God Between Their Lips Desire Between Women In Irigaray Bronte And Eliot:

God Between Their Lips Kathryn Bond Stockton, 2022 This book explores desire between women as a form of spiritual materialism in writings by Luce Irigaray Charlotte Bront and George Eliot To begin with the study s underlying paradox spiritual materialism the author wishes to understand why the act of grasping materialities a sob in the body or the body itself has so often required a spiritual discourse why materialism as a way of naming matter on its own terms and material relations that still lie submerged hidden from view evoke the shadowy forms we call spiritual God Between Their Lips

Kathryn Bond Stockton, 1994 Connecting the cultural domains of religion sex and work this book encompasses aspects of feminist theory post structuralist materialisms Victorian thought and two prominent 19th century women s novels Charlotte Bront s *Villette* and George Eliot s *Middlemarch* to understand desire between women as a form of spiritual materialism

Feminist Interpretations of Martin Heidegger Nancy J. Holland, Patricia Huntington, 2010-11-01 The 14 essays included in this collection illustrate the ways in which feminist readings can deepen understanding of Heidegger s philosophy They illuminate both the richness and the limitations of the resources Heidegger s work can provide for feminist thought

Literature and Medicine in Nineteenth-Century Britain Janis McLarren Caldwell, 2004-11-18 Although we have come to regard clinical and romantic as oppositional terms romantic literature and clinical medicine were fed by the same cultural configurations In the pre Darwinian nineteenth century writers and doctors developed an interpretive method that negotiated between literary and scientific knowledge of the natural world Literary writers produced potent myths that juxtaposed the natural and the supernatural often disturbing the conventional dualist hierarchy of spirit over flesh Clinicians developed the two part history and physical examination weighing the patient s narrative against the evidence of the body Examining fiction by Mary Shelley Carlyle the Bront s and George Eliot alongside biomedical lectures textbooks and articles Janis McLarren Caldwell demonstrates the similar ways of reading employed by nineteenth century doctors and imaginative writers and reveals the complexities and creative exchanges of the relationship between literature and medicine **Secrecy**

and Disclosure in Victorian Fiction Leila Silvana May, 2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria s coronation to the century s end May argues that the works of writers such as Charlotte Bront William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the

dialectics of secrecy and disclosure May s theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel s thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman s claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May s study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian

Self/Same/Other Heather Walton,Andrew Hass,2000-03-01 This collection of essays explores the way our notions of self other subjectivity gender and the sacred text are being re visioned within contemporary theory These new ways of conceiving create upheavals and radical shifts that rework our understanding of philosophical psychological political sexual and spiritual identity allowing us to trace the fault lines regulatory forces exclusions and unmarked spaces both within our selves and within the discourses that attend these selves As such revisionings break down borders and the encounter of literature and theology becomes a crucial focus for these explorations as the self learns to resituate its own being creatively vis a vis others and ultimately the Other

O Mother, Where Art Thou? Julie Kelso,2016-06-16 According to Kelso the Book of Chronicles silences women in specific ways most radically through their association with maternity Drawing on the work of two feminist philosophers Luce Irigaray and Michelle Boulous Walker she argues that we may discern two principal strategies of silencing women in Chronicles disavowal and repression of the maternal body In its simplest form the silencing of women takes place through both an explicit and implicit strategy of excluding them from the central action Largely banished from the central action they are hardly able to contribute to the production of Israel s past On a more complex level however women are most effectively silenced through their association with maternity because the maternal body is both disavowed and repressed in Chronicles The association of women with maternity along with the disavowal and repression of the maternal body as origin of the masculine subject effects and guarantees the silence of the feminine enabling man to imagine himself as sole producer of his world These strategies of silencing the feminine need to be understood in relation to the relative absence of women from the narrative world of Chronicles Kelso argues that Chronicles depends on the absence and silence of women for its imaginary coherence This argument is enabled by Irigarayan theory But more importantly Kelso suggests that Irigaray also offers us a viable mode not method of reading writing listening and speaking as woman whatever that might mean in relation to the so called origins of western culture specifically the Hebrew Bible or Old Testament She argues that Irigaray enables a not only rigorous feminist critique of patriarchy and its many texts but also somewhat more charitably a mode of reading that enables women to read the past differently seeking out what remains to be discovered especially the forgotten future in the past

Charlotte Brontë from the Beginnings Judith E. Pike,Lucy Morrison,2016-09-19 Composed of serialized works poems

short tales and novellas Charlotte Brontë's juvenilia merit serious scholarly attention as revelatory works in and of themselves as well as for what they tell us about the development of Brontë as a writer This timely collection attends to both critical strands positioning Brontë as an author whose career encompassed the Romantic and Victorian eras and delving into the developing nineteenth century's literary concerns as well as the growth of the writer's mind As the contributors show Brontë's authorship took shape among the pages of her juvenilia as figures from Brontë's childhood experience of the world such as Wellington and Napoleon transmuted to her fictional pages while her siblings' works and worlds both overlapped with and extended beyond her own

Seeing Into the Life of Things John L. Mahoney, 1998 As the discourse of contemporary cultural studies brings questions of race nationality and gender to the center of critical attention nowadays there is a strong sense that religious or perhaps religious experience should command the attention of the academic and wider reading community Seeing into the Life of Things is a response to that need By combining the theoretical and the practical this book serves as both a pioneering scholarly contribution to a developing field and a valuable guide for those who read reflect on and discuss points of intersection of religion and literature The contributors to this pioneering study represent a range of voices and viewpoints some of them established leaders in their fields others in the process of becoming new leaders E Dennis Taylor Joseph Appleyard Philip Rule John Boyd and Jane and Charles Rzepka work toward the development of a discourse that can take its place with discourses that have developed around a New Historicism and Feminism Robert Kiely Stephen Fix Keven Van Anglen J Robert Barth Richard Kearney Henry Louis Gates Jr Judith Wilt John L Mahoney David Leigh Melinda Ponder John Anderson and Michael Raiger offer more focused approaches to writers as varied as Gerard Manley Hopkins Katherine Lee Bates Flannery O'Connor Wallace Stevens T S Eliot and Seamus Heaney and to special genres like spiritual autobiography and film

Between Women Sharon Marcus, 2009-07-10 Women in Victorian England wore jewelry made from each other's hair and wrote poems celebrating decades of friendship They pored over

magazines that described the dangerous pleasures of corporal punishment. A few had sexual relationships with each other, exchanged rings and vows, willed each other property and lived together in long-term partnerships described as marriages. But as Sharon Marcus shows, these women were not seen as gender outlaws. Their desires were fanned by consumer culture, and their friendships and unions were accepted and even encouraged by family, society, and church. Far from being sexless angels defined only by male desires, Victorian women openly enjoyed looking at and even dominating other women. Their friendships helped realize the ideal of companionate love between men and women celebrated by novels, and their unions influenced politicians and social thinkers to reform marriage law. Through a close examination of literature, memoirs, letters, domestic magazines, and political debates, Marcus reveals how relationships between women were a crucial component of femininity. Deeply researched, powerfully argued, and filled with original readings of familiar and surprising sources, *Between Women* overturns everything we thought we knew about Victorian women and the history of marriage and family life. It offers a new paradigm for theorizing gender and sexuality not just in the Victorian period but in our own.

What Is Sexual Difference? Mary C. Rawlinson, James Sares, 2023-06-06

Luce Irigaray has written that sexual difference is one of the major philosophical issues of our age. Spanning metaphysics, phenomenology, and psychoanalysis, her work examines how sexual difference structures being and subjectivity, organizes our experience of the world, and affects the images and discourses involved in knowledge production and practical action. No other philosopher has paid such careful attention to the consequences of the elision of sexual difference in philosophical thought. However, at a time when notions of sexual and gender difference are hotly contested, Irigaray's thought has often been dismissed as essentialist or reductively binary. This book brings together leading scholars to consider the philosophical implications of Irigaray's writing on sexual difference, particularly for issues of gender and race. Their essays directly confront the charge of essentialism, exploring how Irigaray's thought opens new possibilities for understanding the complexity of gender identities, including nonbinary and trans experiences, as well as alternative configurations of masculinity and femininity. Though Irigaray is sometimes accused of a failure to appreciate racial difference, contributors show the productive role of her work in thinking race. This book also illuminates how Irigaray's work provides creative practices that help realign human experience and our relations with nature and each other.
