GNVQ Construction And The Built Environment:

Intermediate GNVQ Construction and the Built Environment Des Millward, Kemal Ahmet, Jeff Attfield, 2014-09-15
GNVQ Construction and the Built Environment Intermediate provides essential coverage of the general skills knowledge and understanding required for the four mandatory units in the Intermediate GNVQ. The book covers all the underpinning knowledge the student needs to know to satisfy the evidence indicators of the course and this is reinforced by worked examples, short answer questions as well as some more detailed assignments. This second edition has been revised in line with the 1997 content revision. Each chapter is written around the specifications of one unit and includes brief introduction, key areas covered by the chapter, list of key learning objectives drawn from the performance criteria, key terms picked out in bold type and included in glossary, student tasks interspersed throughout the text, improved integration of key skills. While the text is primarily designed to satisfy the requirements of the Intermediate GNVQ course, it can also be used as a reference source at Foundation level.
