Ezra Meeker,2016-09-30 Just why I should write a preface I know not except that it is fashionable to do so and yet in the present case there would seem a little explanation due the reader who may cast his eye on the first chapter of this work Indeed the chapter Early Days in Indiana may properly be termed an introduction though quite intimately connected with the narrative that follows yet not necessary to make a completed story of the trip to Oregon in the early fifties The enlarged scope of this work narrating incidents not connected with the Oregon Trail or the Ox Team expedition may call for this explanation that the author s thought has been to portray frontier life in the Old Oregon Country as well as pioneer life on the plains to live his experiences of eighty five years over again and tell them in plain homely language to the end the later generation may know how the fathers lived what they did and what they thought in the long ago An attempt has been made to teach the young lessons of industry frugality upright and altruistic living as exemplified in the lives of the pioneers While acknowledging the imperfections of the work yet to parents I can sincerely say they may safely place this volume in the home without fear that the adventures recited will arouse a morbid craving in the minds of their children The adventures are of real life and incident to a serious purpose in life and not stories of fancy to make exciting reading although some of them may seem as such Truth is stranger than fiction and the pioneers have no need to borrow from their imagination Seattle Washington

Scott Leonard Keith,Paul Koch,2017-07-27 This collection of essays explores masculinity in an unsystematic way We ve found that the various ways we ve approached masculinity tend to fall into some broad and practical categories in our writing To be a man means to be free to be what God has already declared we are in Christ His saved and redeemed men A man is free we are free from sin death and the power of the devil Being free a man is then honored to work for his neighbor s good knowing that his closest neighbors are those whom God has placed closest to him in his life his family And just as a man speaks to and cares for his own so also does a man need to be spoken to and cared for at times He needs the mutual consolation of the brethren a brotherhood To put it simply a man needs good friends Over and over again we find praise for fun the love of good fellowship good drink and good smoke

Rethinking the Native Hawaiian Past Kanalu G. Terry Young,2014-02-25 This innovative study challenges scholars to rethink standard approaches to the study of Hawai ian history by proposing a Native centered historiography based on concepts derived from the Hawai ian language and oral traditions Historical approaches to traditional Hawai i have tended to focus on the Ali i Nui high chiefs as leaders of a stratified society and on the decisions they made in the context of the arrival of the haole foreigners This study traces the history of the Kaukau Ali i the chiefly servers who were the lesser ranked relatives of the high chiefs The Kaukau Ali i performed a variety of tasks ranging from childcare to redistributive service to the provision of battlefield support within this service relationship which structured the flow of daily life Kanalu Young himself a descendent of the Kaukau Ali i argues that the Native Hawai ian past can be better understood by approaches which are grounded in concepts derived from Native Hawai ian language and oral tradition By shifting the focus of historical study from the high chiefs to the chiefly servers new light is shed on the history of the traditional Hawai ian polity Bibliography Index Migration, Settlement, and the Concepts of House and Home Iris Levin,2015-11-19 How do migrants feel at home in their houses Literature on the migrant house and its role in the migrant experience of home building is inadequate This book offers a theoretical framework based on the notion of home building and the concepts of home and house embedded within it It presents innovative research on four groups of migrants who have settled in two metropolitan
