Francis H. Horn

Go Forth Be Strong Advice And Reflections From Commencement Speakers:

Go Forth, be Strong Francis H. Horn, 1978 The twenty seven commencement addresses by twenty five distinguished college and university presidents brought together here provide an extraordinary sampling of the social history of our time and an inspiring expression of faith in the future Perhaps in no other period have we experienced as violent a tidal wave of swift moving and bewildering events as one of the commencement speakers whose utterances are included in this interesting collection puts it as we have during the period covered by this report from the student riots at Berkeley in 1964 to the economic recession of the mid 1970s Hence the thoughts and expressions of our intellectual leaders take on new significance First as Francis H Horn the editor of the volume points out their addresses comprise an important sampling of social history of the time and are well worth studying This unique book is the first of its kind Second the speakers are men and women who in most cases have spent their entire adult lives working in colleges and universities Frequently their most important and formal statements were made on their own or on other campuses and have not been preserved until now Only three of the addresses included here have been published previously Third the traditional exhortation to the graduates to somehow find the wisdom will and courage to solve what appear to be almost insolvable problems provides the larger framework for the extraordinary expression of faith on the part of these educational leaders in the ultimate ability of human beings to make a better world in which to live Now when the national morale is at a low ebb when hopelessness or at least apathy about the future is characteristic of our time it should prove refreshing perhaps even inspiring to read these addresses which do not minimize the nation's problems or the difficulties of the human condition but which express a cautious optimism about their solution **I Gotta Tell You** Matthew Wayne Seeger, 1994 The book concludes with speeches delivered on special occasions such as commencements and the celebration of the Statue of Liberty when Iacocca donned the role of celebrity and statesman **Wittenberg: An American College** William A. Kinnison, 2008-09-23 Half of all the colleges founded before the Civil War did not survive Wittenberg did This is the story of a college on the Ohio frontier that sought to Americanize millions of German immigrants and to Americanize the German Lutheran Church In spite of that Wittenberg was caught in the anti foreign prejudice of Nativists who feared the influence of immigrants on American institutions The school prospered after the Civil War as America embraced German culture from classical music to the Christmas tree The school again faced prejudice in the anti German furor of World War I Simultaneously this is the story of students and faculty coping with the pressures of a nation going from the poverty of the rural frontier to the wealth of an urban industrial society and how they and Wittenberg changed **Catalog of Copyright Entries, Fourth Series** Library of Congress.
