Gerson B. Levi,2007-10-01 The fragments of the Massoretic text of the Bible that are gnomic in character though some of them have been incidentally noted by the commentators have never been collected The attempt is here made therefore to gather as many as could be recognized and accounted gnomic When the mass is collected and examined it serves it is believed to make a new historical background for the larger canonical and post canonical books of the gnomic series from the Introduction

Gnomic Literature in Bible and Apocrypha Gerson Benedict Levi,2015-07-19 Excerpt from Gnomic Literature in Bible and Apocrypha With Special Reference to the Gnomic Fragments and Their Bearing on the Proverb Collections The fragments of the Massoretic text of the Bible that are gnomic in character though some of them have been incidentally noted by the commentators have never been collected The attempt is here made therefore to gather as many as could be recognized and accounted gnomic When the mass is collected and examined it serves it is believed to make a new historical background for the larger canonical and post canonical books of the gnomic series Being in many cases the products of popular speech and dealing with subjects and in terms unused by the literary men poets prophets and pragmatic historians these fragments possess a vocabulary comparatively rich in hapax legomena The comparative study of these fragments will moreover prove that the dates for the beginnings of literary activity in old Israel must be placed further back as against the current notion and tendency to bring down and to postpone the rise of the literary craft At least the discussion of the passages in Amos in particular and the fragments and quotations in Hosea is aimed to show that the gnomic literature must be presumed to have been in a flourishing condition and to have been possessed of forms hitherto assumed to have been late in origin before the day of the earliest literary prophets Besides a preprophetic prophetic school there was also a preprophetic gnomic school and the literary prophets drew materials and forms from both schools The form that by the

commentators is everywhere made prima facie evidence of lateness of composition is here shown to be of necessity one of the very early forms About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works University of Pennsylvania Bulletin University of Pennsylvania,1910 **Bloch's Book**
