Glossolalia Tongue Speaking In Biblical:

Glossolalia Frank Stagg, E. Glenn Hinson, Wayne Edward Oates, 1967 **Speaking in Tongues: The History of Glossolalia from Early Christianity to the 21st Century** Katherine Duke Johnson, 2019-03-07 Speaking in tongues has been a hot button topic for evangelicals for quite some time One side challenging the efficacy of its practice within churches today and the other side wholeheartedly embracing its practice as a standard for Spirit filled living The historical record of glossolalia is not without controversy The faithful believe that its inception stems from the book of Acts with the Holy Spirit descending upon faithful as fire While there is evidence that speaking with tongue was not confined to the day of Pentecost and existed both within and outside of the Jewish and Christian traditions alike However Pentecostals would say that this was not an authentic practice in earlier forms prior to the New Testament church With the emergence of Pentecostalism and the Charismatic Churches of the 21st century the question of biblical credence of glossolalia is one which clergy continue to grapple with and brings out deep feelings on both sides continualist and cessationist I Timothy 2:15 reads study to show our selves approved unto God a workman that doesn't need to be ashamed rightly dividing the word of truth He would only want us to study pray and have an open heart to whatever that practice reveals With that I believe that it is a worthwhile endeavor to test the viability of speaking in tongues within the framework of the continuity of its practice within history from early Christianity through the present The Bible illustrates several instances of speaking in tongues in the New Testament church If study of doctrine and history bears out that its practice continues through the present then it is plausible that the intent is that believers continue its practice in modern day church Conversely if the cessation of its practice in history and the biblical interpretation agrees then the cessationist view is plausible Again God is not unnerved by any question but our finite understanding gives Him the opportunity to provide Himself strong omnipotent and omniscient for all the world to see

Speaking in Tongues - Glossolalia Raymond W. Bond, 2012-02-14 INTENSELY CONTROVERSIAL This tough and gritty book is straight from the trenches of the war over the Pentecostal phenomenon of Speaking in Tongues today Taking no prisoners the author takes on many of the most divisive aspects of the modern Speaking in Tongues phenomenon No punches are left out and no side on this very controversial subject are safe from this scalding book of insights The book points out some startling misuses and abuses that need to be considered when determining if Tongues are for Christians today This book is a must for those who think they have heard it all from all sides on this issue but feel unsatisfied In it is presented some unusual thoughts radical approaches and new understanding of the topic of Tongues Though not a Biblical study this book shares some very unorthodox personal insights to the subject As coarse as it is towards conventional understandings of Tongues this book does not condemn the practice just the presumptions Pentecostals will be surprised how there actually is more to Tongues than meets the ears Conservative Christians will be stunned at how frank the discussion is regarding Speaking in Tongues The overall tone is one of getting one's act together whichever side you land on the issues of Tongues

Such points are made that if you are going to practice Speaking in Tongues at least know what you are doing and be aware of how God treats the phenomenon One thing is for certain You have never heard many of these thoughts before Whether you love or hate this book no doubt you will have some new things to consider regarding Speaking in Tongues today Considering how explosively controversial this book is I call it Shock and Awe for today s Pentecostal Excerpt s from the book The Pentecostal mindset at best is to have pity on those not Filled with the Spirit or statements like It s their loss I can t say I ve ever heard a Pentecostal say it was a loss to the Body of Christ or the ministry of Holy Spirit Many claim ecstatic experiences near death experiences or other religious and unusual phenomenon such as an awareness of a presence spiritual visions unusual vocalizations etc But stimulating the temporal lobe regions of the human brain with mild magnetic current can artificially induce many of those phenomena The atheist Michael Persinger has produced some fascinating research with his so called God Helmet The results of several brain scan studies concluded Speaking in Tongues did not involve the speech areas of the brain The precise area affected was unclear in its purpose but I believe the act of Speaking in Tongues privately in particular reflects a pliable mental state similar to deep meditation The repetitive sounds certainly resemble the practice of chanting but seem more deliberate Regardless of its veracity Speaking in Tongues is perceived by many outside Pentecostal circles as an object receiving excessive attention possibly qualifying as an icon of idolatry as others outside Orthodoxy consider images of Mary and saints as such Though considered irrelevant by many sacrilegious by others the audio qualities of Speaking in Tongues have been evaluated in modern times from a scientific perspective It is apparent to me Speaking in Tongues in general is best understood as stimulus such as a kitten kneading massaging its mother s breast to encourage milk production That is to say expressions of Speaking in Tongues are submissive postures before God stimulating the grace of God to actively fall I have witnessed the mentally ill Speak in Tongues as a frightening manifestation of demonic activity while the same person and same audible sounds while under the Anointing of the Holy Spirit spoke praises to God

Tongues Richard Hogue, 2010-04-06 Every critic who desires to deny the validity of modern tongue speech must develop a scheme to destroy Paul s teaching Through the centuries there has been a wide variety of answers regarding the validity and veracity of speaking praying and singing in tongues and its place within the life of the Christian and the Church What is it Is speaking in tongues such a radically supernatural experience that language is totally unknown or is it as some have contended actual human languages that are simply unknown to the speakers Several have believed it to be the language of heaven or at least from heaven Others have declared it to be ecstatic unintelligible utterances that require a highly charged emotional moment to experience Should each Christian pray and sing in tongues or is it reserved for a special few deeply spiritual ones Did Jesus pray in tongues These questions and more are answered by author and pastor Richard Hogue in *Tongues A Theological History of Christian Glossolalia* His academic approach begins by firmly establishing biblical evidence before launching a chronological connect the dots exercise through Christian history The design revealed is the

undeniable influence of the Holy Spirit From Saul of Tarsus to John Wesley from Pentecost to Azusa Street Richard Hogue follows the gift of tongues and clearly draws a picture of today's role of the Holy Spirit in Tongues A Theological History of Christian Glossolalia Glossolalia: The Gift of Tongues Dr. Nathan Ogan, 2016-05-23 If I speak in the tongues of men or of angels but do not have love I am only a resounding gong or a clanging cymbal 1 Corinthians 13:1 NIV

Glossolalia and the Problem of Language Nicholas Harkness, 2021-03-19 Speaking in tongues also known as glossolalia has long been a subject of curiosity as well as vigorous theological debate A worldwide phenomenon that spans multiple Christian traditions glossolalia is both celebrated as a supernatural gift and condemned as semiotic alchemy For some it is mystical speech that exceeds what words can do and for others it is mere gibberish empty of meaning At the heart of these differences is glossolalia's puzzling relationship to language Glossolalia and the Problem of Language investigates speaking in tongues in South Korea where it is practiced widely across denominations and congregations Nicholas Harkness shows how the popularity of glossolalia in Korea lies at the intersection of numerous often competing social forces interwoven religious legacies and spiritual desires that have been amplified by Christianity's massive institutionalization As evangelicalism continues to spread worldwide Glossolalia and the Problem of Language analyzes one of its most enigmatic practices while marking a major advancement in our understanding of the power of language and its limits

Speaking in Tongues Herbert G. Bell, Jr., Reverend Herbert G. Bell Jr, 2009-07 Speaking in Tongues follows the quest of Reverend Herbert Bell Jr to find out the Biblical truth about speaking in tongues Throughout his book he uses various biblical and pastoral sources to determine the origins of the practice of speaking in tongues His biblical resource is the New King James Version of the bible from which he has also drawn all of the scriptures used in the book He examines the writings of John Wesley Dr Curtis Hutson and James M Frye to weigh their response to the practice of speaking in tongues In John Wesley he finds a voice who just wants his congregation to be able to understand his message Like Wesley he has endeavored in this book to present the material in a manner so that all who read it may understand and profit from its content As he delves more deeply into the writings of Hutson and Frye he finds two theologians who also share his view of speaking in tongues With that as a basis Reverend Bell decided to search the Scripture for himself so that he would learn what God required of him as he worshipped Him in Spirit and in Truth

The Speaking in Tongues Controversy Rick Walston, 2005-09-27 What others are saying As an AG minister I was especially interested in Dr Walston's discussion of this topic I found his arguments lucid biblical exegetical and convincing Rev Kevin Potts Ph D Candidate Chaplain Dr Walston has thrown a big wrench into my tongues as evidence doctrinal gears I am now working through what I thought was a foundational doctrine that I also thought was settled long ago This book should be required reading for people on both sides of this issue Dr Denny

Nissley AG minister Director of Christ in Action Ministries Many books and articles have been written in defense of speaking in tongues as the unmistakable physical evidence of the Baptism in the Holy Spirit Through his careful and thorough analysis of the Pentecostal texts in the Book of Acts Dr Walston is challenging this view This book is beyond doubt one of the most thought provoking analyses on this theme I have ever read Nils Olov Nilsson Th D Swedish Missionary and Theologian with the Swedish Pentecostal Movement **Speaking in Tongues** Robert Lindfelt,2019-01-03 This 21 page booklet covers the essentials for understanding speaking in tongues its benefits and how to do it It is an ideal and affordable publication to share with people about this dynamic manifestation of the spirit **Speaking in Tongues** Timothy Laurito,2021-10-26 Speaking in Tongues explores the phenomenon from a multidisciplinary approach Uncover how speaking in tongues can be logically defended from various fields of study and be proven to be an essential spiritual practice for Christians today Through this unique Spirit inspired act practitioners are offered a powerful mode of communication with God that is transformational Discover the answer to questions like these Does a Lukan theology of speaking in tongues support an initial physical evidence position What are the Pauline frameworks for how speaking in tongues should operate in the church How does speaking in tongues practically benefit the practitioner Can speaking in tongues stand up against psychological sociological and linguistic scrutiny Did speaking in tongues cease from church history Take a deep dive into the phenomenon of speaking in tongues to learn how a multidisciplinary perspective can empower the practitioner to understand and defend this distinctive practice in fresh ways *The Power Of Tongues* Chris Oyakhilome PhD.,2005-03-02 In this book Pastor Chris Oyakhilome teaches you the what how and why of speaking in other tongues and reveals the immense benefits it holds for you as a New Testament believer in Jesus Christ You will also learn about Tongues Interpretation of tongues and Prophecy The difference between Praying in Your Understanding and Praying in Tongues **New Testament Teaching on Tongues** Merrill F. TONGUES VOLUME 2: GENUINE BIBLICAL LANGUAGES David A Swincer,2016-03-01

UNIQUE This is the only known construct to demonstrate the true gift of languages together with interpretation as a composite gift showing its source purpose and operation This unique construct demonstrates all the biblical criteria in particular the source in God Trinitarian as for ALL gifts the ministry to the church as for ALL the gifts its relevance today in spite of arguments to the contrary the fact that it has never been abrogated at any time its method of operation that can be independently validated and thereby protect its operation from abuse its purpose as an unambiguous sign of God's judgement and displeasure with unpersuaded believers in the church hence a gift for the church

[The Earliest View of New Testament Tongues](#) Maurice E. Vellacott,2024-11-11 This book is a groundbreaking paradigm shifting look at the languages tongues problem of the first century AD Corinthian church It adduces that in a multilingual setting new converts were expressing themselves in their native dialect without translation where Koine Greek was not yet overriding all regional dialects This cuts against the idea that tongues were supernatural earthly languages an idea not found before AD 160 Vellacott also argues against the view that tongues were heavenly languages as claimed by Pentecostals Charismatics This he says is a novel trend started about 145 years ago by German higher critical scholars and seized upon after the 1906 15 Los Angeles Azusa Street Revival's supposed supernatural earthly languages proved to be a mirage whereupon a redefinition to heavenly angelic non earthly languages occurred This book soundly establishes the credibility of an ancient third view regarding tongues that they were non supernatural learned earthly languages The author endeavors to demonstrate that this is the earliest known Christian interpretation of New Testament tongues languages

[Removing the Mystery from Tongues](#) William O. Farmer,2006-05-03 The information contained in this book is needed by every Christian It is Bible centered and designed to benefit both pastor and layman alike It is clear and to the point If you are uncertain concerning the Tongue movement in the church today this commentary will lead you down the biblical path to honest truth

TONGUES VOLUME 1: CONFUSED BY ECSTASY David A Swincer, 2013-12-21 The focus of this study is upon ecstasy as the confusing antecedent of Corinthian glossolalia Most commentators accept ecstasy as the most significant characteristic of the Corinthian Christian glossolalic phenomenon This assumption is questioned in this research because it needs to be clarified It is contended that ecstasy is the confusing element because it was characteristic of the contemporary Corinthian mystery religious practice and that that background was carried into the Corinthian church thus colouring Paul's treatment of the subject It is not to be seen as an essential element of glossolalia Most commentators agree that the glossolalic phenomenon in the Acts is different from that at Corinth What then is a valid charismatic glossolalia It is contended that the Acts draws attention to the only authentic cases and they are three of glossolalia in the Bible The book of First Corinthians gives a corrective to an abuse with no clear authentication of a gift Paul gives guidelines necessitated by the background of religious ecstasy Hence instead of proposing ground rules for a valid spiritual expression it becomes apparent that First Corinthians is giving a restrained corrective against an abuse of contemporary culture that masqueraded as an authentic Christian experience It is ecstasy that is the confusing element to this picture It should be added that the Acts experiences speak of valid one stage linguistic phenomena whilst the gift to the church in 1 Corinthians is clearly a two stage phenomenon Bergsma reflecting on the repetitious and almost daily insignificant sic revelations of modern glossolalists believes that they are misguided or presumptuous It is like the Himalayan Mountain in obstetrical labour and producing a mouse The preoccupation and emphasis is out of all proportion to the minimal benefits derived and indeed the mischief it generates The overall significance of the study is to provide a basis for authenticating a valid glossolalic expression and all this comes from the foundation of the test case in Corinth which in turn is dependent upon an understanding of ecstasy in the antecedent Mystery Religions of Corinthian contemporary society Dr Clifford Wilson himself a prolific author urged Whatever else happens you must publish the historic material there are very few people who have any idea of the true background of glossolalia within their denominations *The Glossolalia Phenomenon* Charles W. Conn, 1966 It is abundantly evident that there is widespread and sincere interest in the baptism of the Holy Ghost with the accompanying manifestation of tongues in the world today It is equally evident that there is an urgent need for clarification so that those interested in the subject may know the viewpoint of a people that have embraced this teaching and experience for many years The Glossolalia Phenomenon is a book with multiple purposes The purposes are apparent in light of 1 the confusion surrounding the subject in this day 2 the evidence of increasing interest being shown in glossolalia and 3 the need for undistorted scriptural guidance to those who are new in the Pentecostal way This book contributes to a better understanding of this apostolic doctrine by establishing a reservoir of sound scriptural historical and empirical information on the subject of speaking in tongues Publisher description
