Edith And The Evil Spirits:

Edith and the Evil Spirits Edith Hafeman,1991 Edith Leslie. A Novel Edith Leslie,1844 Edith Leslie Edith Leslie (fict.name.),1844 Evil, Spirits, and Possession David L Bradnick,2017-08-28 In *Evil Spirits and Possession An Emergentist Theology of the Demonic* David Bradnick develops a multidisciplinary view of the demonic using biblical theological social scientific and philosophical scientific perspectives Building upon the work of Pentecostal theologian Amos Yong this book argues for a theology informed by emergence theory whereby the demonic arises from evolutionary processes and exerts downward causal influence upon its constituent substrates Consequently evil does not result from conscious diabolic beings rather it manifests as non personal emergent forces that influence humans to initiate and execute nefarious activities Emergentism provides an alternative to contemporary views which tend to minimize or reject the reality of the demonic and it retains the demonic as a viable theological category in the twenty first century The Living Philosophy of Edith Stein Peter Tyler,2022-12-29 Studying with Husserl in G ttingen becoming a Carmelite nun and finally meeting her death in Auschwitz the multifaceted life of Edith Stein 1891 1942 is well known But what about her writing Have the different aspects of her scholarship received sufficient attention Peter Tyler thinks not and by drawing on previously untranslated and neglected sources he reveals how Stein s work lies at the interface of philosophy psychology and theology Bringing Stein into conversation with a range of scholars and traditions this book investigates two core elements of her thinking From Nietzsche to Aquinas psychoanalysis to the philosophy of the soul and even the striking parallels between Stein s thought and Buddhist teaching Tyler first unveils the interdisciplinary nature of what he terms her spiritual anthropology Second he also explores her symbolic mentality Articulating its poetic roots with the help of English poetry and medieval theology he introduces Stein s self named philosophy of life Considered in the context of her own times *The Living Philosophy of Edith Stein* unearths Stein s valuable contributions to numerous subjects that are still of great importance today including not only the philosophies of mind and religion but also social and political thought and the role of women in society By examining the richness of her thinking informed by three disciplines and the tumultuous first half of the twentieth century Tyler shows us how Edith Stein is the guide we all need as we seek to develop our own philosophy for life in the contemporary world
