Educational Competition The Story Of The University Interscholastic League Of Texas:

Educational Competition Roy Bedichek, 1956 This book contains the most thorough examination of competition as an educational force that has yet appeared It is far more than the history of the University Interscholastic League it is an intelligent and consistent evaluation of rivalry as a motivating force in education and of interscholastic competition as a means of turning to advantage the strong competitive urge present in most human beings front flap of dust jacket

Writing the Story of Texas Patrick L. Cox, Kenneth E. Hendrickson, Jr., 2013-03-01 The history of the Lone Star state is a narrative dominated by larger than life personalities and often contentious legends presenting interesting challenges for historians Perhaps for this reason Texas has produced a cadre of revered historians who have had a significant impact on the preservation some would argue creation of our state's past An anthology of biographical essays *Writing the Story of Texas* pays tribute to the scholars who shaped our understanding of Texas's past and ultimately the Texan identity Edited by esteemed historians Patrick Cox and Kenneth Hendrickson this collection includes insightful cross generational examinations of pivotal individuals who interpreted our history On these pages the contributors chart the progression from Eugene C Barker's groundbreaking research to his public confrontations with Texas political leaders and his fellow historians They look at Walter Prescott Webb's fundamental innovative vision as a promoter of the past and Ruthe Winegarten's efforts to shine the spotlight on minorities and women who made history across the state Other essayists explore Llerena Friend delving into an ambitious study of Sam Houston Charles Ramsdell courageously addressing delicate issues such as racism and launching his controversial examination of Reconstruction in Texas Robert Cotner an Ohio born product of the Ivy League bringing a fresh perspective to the field and Robert Maxwell engaged in early work in environmental history

The Ideology of Competition in School Music Sean Robert Powell, 2023 *The Ideology of Competition in School Music* explores competition as a structuring force in school music and provides critiques of that system from multiple philosophical and theoretical perspectives Competition is seen by many music teachers students and supporters as natural and inevitable a taken for granted aspect of music education or an irresistible force rather than a choice This book uncovers this ideological nature of competition and examines its effect on student learning teacher agency and equity within music education It considers ways in which music educators might reconsider the role of competition in their teaching practice and offers alternative frameworks for organizing school music In this book author Sean Robert Powell views competition as a microcosm of the wider neoliberal capitalist society in which subjects are interpellated in an antagonistic competitive field as market logic dictates a system of accountability reduction and audit culture Music teachers students and education administrators consciously and unconsciously reinforce replicate and sustain the competitive structure even if they do so while expressing a cynical disavowal Powell considers competition broadly including for example formal competitions between schools in which ensembles are given numerical scores and ranked festivals in which groups are given ratings based on pre given criteria

state regional and national honor ensembles hierarchical arrangements within school music programs or simply the pursuit of social prestige reputation and ever higher performance standards Although the book provides examples from the competitive landscape of school music in the United States and especially Texas considered a hyper example of competitive culture Powell s analyses and discussions are relevant to readers in any context around the world Although the degree to which competitive achievement as an explicitly stated aim of instruction varies from program to program and location to location the realism of neoliberal capitalism and its effect on all aspects of education is a global phenomenon *The Rise of American High School Sports and the Search for Control* Robert Pruter,2013-08-29 Nearly half of all American high school students participate in sports teams With a total of 7 6 million participants as of 2008 this makes the high school sports program in America the largest organized sports program in the world Pruter s work traces the history of high school sports from the student led athletic clubs of the 1800s through to the establishment of educator control of high school sports under a national federation by the 1930s Pruter s research serves not only to highlight this rich history but also to provide new perspectives on how high school sports became the arena by which Americans fought for some of the most contentious issues in society such as race immigration and Americanization gender roles religious conflict the role of the military in democracy and the commercial exploitation of our youth *Texas High School Football Dynasties* Rick Sherrod,2013-08-06 Since the first annual state football champion was crowned in 1920 Texas has never been the same Today millions of Texans gather in stadiums across the Lone Star State eagerly awaiting that magical mid to late December moment when the season comes to its dramatic conclusion Of the 391 high schools reaching the championship matchup only a handful 26 have won the title four times or more laying claim to the coveted moniker dynasty From Waco High School s fourth title win in 1927 to Stamford s fourth official win in 2012 writer and lifelong football enthusiast Rick Sherrod traces the best of the best in this pigskin empire across ninety three action packed seasons **Three Men in Texas** Ronnie Dugger,2010-06-28 This book is a tribute to an incomparable triumvirate One was a naturalist one a historian and one a chronicler but each of them was each of these The manly love between them a handsome thing in times and places blighted by great ugliness and banality shone from them into their friends and contemporaries and they shared themselves freely with those younger than they who went to them wishing to learn from them Most of this collection of writing by friends of Roy Bedichek Walter Prescott Webb and J Frank Dobie originally appeared in special editions of the Texas Observer devoted to each of the three men Some pieces were however written expressly for this volume **The Roy Bedichek Family Letters** Roy Bedichek,Jane Gracy Bedichek,1998 Roy Bedichek 1878 1959 author of *Adventures with a Texas Naturalist* loved both reading and writing letters His daughter in law Jane Gracy Bedichek offers a selection of the Bedichek family correspondences which highlight Roy s talent for eloquently describing the natural world and additionally his entire family s rather remarkable epistolary skills Annotation copyrighted by Book News Inc Portland OR [Legendary Texas Storytellers](#) Jim Gramon,2002-10-29 Storytelling is alive and

well in Texas Let storyteller and biographer Jim Gramon give you a personal introduction to some of his legendary storytelling friends Texas Educational History ,1979 *The Complete History of Cross-Country Running* Andrew Boyd Hutchinson,2018-01-16 In *The Complete History of Cross Country Running* author Andrew Boyd Hutchinson captures the full history of cross country running from the early 1800s to the present day on both a national and international scale It includes chronicles of legendary teams inspirational tales of achievement controversies and interviews with record breaking runners past and present From Walter George and Alfred Shrubb to Steve Prefontaine Bill Rogers and Galen Rupp and everyone in between Hutchinson uncovers all angles via training logs discussions with coaches and the review of newspaper archives for race results and forgotten storylines He offers commentary from Olympians such as David Torrence and Shannon Rowbury amongst others Along the way the book addresses the following topics How cross country began in England How the sport found its way to American colleges and universities The birth of the International Cross Country Championships All the close events including the 2012 race between Molly Huddle and Sara Hall at the US National Cross Country Championship And so much more **2001** Francis Edward Abernethy,2001 Contains a sample of the research conducted by members of the Texas Folklore Society at the turn of the millennium as represented at the 1998 1999 and 2000 meetings **Seeking Inalienable Rights** Debra Ann Reid,2009 In essays scholars demonstrate that the history of Texans quests to secure inalienable rights and expand government protected civil rights has been one of stops and starts successes and failures progress and retrenchment **Fifty Years of Good Reading** University of Texas Press,2000 50 year since founding the University of Texas they have witnessed major evolutions in the world of publishing **Karankaway Country** Roy Bedichek,2010-06-28 Roy Bedichek spent most of his life working in the educational field in Texas but his main interest was always the great outdoors His first book *Adventures with a Texas Naturalist* was published when he was almost seventy and his second *Karankaway Country* appeared three years later Both were the result of a lifetime of exploring a beloved land of searching observation of discussion debate wide reading and reflection Long out of print *Karankaway Country* is now available in a handsome second edition with a new Foreword by W W Newcomb Jr *Karankaway Country* focuses on the natural history of a strip of coastal prairie lying roughly between Corpus Christi and Galveston and once inhabited by the poorly known and much maligned Karankawa Indians It serves as home base for an exposition of Bedichek s philosophy providing a convenient local setting for richly tailored essays on wildlife soil human skin and a variety of other topics suggested by a wide ranging intellect Bedichek s philosophy if it can be reduced to a few words is essentially that humans must learn to live on peaceful and conciliatory terms with our natural environment **Constitution and Rules for County, District, and State Contests in Debate, Declamation, Spelling, Essay Writing, Music Memory, Extemporaneous Speech and Athletics (varies Slightly)** University Interscholastic League (Tex.),1953 **The Alcalde** ,1998-05 As the magazine of the Texas Exes The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years The Alcalde serves as an
