#### Go When You See The Green Man Walking:

**Go when You See the Green Man Walking** Christine Brooke-Rose,1970 Late Modernism and the Avant-Garde British Novel Julia Jordan, 2020-03-24 In the decades following the immediately postwar period in Britain a loose grouping of experimental writers that included Alan Burns Christine Brooke Rose B S Johnson and Ann Quin worked against the dominance as they saw it of the realist novel of the literary mainstream Late Modernism and the Avant Garde British Novel reassesses the experimentalism versus realism debates of the period and finds a body of work engaged with rather than merely antagonistic towards the literary culture it sought to renovate Charting these engagements it shows how they have significance not just for our understanding of these decades but for the broader movement of the novel through the century This volume takes some of the claims made about experimental fiction that it is unreadable nonlinear elliptical errant plotless and reimagines these descriptors as historically inscribed tendencies that express the period s investment in the idea of the accidental These novels are interested in the fleeting and the fugitive in discontinuity and shock The experimental novel cultivates an interest in methods of representation that are oblique attempting to conjure the world at an angle or in the rear view mirror by ellipsis or evasion These concepts error indeterminacy uncertainty accident all bear a relation to that which evades or resists interpretation and meaning Asking what are the wider political ethical and philosophical correlates of this incommensurability Late Modernism and the Avant Garde British Novel reads experimental literature in this light as suffused with anxiety about its adequacy in the light of its status as necessarily imitative and derivative and therefore redolent of the forms of not knowing and uncertainty that mark late modernism more generally Abstraction in Post-War British Literature 1945-1980 Natalie Ferris, 2022-03-29 In a catalogue note for the 1965 exhibition Between Poetry and Painting at the Institute of Contemporary Arts the poet Edwin Morgan probed the relationship between abstraction and literature Abstract painting can often satisfy but abstract poetry can only exist in inverted commas Language may be fragmented rearranged or distorted abstract in so far as it is withdrawn from a particular system of knowledge but Morgan was of the mind that to be wholly disruptive was to deprive a poem of its point as an object of contemplation Whilst abstract art may have come to fulfil or or fortify an impression of post war taste abstraction in literature continued to be treated with suspicion But how does this speak to the extent to which Britain's literary culture was responsive to progress compared to its artistic culture Abstraction in Post War British Literature 1945 1980 traces a line of literary experimentation in post war British literature that was prompted by the aesthetic philosophical and theoretical demands of abstraction Spanning the period 1945 to 1980 it observes the ways in which certain aesthetic advancements initiated new forms of literary expression to posit a new genealogy of interdisciplinary practice in Britain At a time in which Britain became conscious of its evolving identity within an increasingly globalised context this study accounts for the range of Continental and Transatlantic influences in order to more accurately locate the networks at play Exploring the contributions made by individuals such as

Herbert Read Ian Hamilton Finlay and Christine Brooke Rose as well as by groups of practitioners It brings a wide range of previously unexplored archival material into the public domain and offers a comprehensive account of the evolving status of abstraction across cultural institutional and literary contexts *Verbivoracious Festschrift Volume One:* Christine Brooke-Rose,2015-05-16 The flagship issue f tes Christine Brooke Rose one of the most innovative voices of the twentieth century whose fiction plays challenging games with form and structure using grammatical constraints multiple languages and a dicing of genre styles and theoretical discourses as an integral component of her novels Brooke Rose is among an unfortunate revue of writers whose work is fading out of print rarely part of critical or academic discussion This 320 page issue contains creative and critical responses to her fiction theory and criticism written with an eye to the general literary reader unfamiliar with her output but with enough homage parody imitation and analysis to excite her devoted fan base
