God and Reason Ed. LeRoy Miller, 1972 For courses in the Philosophy of Religion taught in either Philosophy or Religious Studies departments This book provides a concise introduction to the main ideas and issues in philosophical theology While covering a wide range of classic and contemporary perspectives the text stresses a historical approach focussing primarily on the development of philosophical theology in the Judeo Christian tradition God and Reason Eddie Leroy Miller, 1972 A Philosophical Theology of the Old Testament Jaco Gericke, 2020-01-08 Are we able to identify and compare the philosophical perspectives and questions that must be postulated as having been somehow present in the language ideas and worldviews of the Biblical authors This book sets out an approach to something that has been generally considered impossible a philosophical theology of the Old Testament It demonstrates and addresses the neglect of a descriptive and comparative philosophical clarification of concepts in Old Testament theology and in so doing treads new ground in Biblical studies and philosophical theology Recognizing the obvious problems with and objections to any form of interdisciplinary research combining philosophical and Biblical theology this study presents itself as introductory and experimental in nature The methodology opted for is limited to a philosophical clarification of concepts already found in Old Testament theology while the findings are presented via the popular thematic approach found in analytic philosophical theologies with no attempted justification or critique of the textual contents under investigation These approaches are combined by primarily looking at the nature of Yahweh in the Old Testament This book offers a new vision of Biblical and philosophical theology that brings them closer together in order that we might understand both more broadly and deeply As such it will be vital reading for scholars of Theology Biblical Studies and Philosophy **Creation, Catastrophe & Calvary** John Templeton Baldwin, 2000 In this scientific age what difference does it make whether I believe the world was created in six literal days and that the world was destroyed by a global flood In answering these questions Creation Catastrophe and Calvary shows how these beliefs are related to key issues such as the forgiveness of our sins and Sabbath observance Foreword Introduction Meet the Authors An Angel's Worldview The Days of Creation in Genesis 1 A Second Creation Account Biblical Evidence for the Universality of the Genesis Flood The Grand Canyon and the Genesis Flood The Geologic Column and Calvary The Rainbow Connection Implications for an Evangelical Understanding of the Atonement Evolution A Theory in Crisis The Role of Creation in Seventh day Adventist Theology Science and Theology Focusing the Complementary Lights of Jesus Scripture and Nature **The Metaphysics of Religion** Michael S. historical circumstances Blaga's philosophy has not become known outside of his own country although within Romania it continues to be read and discussed Were it to become known outside of Romania Blaga's philosophy could provide interesting contributions to contemporary philosophical discussions The thesis of this book is that Blaga's philosophy can make valuable contributions to contemporary Anglo American philosophy In order to support this thesis Blaga's philosophical system is explained in detail so that the reader may see how it can be applied to a variety of philosophical issues philosophy of religion in order to demonstrate that it can contribute to contemporary Anglo American discussions Michael S Jones is Assistant Professor of Philosophy at Liberty University God, Revelation and Authority: God Who Speaks and Shows (Vol. 2) Carl F. their parallelism with Middle Platonic commentaries on Plato's theory of cosmological origins in the *Timaeus*. Just as Christian thinkers sounded out the theological implications of Gn 1:1-2, the successors to Plato's Academy debated the significance of his teaching *Tim.* 28b that the world came to be. The fact that both *Genesis* and the *Timaeus* address the beginning of all things served as a means of bridging the conceptual gap between the Greek philosophical tradition and a Christian perspective rooted in scriptural teaching. Plato's *Timaeus* and the doxographies it inspired thus provided early Fathers of the Church with the dialectical resources for explicating their distinctive understanding of creation as a bringing into being from nothing.

Scaling the Secular City J. P. Moreland, 1987-02-01 This volume offers up to date arguments for God's existence and for Jesus's deity and resurrection answers to objections to Christian theism and discussions of four key issues.

Journal of the History of Philosophy, 1975 [A Handbook of Theology](#) Dr. Daniel L. Akin, David S. Dockery, Nathan A. Finn, Christopher W. Morgan, 2023-04-01 In *A Handbook of Theology* editors Daniel Akin, David Dockery and Nathan Finn select nearly fifty contributors in the Baptist and evangelical heritage to lay a biblically informed foundation of a Christian theology for students, pastors and church leaders. This volume surveys six parts of theology foundations: Part 1 types of theology; Part 2 history and geography; Part 3 Christian doctrine; Part 4 the Christian life; Part 5 and theology and culture; Part 6 Each author centers their theological topics in the Scriptures while also being Trinitarian, Christ-centered, Spirit-enabled and mission-focused. The *Theology for the People of God* series is edited by David S. Dockery, Nathan A. Finn and Christopher W. Morgan.

[Yearning for Form and Other Essays on Hermann Cohen's Thought](#) Andrea Poma, 2006-02-20 A collection of papers this volume deals with different aspects of Cohen's thought: ethical, political, aesthetic and religious aspects in particular. It represents attempts to follow the ubiquitous presence of certain important themes in Cohen and their capacity for containing meanings that cannot be limited to a single philosophical sphere.

[Hegel: Lectures on the Philosophy of Religion](#) Georg Wilhelm Friedrich Hegel, 2007 Theological, cultural and epistemological issues of the time. The *Concept of Religion* sets forth a speculative definition of religion and discusses the experience, concept, knowledge and worship of God.

[A History of Philosophy](#) Anthony Carroll, Frederick Copleston, 2025-02-13 A history of philosophy from the origins of reason in Ancient Greece to the most influential philosophers working today. This long-awaited single volume companion to Frederick Copleston's historic 11 volume series is a must-have for any aspiring philosopher. Frederick Copleston's 11 volume *A History of Philosophy* has been the go-to reference for philosophers and students for decades. It is universally recognized as a classic and sits on the shelf of countless leading thinkers today. This companion to Copleston's landmark work contains clear and succinct analyses of the major events and texts in philosophy, exploring the foundational principles and ideals that drove the development of Western thought. It grapples with the sometimes complex views and teachings of the greatest minds in philosophy, explaining their work with clarity and elegance. An accessible journey through this epic and deeply human history.

Carroll succinctly condenses Copleston's thought while expanding on contemporary and world philosophy. From the early teachings of Socrates to the medieval philosophies of Christian Europe, the Enlightenment, and the radical arguments of the Existentialists, Carroll adeptly explores the common threads and themes that have united all rational enquiries into the fundamental nature of reality. *Absolute in History, The* Kasper, Walter, 2018. Walter Kasper explains that the interest of theology has been broken off by idealistic thinking and advocates a new discussion between theology and idealism of the fundamental importance of the theology of the twentieth century.
