**Ein fliehendes Pferd** Martin Walser,Helmuth Kiesel,2002 Twee echtparen op vakantie aan het Bodenmeer trekken zoveel met elkaar op dat de verschillen in karakter en leefwijze tot een kritieke situatie leiden Uitgave met achtergrondinformatie over auteur en roman      **Søren Kierkegaard Literature, 1956-2006** Aage Jørgensen,2009 This bibliography on Søren Kierkegaard carries on the work of Jens Himmelstrup's international bibliography 1962 It collates everything written about Kierkegaard books contributions to edited collections and journals and also features an appendix of primary text editions and translations Discussion notes reviews etc are catalogued according to the items they refer to The bibliography contains more than 5 600 primary entries and is a testament to the expanding worldwide interest in the Danish philosopher It also remedies the deeply felt need for a collected overview of the extensive literature on Kierkegaard

**Seelenarbeit an Deutschland** ,2016-08-09 The last decade has undoubtedly been the most controversial in the long literary career of Martin Walser This volume presents a review of this career going far beyond short lived arguments to present an insightful overview of much of his work It considers not only major aspects of his writing covering both his literary beginnings and the most recent works but also different previously neglected features of his persona and his writing namely his activity as a university teacher and his art criticism In addition fruitful comparisons are made with other writers such as Proust Grass and Uwe Johnson At the same time recent controversies are also considered with major attention being paid to Walser's public speeches and those works of fiction which have been seen by some as demanding the end of German self recriminations over the Nazi past This volume is unique in that much space is devoted to both sides of the argument It will provide stimulating reading to all those interested in Germany and German literature      **Performing the Local and the Global** Jane Wilkinson,2007 This book explores the interplay between global and local influences in theatre festivals in the German speaking border region around Lake Constance Whilst opening up a fascinating yet under researched theatre region to academic study it also provides much needed empirical grounding for often vague theories of place globalisation and culture Do we really live in a shrinking world dominated by a homogenising global culture industry or are we experiencing the revival of local particularism To what extent is an apparently place dependent cultural form such as theatre affected by

the processes of cultural globalisation Through detailed analysis of theatrical case studies from Lake Constance and the application of an interdisciplinary theoretical framework this book begins to answer such important questions The empirical focus is on the defining features of the Lake Constance region the beautiful and often romanticised natural landscape of lake and mountains and the presence of the nation state borders which make this the crossroads of the German speaking world The author thus examines both open air summer theatre festivals such as the internationally renowned Bregenzer Festspiele and politically focused cross border theatre festivals such as the youth festival TRIANGEL     **After the Nazis** Michael H. Kater,2023-01-01 A wide ranging insightful history of culture in West Germany from literature film and music to theater and the visual arts After World War II a mood of despair and impotence pervaded the arts in West Germany The culture and institutions of the Third Reich were abruptly dismissed yet there was no immediate return to the Weimar period s progressive ideals In this moment of cultural stasis how could West Germany s artists free themselves from their experiences of Nazism Moving from 1945 to reunification Michael H Kater explores West German culture as it emerged from the darkness of the Third Reich Examining periods of denial and complacency as well as attempts to reckon with the past he shows how all postwar culture was touched by the vestiges of National Socialism From the literature of G nter Grass to the happenings of Joseph Beuys and Karlheinz Stockhausen s innovations in electronic music Kater shows how it was only through the reinvigoration of the cultural scene that West Germany could contend with its past and eventually allow democracy to reemerge     **Martin Walser, Ein fliehendes Pferd** Hans-Erich Struck,1988 Textnahe Interpretation der 1977 entstandenen Novelle Mit Unterrichtshilfen f r Lehrer
