**The Edwardian Temperament, 1895-1919** Jonathan Rose, 1986      **The Search for Selfhood in Modern Literature** M. Roston, 2001-09-05 The scientific achievements of the modern world failed to impress the leading writers of this century leaving them instead profoundly disturbed by a sense of lost values and of the insignificance of the individual in a universe seemingly indifferent to human concerns In *The Search for Selfhood in Modern Literature* Roston explores the strategies adopted by such mid century authors as Greene Salinger Osborne Baldwin and others in their attempt to cope with the spiritual vacuity strategies including the emergence of the anti hero and of literary existentialism and offer in the course of the investigation fascinatingly new insights into their work      *Animal Rights* Hilda Kean, 1998-08 In recent years Parliamentary debates protests against fox hunting and television shows have all focused on the way in which the British treat animals This book examines the cultural and social role of animals in Britain from 1800 to the present      **James Joyce and the Politics of Egoism** Jean-Michel Rabaté, 2001-08-13 In *James Joyce and the Politics of Egoism* first published in 2001 a leading scholar approaches the entire Joycean canon through the concept of egoism This concept Jean Michel Rabat argues runs throughout Joyce s work and involves and incorporates its opposite hospitality a term Rabat understands as meaning an ethical and linguistic opening to the other For Rabat both concepts emerge from the fact that Joyce published crucial texts in the London based review *The Egoist* and later moved on to forge strong ties with the international Paris avant garde Rabat examines the theoretical debates surrounding these connections linking Joyce s engagement with Irish politics with the aesthetic aspects of his texts Through egoism he shows Joyce defined a literary sensibility founded on negation through hospitality Joyce postulated the creation of a new utopian readership Rabat explores Joyce s complex negotiation between these two poles in a study of interest to all Joyceans and scholars of modernism      *The Literary Churchill* Jonathan Rose, 2014-05-27 An interesting and at times surprising account of Churchill s tastes as a reader many of these nuggets will be new even to Churchill junkies *The Wall Street Journal* This strikingly original book introduces a Winston Churchill we haven t known before Award winning author Jonathan Rose explores Churchill s careers as statesman and author revealing the profound influence of literature and theater on Churchill s personal carefully composed grand story and the decisions he made throughout his political life In this expansive literary biography Rose provides an analysis of Churchill s writings and their reception he won the Nobel Prize for Literature in 1953 and was a best selling author and a chronicle of his dealings with publishers editors literary agents and censors The book also identifies an array of authors who shaped Churchill s own writings and politics George Bernard Shaw H G Wells Margaret Mitchell George Orwell Oscar Wilde and many more Rose investigates the effect of Churchill s passion for theater on his approach to reportage memoirs and historical works Perhaps most remarkably Rose reveals the unmistakable influence of Churchill s reading on every important episode of his public life including his championship of social reform plans for the Gallipoli invasion command during the Blitz crusade for Zionism

and efforts to prevent a nuclear arms race Finally Rose traces the significance of Churchill s writings to later generations of politicians among them President John F Kennedy as he struggled to extricate the U S from the Cuban Missile Crisis Immensely enjoyable This gracefully written book is an original and textured study of Churchill s imagination The Washington Post

H.G. Wells: Another Kind of Life Michael Sherborne,2013-11-01 An unlikely lothario one of the most successful writers of his time a figure at the heart of the age s political and artistic debates H G Wells life is a great story in its own right When H G Wells left school in 1880 at 13 he seemed destined for obscurity yet he defied expectations becoming one of the most famous writers in the world He wrote classic science fiction tales such as The Time Machine The Invisible Man and The War of the Worlds reinvented the Dickensian novel in Kipps and The History of Mr Polly pioneered postmodernism in experimental fiction and harangued his contemporaries in polemics which included two bestselling histories of the world He brought equal energy to his outrageously promiscuous love life a series of affairs embraced distinguished authors such as Dorothy Richardson and Rebecca West the gun toting travel writer Odette Keun and Russian spy Moura Budberg Until his death in 1946 Wells had artistic and ideological confrontations with everyone from Henry James to George Orwell from Churchill to Stalin He remains a controversial figure attacked by some as a philistine sexist and racist praised by others as a great writer a prophet of globalization and a pioneer of human rights Setting the record straight this authoritative biography is the first full scale account to include material from the long suppressed skeleton correspondence with his mistresses and illegitimate daughter

Pubs and Patriots Robert Duncan,2013-09-04 This book considers the problem of excessive drinking and the drink crisis which apparently hindered the British war effort during the First World War

**Aftershocks** Susan Kingsley Kent,2008-11-27 Aftershocks studies how meanings of shellshock and imagery presenting the traumatized psyche as shattered contributed to Britons understandings of their political selves in the 1920s It connects the force of emotions to the political culture of a decade which saw extraordinary violence against those regarded as un English

**The Avant-garde in**

**Interwar England** Michael T. Saler, 1999 This book addresses modernism's ties to tradition, commerce, nationalism, and spirituality through an analysis of the assimilation of visual modernism in England between 1910 and 1939. Specifically, *The Avant Garde in Interwar England* explores the life of Frank Pick, managing director of the London Underground, whose patronage of modern artists, architects, and designers was guided by a desire to unite nineteenth-century arts and crafts with twentieth-century industry and mass culture. Author Saler demonstrates that modernism was widely associated in England with medievalism and was also thought to have direct social, economic, and spiritual benefits for the nation. Discipline and Power, 1995 An intellectual, cultural, and social analysis of the ways in which universities successfully transformed a set of values encoded in the concept of liberal education into a licensing system for a national elite. **Tessa Verney Wheeler**

Lydia Carr, 2012-04-26 This volume presents the biography of the archaeologist Tessa Verney Wheeler through an examination of her written work, archives, sites, and photographs, as well as through the memories of those who knew her. Through a discussion of the very personal life and work of one woman, Carr explores the role of women in early British archaeology. Modernism, Magazines, and the British avant-garde Faith Binckes, 2010-05-20 This book is a re-examination of the fertile years of early modernism immediately preceding the First World War. During this period, how, where, and under whose terms the avant-garde in Britain would be constructed and consumed were very much to play for. It is the first study to look in detail at two little magazines marginalised from many accounts of this competitive process: *Rhythm* and *The Blue Review*. By thoroughly examining not only the content but the interrelated networks that defined and surrounded these publications, Faith Binckes aims to provide a fresh and challenging perspective to the on-going reappraisal of modernism. Founded in 1911 and edited by John Middleton Murry with assistance from Michael Sadleir and subsequently from Katherine Mansfield, *Rhythm* and *The Blue Review* featured a series of pivotal moments: *Rhythm* was the arena for a challenge to Roger Fry's vision of Post-Impressionism; for the introduction of Picasso to a British audience; for early short stories and reviews by Lawrence; and for Mansfield's discovery of a voice in which to frame her breakthrough writing on New Zealand. A further context for many of these experiments was the extended and acrimonious debate *Rhythm* conducted with A. R. Orage's *New Age*, in which issues of the proper gender, generation, and formulation of modernity were debated month by month. However, reading magazines as vehicles for avant-garde development can only provide half the story. The book also pays close attention to their dialogic, reproductive, and periodical nature and explores the strategies at work within the terminology of the new. Crucially, it argues that they offer compelling material evidence for the consistently mobile and multiple boundaries of the modern and puts forward a compelling case for focusing upon the specificity of magazines as a medium for literary and artistic innovation. **Writers, Readers, and Reputations** Philip Waller, 2008 Philip Waller explores the literary world in which the modern best-seller first emerged, with writers promoted as stars and celebrities advertising both products and themselves. **Irish Novels 1890-1940** John Wilson Foster, 2008-02-21 Studies of Irish fiction are still scanty in contrast to

studies of Irish poetry and drama Attempting to fill a large critical vacancy Irish Novels 1890 1940 is a comprehensive survey of popular and minor fiction mainly novels published between 1890 and 1922 a crucial period in Irish cultural and political history Since the bulk of these sixty odd writers have never been written about certainly beyond brief mentions the book opens up for further exploration a literary landscape hitherto neglected perhaps even unsuspected This new landscape should alter the familiar perspectives on Irish literature of the period first of all by adding genre fiction science fiction detective novels ghost stories New Woman fiction and Great War novels to the Irish syllabus secondly by demonstrating the immense contribution of women writers to popular and mainstream Irish fiction Among the popular and prolific female writers discussed are Mrs J H Riddell B M Croker M E Francis Sarah Grand Katharine Tynan Ella MacMahon Katherine Cecil Thurston W M Letts and Hannah Lynch Indeed a critical inference of the survey is that if there is a discernible tradition of the Irish novel it is largely a female tradition A substantial postscript surveys novels by Irish women between 1922 and 1940 and relates them to the work of their female antecedents This ground breaking survey should also alter the familiar perspectives on the Ireland of 1890 1922 Many of the popular works were problem novels and hence throw light on contemporary thinking and debate on the Irish Question After the Irish Literary Revival and creation of the Free State much popular and mainstream fiction became a lost archive neglected evidence indeed of a lost Ireland

*The Transformation of the Psyche in British Primary Care, 1870-1970* Rhodri Hayward, 2014-02-25 Conflicting models of selfhood have become central to debates over modern medicine Yet we still lack a clear historical account of how this psychological sensibility came to be established *The Transformation of the Psyche in British Primary Care 1880 1970* will remedy this situation by demonstrating that there is nothing inevitable about the current connection between health identity and personal history It traces the changing conception of the psyche in Britain over the last two centuries and it demonstrates how these changes were rooted in transformed patterns of medical care The shifts from private medicine through to National Insurance and the National Health Service fostered different kinds of relationship between doctor and patient and different understandings of psychological distress *The Transformation of the Psyche in British Primary Care 1880 1970* examines these transformations and in so doing provides new critical insights into our modern sense of identity and changing notions of health that will be of great value to anyone interested in the modern history of British medicine

*Wyndham Lewis's Cultural Criticism and the Infrastructures of Patronage* Nathan O'Donnell, 2020 This is the first book length study of Wyndham Lewis's cultural criticism a valuable body of writing which posed questions that have yet to be answered about the role and status of the artist in a professionalised society and ultimately about the value economic civic political of the work of art

*Thomas Burke's Dark Chinoiserie* Anne Veronica Witchard, 2009 Focusing on Thomas Burke's bestselling collection of short stories *Limehouse Nights* 1916 Anne Witchard's interdisciplinary book contextualises the burgeoning cult of Chinatown in turn of the century London Witchard shows that Burke's immensely popular Chinatown stories destabilize social orthodoxies in highly complex

ways forcing us to rethink his influence on both sides of the Atlantic She shows that China and chinoiserie served as mirrors that reveal the disquietudes of western art and culture      **Queer Domesticities** M. Cook, 2014-04-29 Sissy home boys or domestic outlaws Through a series of vivid case studies taken from across the late nineteenth and twentieth centuries Matt Cook explores the emergence of these trenchant stereotypes and looks at how they play out in the home and family lives of queer men      *Philanthropy and the Construction of Victorian Women's Citizenship* Andrea Geddes Poole, 2014-02-05 British social reformers Emma Cons 1838 1911 and Lucy Cavendish 1841 1924 broke new ground in their efforts to better the lot of the working poor in London they hoped to transform these people s lives through great art music high culture and elite knowledge Although they did not recognize it as such their work was in many ways an affirmation and display of citizenship This book uses Cons s and Cavendish s partnership and work as an illuminating point of departure for exploring the larger topic of women s philanthropic campaigns in late Victorian and Edwardian society Andrea Geddes Poole demonstrates that beginning in the late 1860s a shift was occurring from an emphasis on charity as a private personal act of women s virtuous duty to public philanthropy as evidence of citizenly civic participation She shows that through philanthropic works women were able to construct a separate public sphere through which they could speak directly to each other about how to affect matters of significant public policy decades before women were finally granted the right to vote
