Edgar Cayce in Context K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their

recipients as much as Cayce's personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective *Integrating Brain, Mind, Soul, and Spirit* Eric John Parkins,2025-04-29 Referring to major spiritual traditions transpersonal psychology neuropsychology neuroscience and modern physics this book identifies and systematically integrates core ideas concerning psychospiritual development Integrating Brain Mind Soul and Spirit presents neuropsychological research on psychedelics with reference to mystical experience and Psi extrasensory perception as an extension of cognitively controlled brain based homeostasis The book equates concepts from modern physics with perennial metaphysics concerning intelligent consciousness evolution and the transfer of energy and information It also compares spiritual literature regarding consciousness spirit soul and brain mind personality to neuropsychological and psychological literature concerning emotion cognition and altered states of consciousness Finally a nested neuro psycho spiritual control hierarchy is presented as an architecture for systematically integrating describing and understanding brain mind soul and spirit and neuro psycho spiritual development Providing a modern multidisciplinary perspective and highlighting implications for psychiatry psychotherapy and education this book is a must read for students and researchers of transpersonal psychology psychospiritual matters and altered states of consciousness *Becoming a Channel of Creativity and Inspiration* Henry Reed,2014-09-03 Whether you call it channeling spiritual intelligence inspiration creativity or intuition we humans have available to us a level of awareness and intelligence that exists prior to any external education yet benefits from all your learning This unique book describes many grounded and practical ways consistent with research in scientific psychology of developing a relationship with this human potential all within a spiritual or transpersonal philosophy that assumes that the purpose in life is for us to learn how to share our gifts and thereby come into an awareness of our essence as Creator *Silencing Satan* Sharon Beekmann,Peter G. Divination Through the Ages Ellen Wallace Douglas, 2012-09-04 Ancients traveled far and paid handsomely to hear the sibyls and oracles channel wisdom from the gods The Holy Bible writes of many prophets and seers but divination by ordinary people was strongly prohibited As a result mediums and psychics have since been laughed at ostracized and even burned at the stake But always there have been some people who persisted in believing in spirit communication secretly We must take a sober and realistic view of divination in the times ahead but openly and publicly This book will help you to understand divination for its true value Listening to the spirit world is our only hope for a world of peace **By Candlelight** Janina Renée, 2004 2005 Coalition of Visionary Resources COVR 2nd Runner Up in Spirituality category The simple act of bringing light to darkness is a moving and meaningful way to create sacred space celebrate joyous occasions and find solace in times of loss Candle rites are also a time honored way to bestow blessings upon loved ones or focus energy on any wish or intention that you may have Warm and wise *By Candlelight* is the most complete guidebook to candle rituals available Within these pages are eighty seven beautifully crafted rites for a wide variety of common concerns large and small From a rite for evoking the good in others to summoning personal willpower there are rituals for both the public and private spheres of life along with prayers blessings meditations affirmations visualizations and ceremonial actions Suggestions are included for

using color and fragrance home altars and other approaches to enhance and personalize your candle rites *Rethinking Religion in the Theatre of Grotowski* Catharine Christof, 2017-03-27 This book opens a new interdisciplinary frontier between religion and theatre studies to illuminate what has been seen as the religious or spiritual nature of Polish theatre director Jerzy Grotowski's work It corrects the lacunae in both theatre studies and religious studies by examining the interaction between the two fields in his artistic output The central argument of the text is that through an embodied and materialist approach to religion developed in the work of Michel Foucault and religious studies scholar Manuel Vasquez as well as a critical reading of the concepts of the New Age a new understanding of Grotowski and religion can be developed It is possible to show how Grotowski's work articulated spiritual experience within the body achieving a removal of spirituality from ecclesial authorities and relocating spiritual experience within the body of the performer This is a unique analysis of one of the 20th Century's most famous theatrical figures As such it is a vital reference for academics in both Religion and Theatre Studies that have an interest in the spiritual aspects of Grotowski's work **The Spirit Within** Paul Pacific, 2012-04-27 The Spirit Within is a treasure map that will illuminate a path for the reader to travel on an inner journey of spiritual self discovery It is not our physical self that was created in the image and likeness of God but our Soul or Spirit Within Learning how to connect with your Spirit Within or True Self is a treasure far beyond any riches you could ever imagine Get quiet focus within and ask yourself Is this book for me You will know the answer from a subtle feeling or knowing within you Whether you choose to read on or not as long as you are heeding the advice or your own Spirit Within you can never lose your way True intuition is a brief consciously aware connection with God through your Spirit Within IT is never wrong True Inspiration is the consciously aware ability to access and maintain this same connection at deeper levels and for longer periods of time Great Masters of all disciplines demonstrate this connection at the highest of levels Anyone who performs at a much higher level than their peers have a deeper or stronger level connection Within compared to those below them There are many levels and durations of this connection some are stronger or deeper than others Occasionally someone will display a once in a lifetime feat or performance never to be duplicated by them again Everyone has this innate ability within themselves When someone learns how to access this connection at deeper levels miracles can and DO happen Each and every one of us can consciously learn how to develop and use this God force because we are eternally connected to IT As an inspirational and motivational speaker Paul Pacific relays all true dramatic encounters and profound moments from tears of joy and sadness to circumstances which witnesses stated bordered on the miraculous From a variety of personal stories the latest scientific evidence and a host of other well documented areas the author explains how and why we are Spiritual Beings choosing to have a human being experience Paul also presents simple and practical guidelines on how to personally and consciously connect to your own Spirit Within [Books Out Loud](#) ,2007 **The Secret of Inner Presence** Lin Lipetz, 2012-04 The Secret of Inner Presence begins with author Lin Lipetz's story of her spontaneous spiritual awakening in

1986 Her spiritual awakening created an immediate awareness of a loving Inner Presence within her heart and a connection to another higher level of peace contentment and greater knowledge She now knows that Inner Presence waits patiently to manifest itself within each person and much of The Secret of Inner Presence is about providing the keys to bring about that shift in consciousness As each of the eleven keys is practiced and experienced the transformation toward a more complete understanding of the core self will gradually evolve through the loving guidance of the conscious Universe One of the eleven keys opens the way to intuitively listen to the many voices that will assist in this transformation of the core self through healing new insights dreams problem solving and caring advice Another key opens the way to deepen intuitively to the level of receiving messages from the Universe and possibly finding the guides that have been available since birth This process is called Stream of Consciousness writing and the powerful dialogues and inspirational poems the author has received in this way for many years are found in each chapter Chapter by chapter each of the eleven keys is presented by both the spiritual Universe and the author to help guide the reader to a higher dimension of the self *Channeling* Jon Klimo, 1998-04-17 In this study of channeling earlier called spirit communication or mediumship Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of channeling like clairvoyance and automatic writing According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide
