Effective Japanese Usage Dictionary:

Effective Japanese usage dictionary, 2001 日本語の基礎 Joyce Yumi Mitamura, Yasuko Kosaka Mitamura, 1997 This approach to learning the basic components of kanji demonstrates simply how a finite number of parts combine into a wide variety of characters Everyone agrees that it is possible to learn to speak Japanese in a reasonable amount of time but no one has ever said that about reading and writing it It is widely held that spoken and written Japanese require separate efforts by the student as if these two aspects were in fact distinct languages A first step toward alleviating this situation was taken by Yasuko Mitamura in 1985 with the publication of Let's **Essential Japanese Vocabulary** Akira Miura, 2013-08-20 This is a clear simple and compact guide to colloquial everyday Japanese Acquire basic proficiency in spoken Japanese A streamlined efficient approach Perfect for self learners or classroom use Includes kanji and kana Essential Japanese Vocabulary teaches all the Japanese grammar you need to speak and understand simple spoken Japanese It covers only what is essential which provides an efficient way for learners who have limited time to gain basic proficiency and begin to communicate naturally with Japanese language speakers Intended for both self study and classroom use the guide offers a practical course in colloquial Japanese but leaves aside forms that are unnecessary or little used as well as those that are more important for written Japanese In short chapters it helps the user understand the logic of Japanese grammar while its straightforward explanations and clear examples make learning as easy as possible The book includes a glossary of grammatical terms and an index as well as appendixes on Japanese pronunciation and verb conjugation In a focused and convenient approach Essential Japanese Vocabulary is an indispensable tool for beginners just starting to learn Japanese or a handy aid for more experienced learners who wish to refresh their knowledge ELexicography in the 21st Century : New Challenges, New Applications Sylviane Granger, 2010-06 The field of lexicography is undergoing a major revolution The rapid replacement of the traditional paper dictionary by electronic dictionaries opens up exciting possibilities but also constitutes a major challenge to the field The eLexicography in the 21st Century New Challenges New Applications conference organized by the Centre for English Corpus Linguistics of the Universit catholique de Louvain in October 2009 aimed to bring together the many researchers around the world who are working in the fast developing field of electronic lexicography and to act as a showcase for the latest lexicographic developments and software solutions in the field The conference attracted both academics and industrial partners from 30 different countries who presented electronic dictionary projects dealing with no less than 22 languages The resulting proceedings volume bears witness to the tremendous vitality and diversity of research in the field The volume covers a wide range span of topics including the use of language resources for lexicographic purposes in the form of lexical databases like WordNet or corpora of different types innovative changes to the dictionary structure afforded by the electronic medium in particular multiple access routes and efficient integration of phraseology specialised dictionaries e g SMS dictionaries sign language dictionaries automated customisation of dictionaries in function of users

Japanese Core Words and Phrases Kakuko Shoji, 2015-08-19 Some Japanese words and phrases even though they lie at the core of the language forever elude the student's grasp They are not explained satisfactorily in dictionaries or textbooks for the simple reason that they cannot be conveniently defined Japanese Core Words and Phrases brings these recalcitrants to bay The book is divided into two parts each of which is arranged in alphabetical order The first part is devoted to words indicating physical as well as psychological distance roughly equivalent to this that that over there and where but quite different in usage Physical distance is covered in most textbooks but psychological distance every student's nemesis is not The second part of the book covers a variety of idiomatic expressions many of which appear in Japanese proficiency tests Each entry word or phrase is not simply explained but exemplified in sentence form clarifying its meaning in the case of many students for the very first time Japanese Core Words and Phrases has a great deal to offer the beginning student and much to offer the intermediate student Little more can be asked of a book on the Japanese language Previously published in the Power Japanese series as Core Words and Phrases Things You Can't Find in a Dictionary

Using Japanese Synonyms A. E. Backhouse, 2016-06-16 Being a successful speaker of a given language involves control of the meaning and use of vocabulary items taking in their lexical content what phenomena they refer to combinatorial behaviour what items they occur with and situational characteristics e.g. as colloquial or formal terms This essential reference book provides clear information on these aspects for around three hundred groups of Japanese near synonyms supplemented by a wide range of authentic examples The result is a clear profile of the meaning and use of each item highlighting similarities and distinctions among neighbouring terms and expanding learners' lexical range The book is designed primarily for English speaking learners and the selection of groups and items and the overall treatment adopted reflects the author's extensive experience in teaching Japanese to English speakers Japanese forms and examples appear in both romanisation and Japanese orthography and the bilingual indexes allow readers to locate synonyms quickly and easily

Learning by Effective Utilization of Technologies Riichiro Mizoguchi, Pierre Dillenbourg, Zhiting Zhu, 2006 Based on the theme of the use of computers for supporting collaborative learning this book includes contributions that aim to bridge both research tracks the one focusing on interactions and the other on contents the pedagogical use of digital portfolios both for promoting individual reflections and for scaffolding group interactions

Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford, Marilyn Mullay, Priscilla Schlicke, Library Association, 1996 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials No rigid definition of reference is applied In addition to the expected bibliographies indexes dictionaries encyclopaedias and directories a number of important textbooks and manuals of general practice are included While the majority of the items are books Walford is a guide to reference material Thus periodical articles microforms online and CD ROM sources are all represented In this
