Gnostic Empire Strikes Back An Old Heresy For The New Age:

The Gnostic Empire Strikes Back Peter Jones, 1992 **The Gagging of God** D. A. Carson, 2009-09-01 The Gold Medallion Award winning book that presents a persuasive case for Christ as the only way to God in light of contemporary religious pluralism A great majority of social commentators attempting to define modern Western culture land on a common characteristic pluralism This isn't unique to secular culture Many modern approaches to Christian hermeneutics or biblical interpretation have given credence to contemporary pluralism What began as a refreshing restraint and humility in modern theology has fallen more and more into irresoluteness It's no secret that the contemporary challenges to Christianity are complex and serious Yet far from simple fear mongering or cultural warmongering **The Gagging of God** takes a hard look at the background and intricacy of pluralism postmodernity and hermeneutics and equips thoughtful Christians to have intelligent culturally sensitive and passionate fidelity to the gospel of Jesus Christ In his contemplative even handed approach Carson provides a structure of Christian thought capable of facing the philosophies of today and piercing their surface It invites Christians to grapple responsibly with urgent questions of biblically grounded theology spirituality and the defining lines of Christianity along with its range of challenges from without and within **The Gagging of God** offers an in depth look at the big picture shows how the many ramifications of pluralism are all parts of a whole and provides a systematic Christian response Biblical Counsel , 1993 **Christ and Culture Revisited** D. A. Carson, 2012-01-31 Called to live in the world but not to be of it Christians must maintain a balancing act that becomes more precarious the further our culture departs from its Judeo Christian roots How should members of the church interact with such a culture especially as deeply enmeshed as most of us have become In this award winning book now in paperback and with a new preface D A Carson applies his masterful touch to that problem After exploring the classic typology of H Richard Niebuhr with its five Christ culture options Carson offers an even more comprehensive paradigm for informing the Christian worldview More than just theoretical **Christ and Culture Revisited** is a practical guide for helping Christians untangle current messy debates about living in the world

The New Inquisitions Arthur Versluis, 2006-07-27 The only book of its kind **The New Inquisitions** is an exhilarating investigation into the intellectual origins of totalitarianism Arthur Versluis unveils the connections between heretic hunting in early and medieval Christianity and the emergence of totalitarianism in the twentieth century He shows how secular political thinkers in the nineteenth century inaugurated a tradition of defending the Inquisition and how Inquisition style heretic hunting later manifested across the spectrum of twentieth century totalitarianism An exceptionally wide ranging work **The New Inquisitions** begins with early Christianity and traces heretic hunting as a phenomenon through the middle ages and right into the twentieth century showing how the same inquisitional modes of thought recur both on the political Left and on the political Right The Making of the New Spirituality James A. Herrick, 2004-12-02 James A Herrick offers an intellectual history of the New Religious Synthesis examining the challenges it poses to Judeo Christian tradition

demonstrating its sources and manifestations in contemporary culture and questioning its acceptance in church and society

The God of Sex Peter Jones, 2006 A placard carried in the San Diego Gay Parade said it all He's your God They're your rules You go to Hell Clearly there is no longer any commonly held ultimate authority So merely quoting Bible verses at gays and other sexual sinners to prove they are immoral is equally unsuccessful if not destructive For the sake of our young people for the sake of our churches for the sake of society and our world Christians must understand the connection of spirituality and sexuality if we are to communicate relevantly to our postmodern culture Jones gives an objective honest appraisal of contemporary sexual trends and puts them up against God's clear and beautiful design for sex as a spiritual expression Features and Benefits Helps Christians break out of typical parameters to help them understand and relevantly engage the culture Nonbelievers will find this book objective and non-offensive fairly representing postmodern worldviews Thorough index and bibliography makes this book a powerful resource tool

Understanding New Religious Movements John A Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible

Enoch and the Giants Victor Lindsay Hill, 2024-02-02 Enoch and the Giants by Victor Hill is a book that operates on several levels For sure this will be of great interest to academics of the subject but Victor Hill's book is also a read which acts as a modern parable

functioning on a simpler level with a message for us all Enoch and the Giants is a modern day epic with commentary on heaven and earth of truly biblical proportions which will have as much appeal on a secular level as it will to disciples of the Bible Translated directly from the original the author is meticulous with his footnotes and referencing which act in tandem to provide commentary on and insight to the text It is a revelation and almost a poetic story with a rhythm and meter all its own A truly epic read

The Other Worldview Peter Jones,2015-06-24 A must read for every concerned American and especially for every Christian who weeps at the graveside of his culture R C Sproul A cataclysmic change has occurred as our culture has shifted toward belief in Oneism Every religion and philosophy fits into one of two basic worldviews Oneism asserts that everything is essentially one while Twoism affirms an irreducible distinction between creation and Creator The Other Worldview exposes the pagan roots of Oneism traces its spread throughout Western culture and demonstrates its inability to save For bodily holiness and transformed thinking we depend entirely on one amazing thing the incredibly powerful message of the Gospel to a sinful world which is the ultimate expression and goal of Twoism The only hope is in Christ alone

Stolen Identity Peter Jones,2005-12 In his newest work Jones confronts the Gnostic idea of Jesus and contrasts it with the true biblical person of Jesus Through this treatise author Peter Jones shows readers that Our Savior can be personally known

Bioethics and Medicine C. Ben Mitchell,2025-09-01 In Bioethics and Medicine A Short Companion C Ben Mitchell challenges the prevailing view of bioethics as solely a matter of expert problem solving Instead he argues that the ethics of medicine is deeply rooted in an ancient profession with a rich moral heritage

Bonhoeffer Down Under Ian Packer,Gordon Preece,2012-08-30 If Protestants had saints Dietrich Bonhoeffer martyred under Hitler on April 9 1945 just days before the Allies reached his concentration camp would be one of the first canonised Not just his unsought martyr s death but his life s movement from privilege to growing identification with the suffering his courageous return from the safety and beckoning success of the US to Germany his work with the Confessing Church and more controversially with the underground resistance in the plot to assassinate Hitler all argue his case for canonisation Bonhoeffer is among ten twentieth century martyrs above the Great West Door at Westminster Cathedral where their portraits of ten tell more about the artists and their age than the saint and theirs the movement of their lives and the movements they belonged to or founded This is certainly true of Bonhoeffer and the Church of his anguished age This collection of essays is from Down Under for with the exception of the paper by UK theologian Keith Clements are all the papers are by writers who live and work in the southern hemisphere They include former Australian Prime Minister Kevin Rudd South African theologian John de Gruchy and a number of Australian writers These include papers by historian John Moses and theologians Gordon Preece Brian Rosner Bruce Barber Max Chamption and Neil Holm Kevin Rudd writes in this volume that Bonhoeffer is without doubt the man I admire most in the history of the twentieth century He was a man of faith He was a man of reason He was never a nationalist always an internationalist For tormented twenty first century humanity Bonhoeffer is still one of our best guides to that new

Perspectives on New Religious Movements John A. Saliba, 2016-10-06 This book provides a dispassionate analysis of new religious movements charting their growth and examining them from a variety of perspectives sociological psychological legal and theological Saliba then questions whether or not membership harms those who join these new movements and assesses the charge that they brainwash their adherents **Atheism?** Stephen E. Parrish, 2019-05-06 Does atheism have a monopoly on reason and science Many think so or simply assume so Atheism challenges the many hidden assumptions that have led to the popular belief that atheism is the default position for explaining reality Delving into the most basic and fundamental questions of existence this thought provoking book explains that atheism does not and cannot provide a secure foundation for thought and life Specifically it demonstrates that atheistic theories cannot explain the existence of an ordered universe the conundrums of consciousness and knowledge or why there is morality or beauty Rather than being the result of reason atheism is shown to be in effect a revolt against reason If you enjoy pondering the most basic issues that confront us in our world today then *Atheism* is the book for you
