, 1912 The Birds of London Andrew Self, 2014-02-27 The first comprehensive avifauna for the London area ever published covering the status distribution and history of every species on the regional list in rich detail The parks reservoirs rooftops and gardens of London here defined as the area within 20 miles of St Paul's Cathedral have a surprisingly rich avifauna including a healthy population of one of Britain's rarest breeders the Black Redstart The region also has a remarkable list of rarities in recent years Canary Wharf has proven to be a magnet for vagrants while one of the very few British records of Tengmalm's Owl hails from Plaistow an unfortunate bird stoned to death by local urchins in 1877 Some species like the Peregrine Falcon Black headed Gull and Ring necked Parakeet have seen their fortunes soar over recent decades others such as House Sparrow have suffered a population collapse while as recently as a century ago the London area had breeding populations of birds such as Wryneck and Red backed Shrike which are now nationally extinct The County Avifauna series provides detailed information on the range and status of bird species at county level Areas covered in the series so far include Norfolk Suffolk Dorset the Shetland Islands Leicestershire and Rutland Essex and Gwent Each title covers all species on the county list with a breakdown of rarity records and there are introductory sections describing the area's ecology climate weather patterns its ornithological history and conservation record as well as an in depth review of the best sites to visit The Buildings of England: London (except the cities London and Westminster), 2003 Cook's Handbook for London Thomas Cook (Firm),1911 Great City Parks Alan Tate, 2015-03-05 Great City Parks is a celebration of some of the finest achievements of landscape architecture in the public realm It is a comparative study of thirty significant public parks in major cities across Western Europe and North America Collectively they give a clear picture of why parks have been created how they have been designed how they are managed and what plans are being made for them at the beginning of the twenty first century Based on unique research including extensive site visits and interviews with the managing organisations this book is illustrated throughout with clear plans and photographs with this new edition featuring full colour throughout Tate updates his seminal 2001 work with 10 additional parks including The High Line in NYC Golden Gate Park in San Francisco and Westergasfabriek Amsterdam All the previous city parks have also been updated and revised to reflect current usage and management This book reflects a belief that well planned well designed and well managed parks and park systems will continue to make major contributions to the quality of life in an increasingly urbanized world The Garden .1908 Lonely Planet Best of London 2020 Lonely Planet, Emilie Filou, Peter Dragicevich, Steve Fallon, Damian Harper, Megan

London Bridget Cherry, Simon Bradley, Charles O'Brien, Nikolaus Pevsner, Sir Nikolaus Pevsner, 2005-01-01 The contribution of successive generations of immigrants is reflected in the variety of places of worship and cultural centres from chapels to synagogues and mosques while a century of social housing has produced innovative planning and architecture now itself of historic interest This volume covers the boroughs of Barking and Dagenham Havering Newham Redbridge Tower

Hamlets and Waltham Forest For each area there is a detailed gazetteer and historical introduction A general introduction provides an historical overview Numerous maps and plans over one hundred specially taken photographs and full indexes make this volume invaluable as both reference work and guide Jacket

Subject Index of the Modern Works Added to the Library of the British Museum in the Years 1906-1910 British Museum. Department of Printed Books, 1911

London: A City of Stories Pasquale De Marco, 2025-07-24 London is a city that has it all It is a city of history culture and art It is a city of fashion food and music It is a city of diversity tolerance and acceptance London is a city that truly has something for everyone In this book we will take you on a journey through the heart of London exploring its famous landmarks museums and theaters We will introduce you to some of the city's most famous residents past and present and delve into the unique character of its people We will also take a look at London's food scene from traditional pubs and grub to Michelin starred restaurants and we will explore the city's nightlife from bars and clubs to live music and comedy Whether you are a first time visitor or a lifelong resident we hope that this book will give you a new appreciation for the many faces of London London is a city that is constantly evolving and there is always something new to discover From the latest exhibitions at the Tate Modern to the newest restaurants in Shoreditch there is always something to keep you entertained So come and explore London with us and let us show you why it is one of the most popular cities in the world This book is the perfect introduction to London whether you are a first time visitor or a lifelong resident It is packed with information on the city s history culture people food and nightlife With its beautiful photography and engaging writing this book will make you fall in love with London all over again So come and experience London for yourself You won t be disappointed If you like this book Where to Go When Great Britain and Ireland DK Eyewitness, 2012-06-07 Whether you re after a stroll write a review through the woods in springtime a canoe safari on the Norfolk Broads a day at the caber tossing Highland Games or afternoon tea at a fancy hotel this book will lead you to the best holiday destinations and experiences Great Britain and Ireland have to offer Its easy to use season by season format and six themes History and Heritage Wildlife and Landscape Cities Towns and Villages Outdoor Activities Family Getaways and Festivals and Events make planning your time on these beautiful isles easier than ever Street Trees in Britain Mark Johnston, 2017-07-31 The trees which line many of the streets in our towns and cities can often be regarded as part of a heritage landscape Despite the difficult conditions of an urban environment these trees may live for 100 years or more and represent living history in the midst of our modern streetscapes This is the first book on the history of Britain's street trees and it gives a highly readable authoritative and often amusing account of their story from the tree lined promenades of the seventeenth century to the majestic boulevards that grace some of our modern city centers The impact of the Victorian street tree movement is examined not only in the major cities but also in the rapidly developing suburbs that continued to expand through the twentieth century There are fascinating descriptions of how street trees have helped to improve urban conditions in spa towns and seaside resorts and also in visionary initiatives

such as the model villages garden cities garden suburbs and new towns While much of the book focuses on the social and cultural history of our street trees the last three chapters look at the practicalities of how these trees have been engineered into concrete landscapes This includes the many threats to street trees over the years such as pollution conflict with urban infrastructure pests and diseases and what is probably the greatest threat in recent times the dramatic growth in car ownership Street Trees in Britain will have particular appeal to those interested in heritage landscapes urban history and the natural and built environment Some of its themes were introduced in the author's previous work the widely acclaimed Trees in Towns and Cities A History of British Urban Arboriculture
