schools : teacher hiring, assignment, development, and retention Susanna Loeb, Demetra Kalogrides, Tara B  teille,2011 The literature on effective schools emphasizes the importance of a quality teaching force in improving educational outcomes for students In this paper we use value added methods to examine the relationship between a school s effectiveness and the recruitment assignment development and retention of its teachers We ask whether effective schools systematically recruit more effective teachers whether they assign teachers to students more effectively whether they do a better job of helping their teachers improve whether they retain more effective teachers or whether they do a combination of these processes Our results reveal four key findings First we find that more effective schools are able to attract and hire more effective teachers from other schools when vacancies arise Second we find that more effective schools assign novice teachers to students in a more equitable fashion Third we find that teachers who work in schools that were more effective at raising achievement in a prior period improve more rapidly in a subsequent period than do those in less effective schools Finally we find that more effective schools are better able to retain higher quality teachers though they are not differentially able to remove ineffective teachers The results point to the importance of personnel and perhaps school personnel practices for improving student outcomes Effective Teaching James Ko,Pam Sammons,Linda Bakkum,2013 Effective Teachers

Elaine K. McEwan-Adkins, 2008-07-16 The redoubtable Grandma this book is a sequel to Grandma Drove the Snowplow is at it again. After all her hard work collecting the town's garbage and plowing the roads, Grandma deserves a day off and what better day than Labor Day. All she has to do is sit back and enjoy a nice boat ride with her littlest grandson Billy while her sons catch the lobsters for the town Lobster Bake. But what happens when the waves get choppy, the fog rolls in, and all the boats are in difficulty? Can Grandma take the helm and get the lobsters back to shore in time? More great fun as our intrepid heroine is again placed at the center of small town life and in the middle of a local celebration.
